By George McManus

SONS OF CANADA DEFEAT CALLIES

Good Football In First Half Last Night but Second Was too One-sided—Score 3 to Nil

The Sons of Canada defeated the Callies by a score of 3-0 in the league football game last night. In the first half S. Erskine scored one and in the second half another, J. McDougal made the third goal. The first half was the best part of the game the Callies starting off at a good pace with the grade in their favor. The play throughout the first phase was exciting and it was a ding-dong battle. In the second half, however, the Canadians got going on the down grade and it was soon plainly seen that the Scots had a tough fight on hand.

The teams lined up as follows:

Callies: Murray, goal; H. Hamilton and Williscroft, full backs; J. Sims, R. Wood and J. Lonie, half backs; W. Hamilton, G. Waugh, O. K. Lord, S. Elder and J. Andrews, forwards.

Sons of Canada: S. Gawthorn, goal; V. Menzies and H. Menzies, full backs; G. Mitchell, J. Marks and J. Mitchell, half backs; A. Mitchell, J. McDougal, S. Erskine, E. Smith and L. Vernon-Lane, forwards.

T. Jones proved an efficient referee and Geo. Hill and A. Clapperton officiated as linesmen.

First Half

The Callies won the toss and elected to play on the down grade. The Scots were soon pressing. Elder, for the Callies, tried Gawthorn but a goal kick resulted. The Scots pressed again and W. Elder tried to score on a pass from Hamilton. Waugh for the Scots, tried a long shot but nothing matured. The defence of the Sons of Canada, though hard pressed, was playing a consistent game. The play at this juncture was fast and exciting. The Sons then got going and Lane put in a good shot at Murray who cleared. From a centre by A. Mitchell, for the Canadians, S. Erskine, centre forward, was in the right spot and when Murray, in goal, dropped the ball was on hand to introduce it to the net thus making the first tally of the game. From the centre the ball was swung backward and forward pretty evenly and it was anybody's game. W. Hamilton was forced to leave the field for a few minutes but nothing important transpired during his absence. At the half time whistle the Scots were still pressing in a determined effort to score but the score stood 1-0 in favor of the Canadians.

Second Half

From the kick-off the Sons took charge of the sphere. As the result of good forward line combination, Erskine, at centre for the Sons' put the ball past Murray for the second time. A few minutes afterwards J. McDougall, for the Sons, put a beauty past Murray which went right into the corner of the net. The Callies' half back and full back defence were playing a sterling game but the forward line seemed to lack cohesion of effect and were constantly misplacing the ball. In a dash by the Son's forward line Williscroft, at full back, was forced to concede a corner but Lane for the Sons kicked it wide. Elder, in the forward line for the Callies, gave an exhibition of dribbling the ball but V. Menzies upset his calculations. W. Hamilton, for the Callies, forced a corner off Vic Menzies but nothing came of it. The Callie forwards made a bold bid for Gawthorn in the opposing goal and Erskine missed scoring by inches. The Sons kept pressing hard and from a throw in by Lane Erskine missed an open goal. At the final whistle the score stood—3 to 0 in favor of the Sons of Canada.

Comments on Game

From the play in the second half it was plainly discernible who the winners would be. The defence of the Callies worked hard and Williscroft and Hughie Hamilton, at full back, played good football. Elder and Hamilton worked hard in the forward line but their suppoort was not all that could have been desired. The Sons were pretty evenly balanced. The forward line showed good combination and the placing of the ball by their defence men was brainy. Erskine, McDougal, A. Mitchell and L. Lane in the forward line played well, while the Menzies brothers as full back played their usually consistent game. Both goalkeepers were reliable and played with confidence.

CONSTANT HEADACHES AND DIZZINESS

It is hard to struggle along with a head that aches and pains all the time, and in nine cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels.

Undoubtedly the cause must be removed before permanent relief may be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system.

Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes: — "I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me.

B.B.B. did me a world of good, and cannot praise this remedy enough."

Sport Chat

If nine-tenths of the people of the world could walk no better than they can swim, they would be flat on their backs quite unable to move while the greater part of the other tenth would be walking or rather staggering about like palsied persons. This is a condition that should not be permitted to exist. The children of today should be taught to enjoy themselves in and protect themselves from the water. It should be made a part of the educational system of the land. Many thousands of people are drowned annually whose lives could be saved if they knew how to handle themselves in the water.

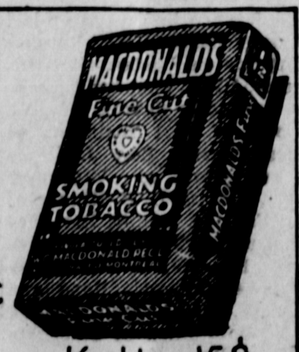

Through instinct all animals will save themselves from water. The human being, however, is not supposed to be a creature of instinct but of scientific judgment. Education and thought saves us where instinct saves animals. Therefore it is up to us to see that our children do not grow up as ignorant of the art of swimming as we have. Proper education in swimming should be considered a necessity. Children should learn to swim as they learn to creep and walk and speak.

There is much controversy as to which is the proper stroke to teach the beginner—the breast stroke, the side stroke, the side underarm, the crawl, the broad-stroke—on back or the confidence method. Certainly confidence should be taught learning swimmers but the effectiveness of that so-called method is to be questioned. It is now conceded by experts that the beginner should first learn to scull, that is, to swim head first on the back with arm action only. That done, confidence will be inspired and the most suitable method may then be adopted.

With the football schedule already well under way and the lacrosse and baseball leagues to play opening games on Saturday (Victoria Day), this week will see outdoor sport fully started in the city for the forthcoming season. While it is apparent that there has been some little difficulty in getting lacrosse and football arrangements made, there is reason to believe that, as the season advances, enthusiasm will rise. An effort has been made to divide the players up as well as possible and this should prove an incentive to general interest. As has been the case with football, it may be expected that a good deal of new blood will be introduced both in lacrosse and baseball. There will also be some juniors of former years advanced to senior company.

Golf may be all right as an old man's game but the riotously leaping blood of three score and ten demands a virile form of amusement, says the London Free Press. Thus it is that, despite his 70 years, four times a week Hon. Charles S. Hyman, one time minister of public works in the Laurier government, is found on his private tennis court, giving his opponent a rather lively time. For the skill of the ex-champion of Canada has not suffered from dimmed eyes or flabby muscles and he who tries conclusions with the Hon. Charles must possess more than mediocre ability, for since its adoption into Canada, Charles Hyman has been one of its most enthusiastic advocates. "The reason that I don't play golf," Mr. Hyman stated, "is that with tennis you get far more exercise. You get a fine perspiration and a shower after and feel fine. I can't imagine anyone getting a fine perspiration from golf." And so this 70-year-old enthusiast indulges in several hours of tennis each week and still swings a mighty mean racquet.

PLANNING TO PUT IN SWIMMING POOL

Council to Have Estimate Next Week on Project For McClymont Park

An estimate will be presented by the board of works next week to the city council on a swimming pool it is proposed to establish in McClymont Park.

At last night's council meeting the matter was brought up by Ald. Macdonald who said that, if anything was to be done this year, it should be done soon. He pointed out that the use of Hays Creek water for this purpose had been condemned emphatically by Dr. Cade.

Mayor Newton stated that the idea was to establish a pool at McClymont Park using water from the city pipe lines. The Hays Creek location had been deemed more suitable than Acropolis Hill.

Ald. Perry said the estimate would be ready next week.
