### MISSION BOAT DRIVEN ASHORE AND IS BURNED

Deck of Gasboat Lois Lifted by Explosion and Rev. G. J. Beck Burned

Total destruction by fire of the gasboat Lois, owned by the Presbyterian Missionary Board and operated in this district, was reported from Hoonah to Rev. S. Hall Young, superintendent of Presbyterian Missions in the Territory, says the Juneau Empire. Rev. George J. Beck, father of George Beck, of Ketchikan, who had charge of the vessel was painfully burned in the accident.

Mr. Beck, according to reports received by Dr. Young, was standing in the engine room when the accident occurred. The force of the explosion lifted the decks from stem to stern, the pilot house, cabin, masts and steel rigging and hurled them ashore. The accident happened on the night of February 20.

#### Driven Ashore

The Lois had been driven ashore by a large and heavy ice floe earlier on the same day. Late in the evening, Mr. Beck took his lantern and went across to see if the boat was in a safe position. It was lying on its side on the beach. He entered the vessel through the pilot house and went direct to the engine room. As he went in, he said, he heard a peculiar hissing sound, and in a single instant the whole place was in a mass of flames. He turned to escape and found the steps to the pilot house to be in splinters. Climbing over the gas tank he made his way to where the pilot house had been and to the gunwale. On the land side a wall of fire 50 feet shut off his escape. He finally made his way ashore over floating ice. He was severely burned about the face, eyebrows and lashes burned, and the rims of his eyeglasses partly melted. No permanent injury, he said, was done to his eyes. His head, ears and hands were covered and not burned.

The fire, he said, probably resulted from an explosion of gas in the bilge, where it had drained from the broken feed pipes. The hull sank, but was later raised and the engine recovered.

Loss \$15,000

The loss, said Dr. Young, is all of \$15,000. He did not know whether or not there was any insurance carried. Insurance, in the past, had been looked after by the Board of Missions directly. The loss of the boat, he said, is a serious matter to the work of missions in the territory as the boat has been a vital factor in carrying it on successfully. It is essential that a vessel be available, he added, and he with others interested will start at once to replace the Lois with a suitable craft.

### GRAIN HANDLING FACILITIES FOR PRINCE RUPERT

T. M. Fraser, special correspondent of the Vancouver Province, at Ottawa, writing to his paper last week, says:

"A strong effort will be exerted this session by the Progressives, and by many of the Liberals to extend the grain-handling facilities at the Pacific port of Prince Rupert. They argue that it is a Canadian National port and nearly 500 miles nearer the Orient than Vancouver.

"Grain rates out of Prince Rupert to Liverpool are the same as out of Vancouver. Another argument in favor of that port is, it is an all-Canadian national port and that all business sent there would assist the government railways. Again, there would be obviated the payment to the C.P.R. in Vancouver of the sum of \$15 a car for hauling Canadian National cars to the Vancouver elevator, the government road not having access to the elevator."

### YOU CAN EAT ANYTHING YOU LIKE AND NOT HAVE HEARTBURN

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph H. Macdonald, Christmas Island, N.S., writes:—"Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since."

It is very nice to be able to eat anything you like and not have heartburn any more.

Ladies Took Initiative in Dances While Men Served Supper

TERRACE, March 3.—Every-thing was reversed at the Leap year ball given here at the week end by the Native Sons of Canada. It was one of the jolliest dances of the season and credit for its success is very largely due to the ladies who entered into the spirit of the occasion and never let things drag a moment. The men proved most lavish hosts when it came to refreshments, Jack Viger as floor manager was as efficient as usual and the orchestra excelled itself.

# Why?

WHY waste time in useless "shopping around" when the advertisements lay before you the choicest wares of every progressive merchant in town?

WHY use needless effort in an endless store-to-store quest when the advertisements enable you to make your choice of the finest merchandise without even leaving your home?

WHY pay more than you ought when you can stretch your dollar to the elastic limit by taking advantage of the bargains and good buys that are daily advertised in this paper?

WHY risk dissatisfaction by buying unknown, unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a man who spends real money to establish his name and to build up public good-will?

Read the Advertisements. Buy Advertised Wares. It is a safe and sound policy
