

Japan Makes Demands of League of Nations and Threatens to Hold up the Disarmament Conference

TO ARCHBISHOP

FROM THE SYNOD

GENEVA, Sept. 29.—Grave international problems are believed to have been raised through the Japanese demands at the League of Nations discussions. The opinion is held that the whole question of racial equality has been thrown definitely before the world by the Japanese amendment which touched upon state sovereign rights. Japan, continuing to insist through the league for revision of international laws, it is felt has brought matters now deemed to belong exclusively to internal jurisdic- Kelly, proprietor of the Seymour tion of a state into a subject of world concern demanding treat ment on a broad basis of equity.

delegation declared today that • unless Japan obtained satisfac- + GREETINGS SENT tion in her demand for an amendment to the protocol she would + be obliged to vote against the protocol. "If we do, this protocol +

Four World's Records Broken by United States Army Airmen Who Completed World Flight Sunday

SEATTLE, Sept. 29 .- Four world's records were shattered yesterday when three United States Army planes, piloted by Lieuts. Smith, Nelson and Wade completed a 27,000 mile globeencircling flight here at Sand Point Aviation Field after fighting her way through Canadian blizzards, treacherous Alaskan gales, the torrid heat of India, heavy English fogs, and the iceberg chilled climate of Iceland and Greenland.

Night After an Absence of Four Months

The first world's record was shattered when the Americans crossed the Pacific Ocean from .ttu Island, the most westerly OLD COUNTRY island of the Aleution group, to Paramashiru Island in the auriles, Japan. This 900-mile -tretch was the longest jump of J. G. Scott Returned Home Last the entire trip.
