RAILWAY HEAD IN RADIO TALK

Urges Employees to be Diligent and Keen in Interests of National Railway

ANSWERS HIS CRITICS

Extends Invitation to Listeners in South to Visit Canada and Enjoy Life

WINNIPEG, Feb. 21.—"We welcome every form of investigation and we wish our accounting and finance to be surrounded with every precaution but we would object to perpetual investigations by prejudiced individuals which would have for their object keeping the administration in constant turmoil and acquiring information for the use of those who are opposed to the welfare of the system," stated Sir Henry Thornton, chairman and president of the Canadian National Railways in a radio talk with Western employees of the system, by remote broadcast from station CFCA at Calgary last night. In this connection he explained further that the accounting rules and practices which are followed by the Canadian Pacific and the important railways in the United States, "so if anyone tries to pull your leg with regard to our accounting methods or the existence of our \$20,000,000 net earnings, you can ram the above down their throats."

Following up the successful experiment in remote broadcasting last week by a C. N. official by means of long distance telephone connection between Calgary and Winnipeg, Sir Henry, said in his room at the Fort Garry Hotel here last night and had his first personal radio chat with the Company's employees in the West. He emphasized the need of his coming into contact with as many of them as possible and the opportunity afforded by radio of establishing a fine spirit of co-operation and pride in the work both he and they were engaged in.

HAD A WEAK HEART WAS VERY NERVOUS FOR THREE YEARS

Miss Jessie Peterson, Zealandia, Sask., writes:—"I wish to let you know how much good Milburn's Heart and Nerve Pills have done for me.

For nearly three years I was very badly run down, had a weak heart, and was so nervous that sometimes I would almost faint away.

I heard of many people who had recommended your Heart and Nerve Pills, so I decided to give them a trial. After I had used two boxes I found they had done me good, and after having taken five boxes I was completely relieved.

I cannot recommend your Pills enough, and I would advise anyone having a weak heart or troubled with nervousness to use them."

Milburn's H. & N. Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Human Element

"Certain individuals have ridiculed our efforts in the direction, have characterized them as extravagant and said the company would be much better off if it attended to the business of transportation and let wireless telephones alone. But these are the words of the ignorant critic, who fail to understand that the human element is the largest factor in the success of any railway. And it is also to be remembered that while I am talking to those of you who are employees, a large number of the people of both Canada and the United States are listening in and learning something about the Canadian National Railway system, I welcome that great invisible audience.

"I would like to talk, if I had the time, of what a wonderful country is the Dominion of Canada, how many advantages there are for those who are willing to work and how many delights and pleasures there are for the tourist, but that I must leave to others. Let me only say this, especially to our friends across the border, come up and see, ride our railway, see what our service is like, fish in our lakes and rivers, hunt in our forests and look up on the beauty of our mountain scenery, and then, if you go back I know you will return, and perhaps if you return again you will have come to stay."

Audit of Accounts

Urging that every employee be alert to the possibilities presented them for attractive business, Sir Henry pointed out that the united effort of 100,000 employees working in the same direction becomes an irresistible force. Prevention of waste, cleanliness, fire protection, un-failing courtesy to the public were also points touched upon by the speaker in a friendly way. He then mentioned the agitation being made in certain quarters for a public audit of Canadian National accounts and explained the system whereby the same are under constant scrutiny and are continuously audited by the firm of George T. Touche and Company, a reputable international firm of chartered accountants.

Before closing Sir Henry expressed his confidence in the "capable, loyal lot of men in the service, who are proud of the company and the record it has made, and who are striving each year to produce better results than the previous year. That being the case the time had come when as self-respecting individuals they would not permit vicious and ill-considered criticism of the railway or any one in its employ to pass unchallenged.

Constructive Criticism

"Constructive criticism which is meant for the purpose of improving our methods we all welcome, but the other kind, which is based on prejudice and intended for destructive purposes we must, as self-respecting men at once challenge. Therefore, if we stand together and in a dignified fashion protect the interests of ourselves and our company we shall have gone a long way to excite that respect which I think your services merit."

LASCIVIOUS DANCES ARE TABOO WITH CATHOLICS

Quebec Priest Further Enlarges on Pronouncement of Cardinal Begin

QUEBEC, Feb. 20.—(Canadian Press) — The exact bearing of the pastoral letter issued some time ago by Cardinal Begin regarding alleged lascivious dances was further explained on a recent Sunday by Mgr. Laflamme, parish priest, at the Quebec Basilica, who warned the faithful against any light interpretation of the document, stating that the object was to bar these dances forever from the social life of Catholics.

Defining some parts of the important document, he stated that when it was issued it was regarded as urgent to do so in order to prevent further abuses. Though the edict had been generally well obeyed, some people had commenced placing their own private interpretation on it. These people had apparently been under the impression that the letter meant only that such dances as were referred to had been banned. Mgr. Laflamme stated that such was not the case. Dances as described in the pastoral were forbidden as mortal sins. Dancing in homes was not allowed, even between relatives. In regard to man and wife, if they want to dance, they should not dance in public or even before their children. Dancing between people of the same sex was also taboo.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering any land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land and Range Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be accepted for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land is \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 500 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
