Hip Broken and Head Injured While Logging at Warke Canal

W. T. Muse, well known contractor of this city, sustained serious injuries on Monday at Warke Canal where he was conducting logging operations and he was brought to the city in an unconscious condition last night. His hip was broken and, in addition, he sustained injuries to his head the nature of which have not yet been definitely ascertained. This afternoon he will undergo an operation at the Prince Rupert General Hospital to which he was admitted immediately on arrival here.

Unfortunately when the accident occurred, Mr. Muse's gasboat was broken down and it was 24 hours before he could be taken to Port Simpson, his men having rowed in night and day from Warke Canal. Word was then sent here by telephone and the Pachena was despatched to bring the injured man to the city.

The accident occurred when Mr. Muse was struck by a log which was being handled by a donkey engine.
