PLAYSHED PLANS TO BE DRAWN UP

New Site is Found by School Board for Structure Proposed on Borden Street

The school board decided last night to obtain plans from Architect Cox for the playsheds if is proposed to erect in connection with Borden Street and King Edward schools. Mr. Cox's terms are six per cent of cost for a first set of plans and three per cent for a second. The estimated cost of each playshed is $2,000, such sums having been set out in the estimates.

Trustee Casey voted against Mr. Cox being given the work of preparing the plans. He first suggested that the plan of the Booth School playshed could be followed and then suggested that a local man such as T. Ross Mackay, might prepare the plans. Trustee Williams felt that the safest way would be to obtain plans from an expert. Criticism would then be less apt to follow.

In connection with the site of the Borden Street shed which was protested against by property owners there, Trustee Parker announced that a new site had been found to the west side of the Borden Street steps. The ground was very suitable and a shed erected there would not interfere with the view of the residences. It was decided to ask permission of the council to use the site and also to request the city to survey it. The residents petitioning against the site originally selected will be so notified.

YEARLY BONUS FOR SCHOOL SPORTS IS TO BE ELIMINATED

There was lengthy discussion at last night's school board meeting on a recent decision to eliminate a yearly bonus of $180 paid Miss Mercer for the supervision of girls' sports at Booth Memorial School.

All members were in favor of dispensing with such a bonus, but question arose to the actual amount of Miss Mercer's bonus. Secretary Vance's interpretation was that the bonus was really $50, Miss Mercer being entitled to the balance of the $180 by virtue of her experience and rating in the salary schedule. It appeared that the latter had not been properly recorded thus leading to confusion. Trustees Parker and Orme accepted Mr. Vance's view that a reduction of $50 only should be made. Trustees Casey and Rochester, however, were of the opinion that the original intention of a $180 reduction should be carried out and moved accordingly. An amendment was offered by Trustees Williams and Orme that the matter be investigated and reported by a committee. The amendment carried on the casting vote of the chairman and Trustees Parker, Rochester and Williams were named to the committee, Trustee Casey refusing to act.

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes:—"Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

IMPROVEMENTS BEING MADE AT SALT LAKE

Provincial Government Doing Good Work There Preparatory to Opening of Swimming Season

Considerable improvements are being made to the walks at Salt Lake by the public works department of the provincial government. The walk is being widened in many place and rails are being constructed at dangerous points so that children may not fall off and hurt themselves.

At the bay, the walk is being moved to run alongside the narrow entrance to the first lake.

It is understood that some clearing is to be done along the lake side in order to make it accessible for those who wish to walk that way, all with a view to a general improvement of the property so that when it is given over to the city it will be valuable and in the meantime will serve the people who live here.

The work it is understood is in addition to the $750 to be given as a grant to the swimming club for improvements on the lake and to the dressing rooms.

STORK ACKNOWLEDGES VALUE OF PHOTOGRAPH

Says All Ministers Received Their's and Comment Favorably on It

R. E. Benson received the following letter from Fred Stork Stork last night:

"I beg to thank you for the photograph of the waterfront and the proposed location for elevator, which has just come to hand. This is splendid information and is of the very best assistance at this time as it clearly shows the whole waterfront and demonstrates the convenience to trackage and wharfage for the elevator. Each minister has received one of them and they all comment on the excellence of this illustration.

"Allow me to thank you for the kind thought and your valuable assistance in this matter which I trust will result in complete success."

A letter of acknowledgment was also received from Hon. Thomas H. Lowe, minister of Trade and Commerce.
