ES, the Greeks have words for them. & have we, here in British Columbia. Nearly everyone insists on calling all asphalt shingles "Duroid' Shingles.

Mind you, the majority of the asphalt ship gles you see actually are Duroid, But of course, not all. Duroid is an exclusive trade name that appears on shingles made only

by Sidney Roofing. And they're made with a base of the best quality felt. That's why Duroid Shingles last longer than most. That's why they have such an enviable reputation, and that's why the name "Duroid" has become a household

word for roofing economy.

To be sure you're getting Genuine Durold Shingles for your home, look for the Sidney Seal of Quality on every bundle.
