ADDRESS GIVEN ANYOX PARENTS

J. C. Brady of This City Speaks to Association in Smeiter Town

ANYOX, Jan. 11.—The interest of the Anyox people in the visit yesterday to their city of J. C. Brady, M.A., principal of the Prince Rupert High School was very apparent in the large attendance at an address which he delivered last evening in the Elks' Hall under the auspices of the Anyox Parents' and Teachers' Association. The size of the audience also speaks well for the vitality and sturdy growth of the association which now, in the third year of its existence, has an ambitious program of monthly addresses by prominent educationalists on subjects mainly concerning youth and learning.

Mr. Brady, who was most cordially received and was introduced by the principal of the Anyox High School, R. H. Manzer, M.A., who occupied the role of chairman, vacated for the occasion by the president of the association, Mrs. Jenkinson.

Vital Importance

Taking as his subject "The Education of the Boy," the speaker pointed out that the future of the child was of vital importance, not only to himself, but to the community and the nation at large. Human nature, ever selfish, was always ready to put the blame of the failure of the child on the shoulders of someone else. It might be on the school or on the community. "We ourselves are to blame for many of the things that we talk about and condemn in our homes, our streets, and our clubs," he said.

Continuing, the speaker pointed out that the successful upbringing of children was not brought about through education alone, but education backed up by a high moral tone in the home. To every father and to every mother, the child should be a sacred charge and to that father or mother who, thinking solely of individual pleasure, and leaving children alone, until such things cease, there would be no such millennium as that which poets have written of and wise men have prayed for. If home life today was what it ought to be, ninety per cent of those who now leave the path of rectitude would have been saved or brought back. Heaven intended that boys and girls should be guided and heaven help the boy who could not go to his father or mother and find sympathy and understanding and guidance there.

Environment

Touching on the influence of environment as well as heredity, the speaker went on to state that parents would do well to remember the existence of such a thing as suppressed genius, possible because of an understanding home influence.

If the parent of today was to gain for his child what he desired in his heart, he could do so only by sacrifice and by standing loyally with the child.

The danger to the boy is that his leisure time is not being made proper use of. The boy or girl who is not disciplined properly, or who has not something constructive or productive to do in his leisure hours is liable to go completely astray. Many of the boys are brought up to give no service. Today in many cases, the boy is selfish and parents make him so.

In conclusion, the lecturer pointed out that the education system should be of such a nature as to give young minds an opportunity to follow the bent of

their inclinations. "We only love the things we like to do."

A vote of thanks to Mr. Brady for his most interesting and instructive lecture was moved by Mr. Baslett, a trustee of the school board, and seconded by Mrs. Dwyer, vice-president of the Anyox Community League.

Subsequent to the lecture Mr. Brady was entertained at the residence of Mr. Manzer and had an opportunity to renew many old acquaintances and to meet a number of local people who take a special interest in school affairs.

Mr. Brady returned to Prince Rupert this morning by the Grand Trunk boat.

DOMINION'S CHANCES IN WINTER SPORTS AT OLYMPIC CONTESTS

Team Is Expected to Win Ice Hockey and Speed Skater Has Good Chance

TORONTO, Jan. 11.—With the Olympic winter sports starting shortly Canadians are becoming more and more enthused over the chances of the Dominion representatives overseas. Naturally the bulk of the interest is centered around the hockey team.

Mrs. E. Langdon, Kingston, Ont., writes: "My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do for him." My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results.

I got a bottle, and after I had used it could see a decided improvement in him; after several bottles he was completely relieved.

My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders."

Dr. Wood's Norway Pine Syrup is 35c a bottle; the large family size 60c; put up only by The T. Milburn Co., limited, Toronto, Ont.

MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

Sons of Canada, leaders in the Senior Basketball League, and the Teachers, who occupy the cellar position, will meet in tonight's games. The Teachers are hoping that another victory may come their way in spite of the fact that they have had only one so far this season. In the Ladies' League, Kaiens and Adanacs are to meet and the two cellar teams, Elks and Grotto, will tangle in the Intermediate League. Colts and Blue Birds will engage in the Junior League.

The Nainaimo soccer team,

Dominion champions, have decided that they are unable to

undertake a tour to New Zealand as a team in response to the invitation from that country. The

team is expected to win ice hockey and speed skater has good chance.

And not a follower of sport in the Dominion but looks for a Canadian victory in ice hockey. If Canada is defeated in this sport it will be a great surprise. Of course the contention will come from the United States. But the wearers of the Maple Leaf are a well balanced lot, they are in fine condition, are boys who are easily handled and will keep fit all the time. Canada will be well represented in the winter sports besides hockey, by two fancy skaters and one speed skater. The fancy exponents are Melville Rogers, formerly of Toronto but now of Ottawa, and Miss Eustace Smith of Toronto. The speed artist is Charlie Gordon of St. John, N.B. All three have fine chances to win some points for the Dominion.

REGIMENTAL WHIST DRIVE AND DANCE SUCCESSFUL AFFAIR

The first whist drive and dance given under the auspices of the first Battalion North B.C. regiment took place last night in the drill hall on Second Avenue and proved a very successful affair. It was attended by 100 ladies and gentlemen.

Winners at whist were Mrs. S. D. Johnston and J. H. Taylor. Refreshments were served and dancing followed, music being furnished by the regimental band of 17 pieces. Sergeant Hoss was master of ceremonies and Major J. W. Nicholls, officer commanding, and Capt. Hubert Ward were in charge.

financial undertaking will be too great owing to the fact that the players would receive no compensation for loss of wages. A list of available players from Vancouver is now being compiled and a combination aggregation may yet be sent.

The sporting world has two new champions in the moving picture colony at Los Angeles. The first American tournament of the great English game of Badminton, called "Dong" in the States, was played recently on the courts of the Pickford-Fairbanks lot and was won by Elmer Cravener and Chuck Lewis. The cup was offered by Douglas Fairbanks and was won after a heated contest that comprised three elimination sets, two semi-finals and one final. The American adaption of Badminton has been renamed in honor of Douglas Fairbanks who has been chiefly instrumental in popularizing the sport in United States.
