MUTUAL LEADER HONOURED

RICHARD SEPHTON

The Mutual Life of Canada has released its Honours List, recognizing Mr. Richard Sephton for outstanding service to his community in the Club Year recently closed. He has again qualified for membership in the Company's senior production group, the Quarter Million Club. Mr. Sephton had the distinction of being the third highest producer in the Company, and is member of the Executive Committee of the Club.

Qualification for Club membership requires not only the writing of a large volume of new business, but, more important, the writing from year to year of "quality" business, that is, life insurance that is continued in force. These two factors, combined with a high personal standard of confidential service to policyholders, earn for Mutual Life representatives membership in production clubs.
