Men Return to Work by Losing

WINDSOR, June 30.—The postal strike ended here and the men received orders from Toronto to report to work this morning on the terms offered by the government. They re-enter the service as new men but hope eventually to be re-instated at their + BRITISH FLYERS old standing.

TORONTO, June 30 .- Postal workers voted unanimously last night to return to work and the strike is definitely over. According to an agreement signed all are to be taken back unconditionally as postal helpers with the promise by the minister of labor that a House of Commons committee will investigate their grievances.

removed have the same fishermen come Senator Kendrick of Wyoming leach year just as the Japanese cash in on their experience because local knowledge in river fishing is a great help in securing large catches.

If the white Fraser River men succeed, as is every reason to believe they will, more of them will come north next year and possibly they may settle in this district and make their permanent homes here. So far they are adapting themselves readily to the work and with the decreasing number of Orientals allowed in the fishing these men may gradually take their places.
