## "THE ENEMY SEX."

A brilliant love-comedy produced by James, Covered Wagon Cruise and made to entertain. The adventures of a beautiful "gold-digger," mid the gold fields of Broadway, who loved the Bright Lights because they were danger signals and danger only made her smile. The charge of the White Light Brigade on the stage doors of Broadway. Four millionaires versus a girl and she wins every skirmish. She called herself a "salamander" because salamanders can go through flames without being scorched. They all fell for her silken charms. Luring lips—but unmissable; inviting eyes—but unfathomable; you'll just love Betty in "The Enemy Sex." The loveliest of screen heroines in the jazziest of butterfly pictures.

## ARMISTICE DANCE AT SMITHERS PROVED SPLENDID SUCCESS

War Won in Drawing Donated by Winner to Former Owner

SMITHERS, Nov. 14.—The Armistice dance given by the I.W.O.A. in the Town Hall on Monday night was a huge success and was thoroughly enjoyed by the large crowd who turned out to celebrate the signing of the armistice. Great pains had been taken by the members of the association to make this event a repeat of the good time had last year. The hall was most beautifully decorated with ropes of cedar boughs, flags and other decorations, the floor had received careful attention and the punch and supper had been prepared by experts in that line; these, coupled with the brand of music rendered by the Gray Orchestra, kept the dancers going until four o'clock in the morning.

During the evening a final drive of selling tickets in connection with the raffle of John Hetherington's car was conducted and the drawing took place which resulted in the car being won by W. S. Henry, the local Ford dealer. Mr. Henry, when called upon for a speech, mounted the platform and in a few well chosen words took advantage of the occasion to extoll the advantages of the Ford car stating they had made 10,000,000 in the last 10 years and he considered it was something that should be in every household and it was his business to try and bring this about. He then called on those present to bear witness that he there and then did donate to John Hetherington the Ford car which he had just won. Billie was roundly cheered by the crowd who greatly appreciated his generous act.

## FORTUNES ARE FOUNDED ON SMALL CASH SAVINGS

It's not what you make it's what you save that counts. It is a recognized fact that a business conducted on a cash basis can be operated much more economically than one conducted on a credit basis. However, when there is no inducement to pay cash, why do so? More and more the world over the cash system is coming into use. As a result of our advt. of the past week we found that given the proper inducement the people of Prince Rupert, too, are willing to pay cash. Have you investigated our proposition, if not why not? The proof of the pudding is in the eating thereof. F. W. MOERSCH, Grocer. Phone 13.

### BATH

It was a summer hotel, not exactly modern. "Can I get a private bath?" asked a new arrival. "If you are an early riser," answered the clerk. "You won't find anybody in the ocean before seven."

## OVERWHELMING MAJORITY IN SILENT ELECTION

Prince Rupert Women Register Interesting Vote to Save Money and Lessen Work

It is a sign of the times that women should demand more authority in their homes. Not that they want all their own way but that when comfort and economy are at stake they are usually better judges than their husbands. They are at home all day and know more about the things that go to make for the comfort of the home than the husbands who come home at night expecting everything to be just so. This is why so many Prince Rupert ladies insist on having Nanaimo-Wellington coal. They have had a study of coal and have discovered that Nanaimo-Wellington is far superior to its competitors. Very little lasts a long time. If drafts are shut off at night the fire will be there in the morning. No rock, very little ash and no slack are other points in favor of Nanaimo-Wellington.

This famous coal is sold only by Albert & McCaffery. They have their own team and truck and assure prompt service. Order direct from them and be sure you get the only coal—Nanaimo-Wellington. Their phone numbers are 116 and 564.
