## McBride to Mount Robson Bus Route

William Cruickshank, district passenger agent, Canadian National Railways, returned to the city on Tuesday night's train from a trip to the interior as far as Jasper Park on official business. In the course of the trip, Mr. Cruickshank was taken on a drive for a distance of sixty miles from McBride to Mount Robson over the road which runs on the north side of the upper Fraser River across from the railway lines. The drive was made in a bus driven by Darrell Showar, McBride garage man, who is interesting himself in the possibility of commencing a bus service from McBride to Mount Robson for the special benefit of mountain sight-seers. There is an unexcelled view of majestic Mount Robson, mightiest of the Canadian Rockies, from this road.
