JAPANESE BUYING MANY OLD SHIPS

Approximately 300,000 Tons Taken Over by Firms in Nippon Since Beginning of Year

"Approximately 300,000 tons of old shipping have been purchased by Japanese firms since the beginning of this year," according to Captain W. F. Douglas, of the Standard Oil Company of New York, who returned from the Orient aboard the President McKinley, Captain Douglas took the Standard Oil Company's ship Oneka to the Orient to deliver her to a Japanese buyer.

"Japanese firms in the port of Kobe alone have acquired since the beginning of the year no less than 100 vessels.

Capt. Douglas believes this wholesale purchase of tonnage will cause a slump in shipbuilding in Japan.

Capt. Douglas stated that his company is selling all its old tonnage and replacing it with new. Other oil concerns are following out the same policy, he stated. In time the fleet of oil tankers will have been increased to such a degree that the supplying of oil fuel in the Orient will be able to be done at a much lower rate. Within the past six months the price of fuel oil has been reduced forty per cent in the Orient.

Confident that he will be able to defeat Attorney General A. M. Manson if the latter decides to run in Omineca, Mr. Samuel Cocker, Conservative candidate from the North, declares that he is inclined to think the attorney general will decide to remain in Skeena, says the Vancouver Province.

Mr. Cocker, who is a Vanderhoof pioneer of sixteen years standing, arrived in Vancouver on Sunday. He claims that the "government stronghold" of Burns Lake has only 150 votes on the lists as compared with a total in the riding of 1600. He states that the Provincial party is not strong in Omineca constituency.

SAMUEL COCKER IS KEEN TO BEAT MANSON

Tells Vancouver People of Prosperity of Interior but Criticizes the Government

As to the business outlook in the part of the North he comes from, Mr. Cocker says it is bright. New settlers have recently arrived. He particularly mentions the colony of Estonians under the leadership of Sir John Pitka. They appear to be a fine type of men, he says, and are practical. They have taken a sawmill into the Stewart Lake country and will get to work at once making lumber for construction of their own homes. They are the advance guard of several hundred families to arrive during the year.

It's the Climate

Omineca offers not only an excellent climate, but many natural advantages for men who desire

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

ANOTHER PORTLAND CANAL MINING CO. IS LAKEVIEW MINES

Will Develop Properties North of Glacier Creek and Adjoining Dunwell

VICTORIA, April 24.—Latest news concerning the Stewart mining field, Portland Canal District, tells of the formation of a new development company known as the Lakeview Mines, Limited. The share capital has been placed at \$500,000, divided into half a million shares of the par value of \$1 each. Directors of the new organization are R. B. Punnett, C. W. Frank, H. M. Lewis of Victoria; Basil G. Hawkins of Vancouver, and William A. Glasgow, M.D., of Seattle.

Mineral claims held and controlled by the new company comprise a group adjoining the Dunwell property and comprising Lakeview claims Nos. 1, 2 and 3, and Silver Bell fraction. The group is situated on the north side of Glacier Creek and immediately adjoining Dunwell claims Nos. 3 and 4. It is two miles above the railway and but four and a half miles from tidewater at Stewart.

According to the prospectus issued, much early development work has already been accomplished on the property, and it is the intention of the new company to continue drifting along the vein-exposed westerly where prominent north and south veins are known to strike into the main vein, and where large bodies of high grade ore may be expected to occur. Assays taken run from \$19 to \$1,712.20 per ton in gold and silver, and smelter tests are said to compare favorably with the best ores found in Premier, Fish Creek, Indian and Dunwell mines. A shipment of 3,790 pounds of ore smelted at Tacoma gave returns at the rate of \$48.78 per ton of 2,000 pounds; 2,611 pounds of ore returned 1.41 ounces of gold and 189.16 ounces of silver valued at \$146.74, or giving a value of \$112.40 to the ton. In 1914 a three-ton lot shipped to the smelter realized \$953.57, or an average value of \$317.86 per ton of 2,000 pounds.

The services of R. F. Hill, who has had so much experience in northern mining, have been secured as manager.

SPORT CHAT

Although the consistency with which Gotham has been winning the Big League baseball pennants for the past three years may have become tiresome to fans and disgusting to other clubs many leading sport authorities do not see how McGraw's and Higgins' pennant winning proclivities are to be stopped this year at least. True it may be a long spell between now and October when the National and American League contests close but, with such men as Ruth, Frisch, Young, Ward, Penneck, Hoyt, Neff, Groh, Dugan, the Muehls and others guarding the New York interests, it seems hard to figure which if any of the opposing clubs are to prevent the ultimate triumph of the Giants and Yankees. If either of the two clubs are to go down, it is figured that the Giants are the more likely to fall.

Tight pitching, unusual for this time of the year, has featured the infant season of both the National and American Leagues. The good form showed by the pitchers may be the result of good conditioning in the south or may have come from the new

WOULD WREST HONORS IN YACHT RACING FROM NEW YORK YACHT CLUB

LONDON, April 24.—Lecturing on the "America's Cup" which Sir Thomas Lipton has been trying to annex for some years, Major B. Huxtable-Smith said the cup was worth winning back and he believed it could be done if yacht club and yachtmen encouraged the sport of yacht racing and gave designers the opportunity.

The lecturer commented on the general opinion that because the British yachts had to cross the Atlantic, they were handicapped in having to be more strongly built. He doubted whether that would bear the cold light of scientific examination. He believed the reason was one of design, and expressed the opinion that the time would come when British designers would rise to the occasion and recover the cup.

GREAT WAR VETERANS ORGANIZE FOR SOCCER

Meeting of Those Interested Was Held Last Night—Officials for Year are Appointed

The Great War Veterans' Association is organizing a football team for the forthcoming season. Last night a meeting of all members of the association interested in this line of sport was held.

S. L. Warrior was appointed chairman and S. A. Roberts, secretary. A committee consisting of the following was named to manage the association's soccer interests: S. L. Warrior, Hugh Killen, John Wynn, J. G. Johnson, W. Murray (captain), and James N. Kelly (trainer). S. L. Warrior and J. G. Johnson were appointed delegates to the Prince Rupert Football Association.
