MEN OF VISION Fleming 1904 Calvert · 1622 Completed in 1902, the Pacific Cable from Canada to Australasia formed a new and vital link between the Dominions. Father of this great achievement, Sir Sandford Fleming devoted a long life to Canada's development ... as engineer-in-chief of In 1904 FLEMING said: the Canadian Pacific Railway, pioneer of standard time, scientist, author and Chan-"Build up Canada" cellor of Queen's University.

In 1622 CALVERT said: "I came to build"

THREE HUNDRED YEARS ago Calvert, Man of Vision and founder of colonies in the New World, said: "My resolution is to build ... and prepare for the future."

In 1622 Calvert advised his early settlers to "Be partners. It is a good country . . . join in the good of it." Well may Calvert have foreseen Canada's great promise when he wrote: "Preserve unity . . . the land will yield us many things."

Famous 17th century English Statesman and Secretary of State to King James I, Calvert's ideals of unity have been shared by all men of vision since Calvert's time three centuries ago. Today . . . every Canadian can be a man of vision, and "the land will yield us many things."

The full measure of our stature as a nation depends upon unity of purpose. There is only one Canada for clear-headed Canadians.

Clear heads call for ... a United Canada
