

NEPALESE ARRIVALS IN LONDON—The new Nepalese minister, Commanding-General Kaiser, who recently arrived in London with his wife and family, has a strong political background. He is the third son of a former prime minister of Nepal, and an elder brother of his immediate predecessor in London, General Shingfia. The Nepalese legation, which is at Kensington Palace Gardens, is the only diplomatic establishment in London where the womenfolk have strictly maintained purdah. But in view of the changes taking place this rule is likely to be lax. This picture shows Commanding-General Kaiser's small daughter being carried from the train on arrival at Euston station in London.

SHIPS AND WATERFRONT

Busy days are being experienced in the various Skeena River salmon canning plants on the Skeena River.

This is the height of the tourist travel. Steamers both ways have, as a rule, most of the accommodation taken up and often fares spoken for weeks ahead. Travel by highway and air is also active.

Dr. H. L. A. Tarr, of the Fisheries Research Board of Canada, speaking at Vancouver recently, said non edible by-products of fish are coming more into general use. Fish, he said, is being used as a source of synthetic egg white. He also reported that Japanese are said to have developed production of insulin from fish.

MINISTER OF FISHERIES ILL

The Minister of Fisheries, Hon. F. H. G. Bridges, found it necessary in Ottawa, this week, to go from his office to his bed, by doctors' orders.

CLEANING OUT ANYOX PLANT

All Materials and Equipment, Except Power Plant, Going to Anyox
On business in connection with the movement of materials from the former mine and smelting plant of the Granby Co. at Anyox which have been sold to the Steel Company of Canada and are now being shipped through Prince Rupert to the Steel Company of Canada at Hamilton, R. C. McCorkell, M.E., was a visitor to the city and Anyox this week.
Crews are now engaged in removing the steel and equipment, amounting to some ten thousand tons in scows from Anyox to Prince Rupert where it is loaded into rail gondolas for the trip East. The work is in charge of Albert Stone.
B.C. Resources Co. still holds an option on the power plant at Anyox and it was announced recently that it was intended to renovate and increase the capacity of same.

Railwaymen - Navy Win

6 Co-op and High School Defeated In Softball
With all four teams putting up a splendid brand of fastball, a big crowd at the popular Gyro Ball Park last evening saw Canadian National Recreation Association win from Co-op by a score of 5 to 1 and the Navy from High School 3 to 1. The win puts CNRA in a tie for the league leadership with General Motors.
In the first of a double bill the last place Navy team won from High School in a very closely fought out game by 5-1. Navy got their first run when Dumas hit a two-bagger and came home on Turner's single. Gurvich scored a second run in the fourth when Kennedy missed his long drive and he came home on Blain's safe hit. Turner crossed the plate in the fifth inning for the third run when he hit safely and came in on Groff's single. They had six men left on base.
The High School got their only run in the sixth when Hartwig doubled and came home when Kennedy got to first on an error. High School had eight men left on bases.
Parlett struck out two, walked three and allowed six hits. His team committed three errors. Wesch struck out four, walked one and allowed six hits. The students were guilty of two errors.

CNRA WIN FROM CO-OP
The second of the double bill was also hard fought. The Co-op got their only run in the sixth when Slater scored after he and Bellis had hit safely and Warren was walked. They had six men left on bases. Slater played a very heady game bringing off two neat bunts. He had two hits out of three times at bat. Pallister had two hits out of three times-up but was left on third base when his mates could not connect.

BUNTS

The Rule Book Is Consulted
He's out if he bunts on the third strike! Is he? The official FASTBALL RULES state, Rule 33, section 11, "A batsman is out if he bunts on his third strike. AND THE BALL GOES FOUL." What is the meaning of this? Well, if he bunts successfully it is a hit and, if he gets to first base, he is safe. If he misses the ball it is a strike, and, if the catcher misses it, he has a chance to make first base. If he hits it and it goes foul he is automatically out.
Evidently all the ball players, even some old-timers, do not know all the rules. Alex Bill, who incidentally did a very good job behind the plate in both games last evening, was quite correct when he allowed a player to go to first base. The bunt did not go foul.
And then out of curiosity the Official Rules on Baseball were consulted. The book states, "The batsman is out if (Sec. 9, rule 44) the third strike be called in accordance with sections 4 or 5 of Rule 42.
And Rule 42 is: Strikes—A strike is: Sec. 4. An attempt to bunt which results in a foul not legally caught.
Section 5 refers to a pitched ball at which the batsman strikes but misses and which touches any part of his person.
So even in baseball a player may bunt if the call is three balls and two strikes. If he hits the ball it is a hit. If he misses it, it is a strike. But if it goes foul and is not legally caught, he is still out.

WORLD'S SMALLEST ALL-METAL PLANE—The smallest metal airplane in the world is shown shortly before flight from a California airport. The 800-pound mid-wing monoplane, nicknamed the Cosmic Wind, was designed by a group of pilots and engineers in their spare time. It will be entered in a new event for smaller planes. Engineer Glen Fulkerson is getting into the tiny craft.

Goals were scored for the Sons of Canada by MacKintosh and Gray with two each and one in a scramble, the scorer being doubtful. The Elks' scorers were McLachlan, "Bumps" Oliver and Taylor with two.
