SERVICE NOT SERVITUDE

Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves lifeless and incapable of service unless controlled and directed by the already overburdened housewife.

Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.

HUGE SUM TO AID HUNTING IN SOUTH

Four Million Dollars to be Spent For Wild Game Preserves in California

LOS ANGELES, Dec. 24.—The Pacific Coast Sportsmen's Club with headquarters in Los Angeles, proposes to begin operations with a fund of $4,000,000 and contemplates an unusual arrangement of wild game preserves in California. The organization will begin an immediate campaign to dispose of 4,000 memberships at $1,000 each, according to the incorporation papers, recently filed. The program includes establishment of huge game preserves in Central California, where members from all over America will be able to hunt wild game of every species.

A letter from the secretary of the San Francisco S.P.C.A. and of the State Humane Association of California says that these organizations "are going on record as disapproving of the objects of this corporation," and "we will do what we can to prevent the unnecessary slaughter of animals." It also states that the greatest cruelty in the proposed plan would be through the capture of the wild animals and bringing them from Africa.

Interesting data on how birds of a feather flock together, and how they return year after year, in the course of migrations, to any port that will provide them with protection and food in a storm, has been obtained by Jack Miner, naturalist, at his bird sanctuary at Kempville, Ontario. Mr. Miner caught 17 wild mallard ducks in a net, and ascertained that six of the older birds had already been marked with his aluminum tags bearing various verses of Scripture. One bird was at least six years old, having been marked in 1918. All the birds were supplied with new 1924 tags.

Having but one leg does not stop Buck Cole as a football player. He is the star right guard of the Methodist Orphanage football eleven in Raleigh N.C.; has played on the team for the past two years, and is considered a tower of strength. Cole's right leg was badly crushed in an accident when he was seven years old, and was amputated about four inches below the knee. He became so accustomed to getting about on the shortened limb that Jack Cameron, athletic director and coach at the orphanage, declares he is much faster than many boys with two good legs. Cole does not wear an artificial limb while playing football. In getting over the field he uses his shortened leg as a kind of spring, and jumps instead of running. Cole, who is 17 years of age, weighs 150 pounds. He will be captain of the orphanage team next season.

After 31 years' service as trainer of horses for the late King Edward VII. and King George V., Richard Marsh, known as the "Beau Brummel" of the English racing ring, has retired. During his long experience he handled some of the greatest racers in the history of the English paddock, and achieved many noteworthy successes. Soon after Marsh's appointment as trainer to King Edward, then Prince of Wales, in 1893, his horse, Thais, won the Thousand Guineas Stakes for the prince. That same year another nors., Persimmon, handled by Marsh, won the greatest of all English races, the Derby, and subsequently finished ahead of the field in the St. Leger, Jockey Club Stakes, Ascot Gold Cup and Eclipse Stakes all claccics. Diamond Jubilee, another Marsh-handled racer, won the Thousand Guineas, Derby and St. Leger, a feat seldom acheived on the turf, and in addition won other great events, crediting his royal owner with $165,000 in stakes before he was sold to an American breeder for $150,000. Marsh is credited with handling more Derby and Stewards Cup winners than any other trainer.

BILLIARD SCORES

Three more games in the second billiard tournament between the Prince Rupert Billiard Parlor and the Great War Veterans' Association were played last night bringing the total for the four games to 565 to 488 in favor of the Billiard Parlor. The fifth game between R. Howe and I. F. Wearmouth will be played this afternoon.

TWINS ARE USUALLY LEFT HANDED IT IS FOUND IN GERMANY

BERLIN, Dec. 24.—Twins are more frequently left handed than are single-born, according to investigations conducted at the Siemers Works, manufacturers of electrical apparatus. Fifteen per cent of the twins examined were left-handed while only seven per cent of the others qualified as southpaws. Another fact brought to life by the investigation is that lefthandedness is not hereditary.

R. Gammon is booked to sail for Vancouver on the Prince Rupert on Friday morning.
