#### BAGS TIMBER WOLF NEAR PRUDHOMME

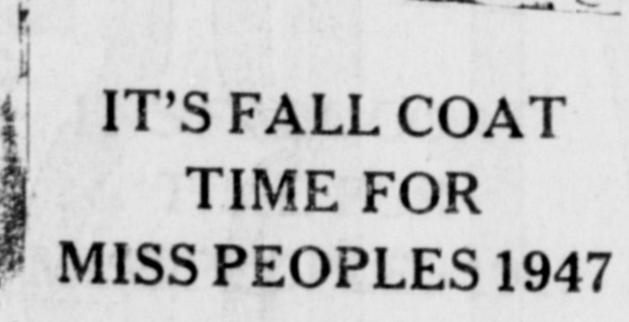

Alex Mah is richer today to the extent of \$25 as the result of proving his marksmanship on a large grey timber wolf, which he shot while on a hunting trip,

Alex Mah and Mah Chuck were driving along the road near road. Mah Chuck stopped the Jacquist, Edmonton; Miss Nancy car and Alex got out of the van with his 30-30 rifle. The wolf, ! however, dian't stop for execution on the road and took to the bush with Alex after him.

Perhaps it was curiosity that caused the wolf to stop after a short flight for Alex hadn't gone far when he got sight of his quarry and lined it up in the put the animal out of its misery say Cartage Company. Alex put another shot into it | City Engineer Howe estimates while it was on the ground.

The Retriever which is 174 feet long is expected to carry five sections a trip and if all three buildings are moved to Vancouver this way the scow will have to make at least three trips. One of Millerd's own boats will do the towing.

> The United Sates Fisheries Research Institution is very interested in knowing the whereabouts of some 15,000 salmon These particular fish can be easily identified if found for this summer the Institute adorned them with little white discs bearing a code number along with other information.

In all there were 25,000 salmon tagged by the Institute in Alaskan waters. Through commercial channels 8,000 have been recovered in Aaskan and British Columbia waters, which has been a great help to the Institute in determining the movements of his group of salmon while in
