CORINNE GRIFFITH WAS WELL KNOWN AS A BALLROOM DANCER

Star in Black Oxen Got into Picture by Sheer Merit

It was by sheer merit and by trying at the psychological time that Corinne Griffith, got her start in the pictures.

Born and raised in Texas, Miss Griffith was a professional ballroom dancer for a year. Noting the progress of certain friends in motion pictures, Missy Griffith went to Los Angeles. She bided her time and when a certain studio conducted a contest for beautiful brunettes, she felt that if she could distinguish herself by winning this contest she would have established her name crooks and the beggars make of producers, which would give BULKLEY COMMUNITY their homes. Between these two her an entree into studioland, at lasses of society there is but a least. Y/HY waste time in useless "shopping around" when the advertisements lay before you the choicest wares of every progressive merchant in town?

WHY use needless effort in an endless store-to-store quest when the advertisements enable you to make your choice of the finest merchandise without even leaving your home?

WHY pay more than you ought when you can stretch your dollar to the elastic limit by taking advantage of the bargains and good buys that are daily advertised in this paper?

WHY risk dissatisfaction by buying unknown, unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a man who spends real money to establish his name and to build up public good-will?

Read the Advertisements. Buy Advertised Wares. It is a safe and sound policy
