

For Meatless Days

It is economy to let the butcher drive past once in a while.

Oxo Cubes take the place of butcher's meat in soups and savory dishes and open up a hundred and one dainty ways of using up today what was left over from yesterday.

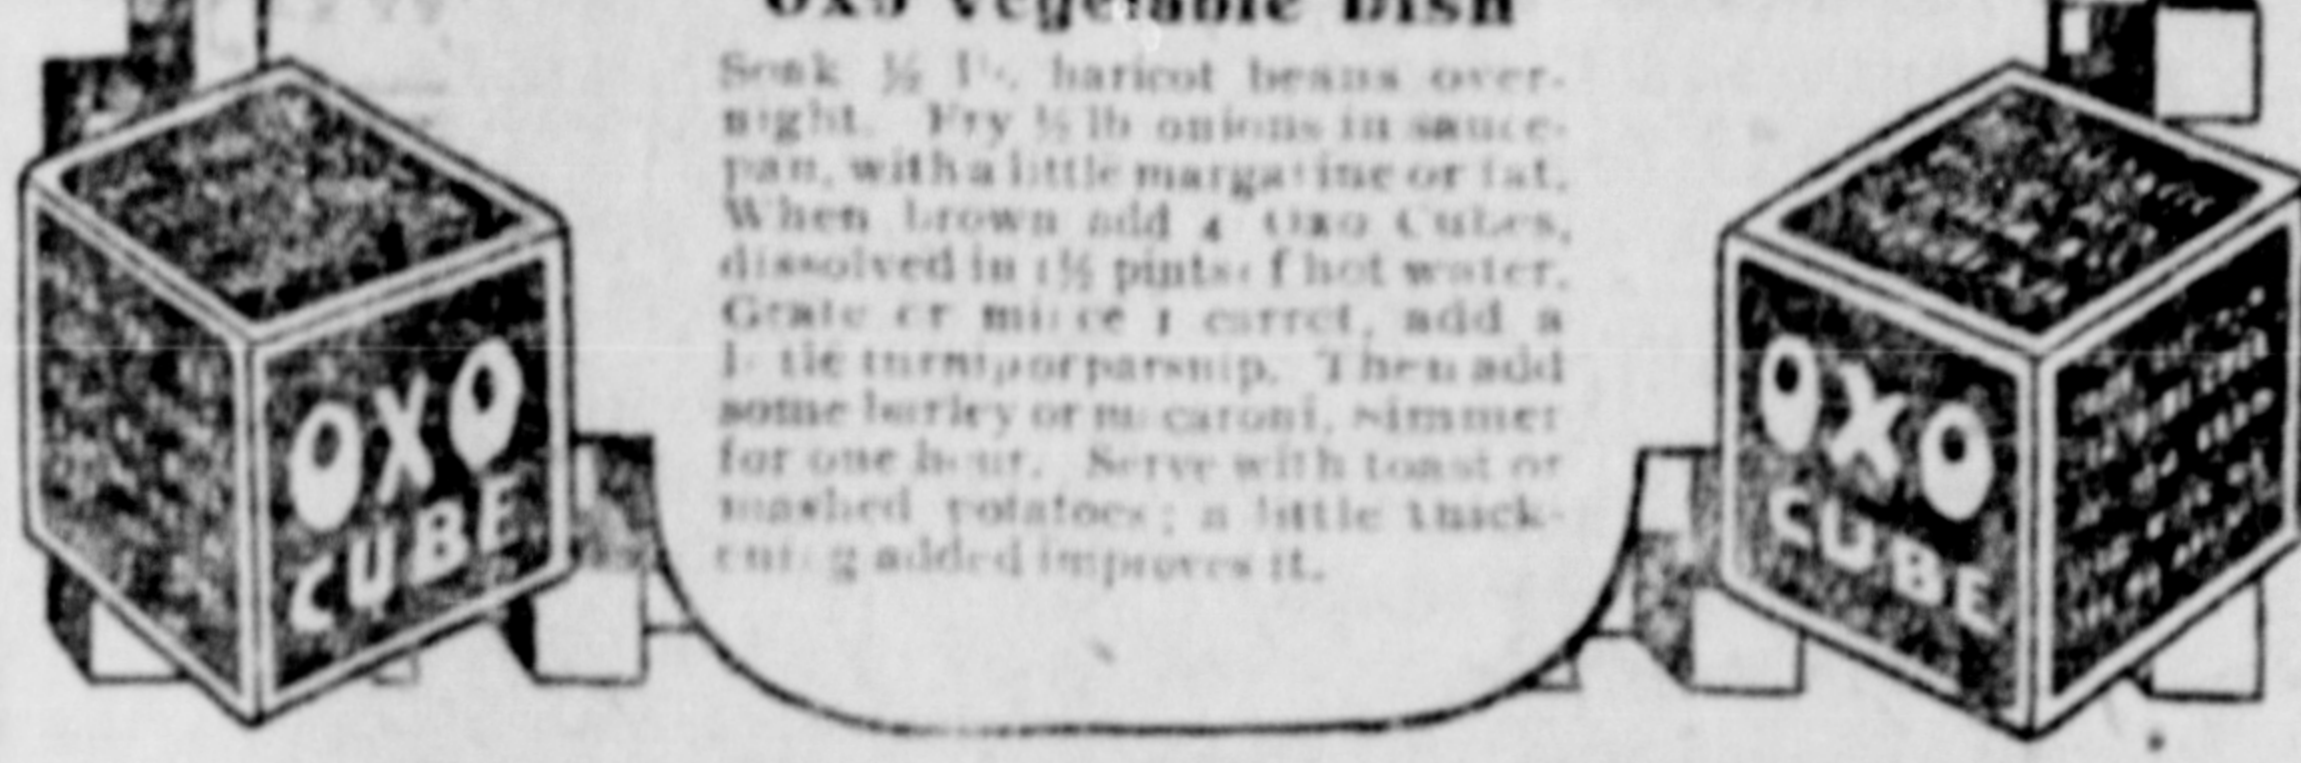

Oxo Cubes are time and money savers—more than that, they add nutrition to other foods.

Tins of 4, 10, 50 and 100 Cubes.

Oxo Vegetable Dish

Soak 1/2 lb. haricot beans overnight. Fry 1/2 lb. onions in butter, with a little margarine or fat. When brown add 4 Oxo Cubes, dissolved in 1/2 pint of hot water. Cook for 1/2 hr. or 1 hour, add a little tomato purée. This adds some body to the soup. Simmer for 1/2 hr. or 1 hour. Serve with toast or moulded potatoes; a little black-pepper added improves it.
