HARVESTING UNDER WAY

Catching Up Now Following Recent Rains

WINNIPEG—The harvesting picture on the prairies is variable. Good weather has prevailed in southern Manitoba and harvesting is well under way, according to the weekly crop report of the department of agriculture of the Canadian National Railways. Elsewhere on the prairies cutting and combining are just getting under way again after having been delayed by the rains of last week. Yields in southern Manitoba are slightly less than anticipated and the grade is lower. In other sections of the prairies, yields are variable but slightly better than anticipated. The grade, however, will be low. The recent rains have improved the feed situation in the dry areas of Saskatchewan and Alberta. Harvest labor is in short supply in southern Manitoba but in other areas the number of men seems to be sufficient to meet the demand. All fruits are moving freely in the Okanagan this week as a result of another hot, dry week. Previous estimate of fruits and vegetables will be reached.

Captain Pullen Destroyer Chief

OTTAWA—The appointment of Captain H. F. Pullen O.B.E., R.C.N., as Captain D (Canadian Destroyer Flotilla) has been announced here. He is also named in command of the Canadian-built Tribal Class destroyer H.M.C.S. Nootka, both appointments effective September 6. Captain Pullen was born in Toronto and entered the Royal Naval College in 1920. His war service included command of the destroyers St. Francis and St. Laurent. He served as second in command of H.M.C.S. Uganda.

JONES ACT SUSPENSION IS HELPFUL

Considerable activity continues at the Riverside mine near Hyder, Alaska, in the production of gold, lead, silver and tungsten. Operations have been substantially increased through the recent Act of Congress at Washington allowing, by suspension of the Jones Act, ore shipments from American territories to the United States by Canadian vessels.

Reminiscences By W.J. and Reflections

To anticipate with delight the reopening of school after the annual vacation can no longer be considered a somewhat unusual emotion. It has, however, been discovered and right here in Prince Rupert. The rarity is a boy in the early teens and he kept counting the hours until holiday monotony drew to its dreary conclusion and the merry days of study and examinations, chalk, blackboards and pointers came on apace.

Did the people of Canada have a housing problem a century ago? Was everybody more or less hot and bothered? Of course, folks today are thinking of here and now, and not the dim past, yet the query is not without some interest. For that matter there always has been the question of shelter. Thousands of early settlers put up their own little log cabins and houses, packed in the water from nearest well or stream, made their own illumination by the candle route and, later on, discovered oil lamps. That made a sensation. Heigh Ho! Life was more simple then—perhaps. But at any rate, no one was haunted by atomic bombs.

HOOP STAR IS SHOT VICTIM

Thor Leding, 18-year old Ketchikan youth, well known in Prince Rupert athletic circles as a basketball player, having been for two years captain of the Kayhi team which has often visited this city, is dead in the Alaska city, victim of an accidental gunshot wound at a fish trap on Warburton Island near New Metlakatla. Bernard Johnson, ex-G.I. is charged with careless use of firearms in connection with the tragedy and is at liberty on \$1000 bond. The two youths were in their bunks in the trap house when Thor suddenly leaped from the upper bunk he occupied and exclaimed he thought he was shot. Johnson was in the lower bunk. Leding removed his shirt and had a wound in his right chest from a .22 bullet. The bullet had penetrated his body, emerging from his back. Johnson apparently gave first aid; placed Leding in the lower bunk and rowed the 16-foot trap skiff through "smoking" water to Metlakatla for help. A 25-mile wind was blowing at the time and Johnson was risking his own life in his row. Wendell Cordle, ANS agent at Metlakatla, was notified and the Annette Islands Canning Company tender Annette took a nurse, Mrs. Florence Miller, to the trap. She got there at 10 p.m. and found young Leding's body on the floor, one hand grasping a first aid kit. Leding's body was later taken to Ketchikan.

Baseball Double-Header Sunday

Unfavorable weather last evening caused the postponement of the continuation of the City baseball championship series between Savoy and Moose which will be renewed with a double-header—afternoon and evening games—on Sunday. With the second game on Tuesday declared no contest, the Savoy are now one up on the best three of five series.
