## Here and There

Although the Canadian Pacific Railway has yet issued no forecast of construction contemplated for 1924, the fact that it has ordered 50,000 tons of steel from the Algoma Steel Company, of Sault Ste. Marie, seems to indicate that its program will be extensive.

According to a statement recently made by the Hon. Charles McCrea, Minister of Mines for the Province of Ontario, 85 per cent of the world's nickel supply is being taken out in the vicinity of Sudbury, where there is an inexhaustible supply of this metal.

Alberta's butter production last year was 18,500,000 pounds, or 2,000,000 pounds more than in 1922, according to reports presented at the annual meeting of the Alberta Dairymen's Association. It was not so long ago that Alberta was using butter imported from New Zealand.

The year 1923 was a favorable one in the building and construction activities of Canada, and returns show an advance of about 10 per cent. In 1922 the total expenditures in this regard were \$315,000,000, and in 1923 \$345,000,000, an increase of \$30,000,000.

Exports of pulpwood from Canada for the year 1923 amounted to 1,384,230 cords, compared with 1,011,332 for 1922, an increase of 372,898 cords or 35 per cent. The 1923 figures are equivalent to about 900,000 tons of newsprint, the amount which can be manufactured from that amount of wood.

C. E. E. Usher, General Passenger Traffic Manager, and E. J. Hebert, First Assistant General Passenger Agent, of the Canadian Pacific Railway, have been presented with medals by the French Government, in recognition of their services to the French Exhibition train in Canada in 1921. The medals take the form of tablets on small stands.

Attention has been drawn once more by airship experts in London, England, to the fact that the only known supply of helium gas in the British Empire exists in the Province of Alberta, that 10,000,000 feet of this gas is going to waste annually in this province and that the possibility of establishing an airship base at some future date in Alberta is being discussed.

Canada's fisheries production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was not thought that anything like this mark would be reached for the Fordney tariff had cut deeply into exports to the United States. But as the year wore on the demand and prices generally improved, thus giving fishermen along the Atlantic coast especially a much better price.

Official figures recently issued show that the Dominion of Canada is the greatest single contributor to the wheat supply of the world. She stands second only to the United States in automobile exports. Her flour exports are far ahead of the palmiest war years and are rapidly gaining in the foreign markets. Canada's mineral, forest, agricultural and fisheries industries are now valued at \$2,420,000,000, or \$252,000,000 higher than a year ago.

British immigration during the nine months ended December, totalled 64,127, compared with 28,525 in the corresponding period of the previous year, an increase of 125 per cent. Immigration from the United States was 17,252, compared with 18,982, a decrease of nine per cent. Total immigration for the nine-month period of 1923 was 124,680, compared with 60,247 in the same period in the previous year, an increase of 107 per cent.

The Canadian Pacific Railway has received from Boorings, Willis, Faber & Company, 2,152.10 pounds sterling for distribution to the officers and crew of the steamship "Empress of Australia" for saving their ship and for salvaging during the Japanese earthquake. For the purpose of purchasing a memento to be presented to Captain Samuel Robinson, C.B.E., R.N.R., then commander of the "Empress of Australia" and now commander of the "Empress of Canada" on her world cruise, 210 pounds sterling have been retained from the above amount. Plans are being made to honor the Captain when the "Empress of Canada" reaches Yokohama next May, the Japanese government participating in the ceremonies.

Fred Scadden, Dictator.

Arthur Smith, Summit Ave., charged with an indecent act, was dismissed in the police court this morning, the complainant failing to put in an appearance.

On the recommendation of the Finance Committee it was decided by the city council last night to settle with Mrs. Strachan by paying her \$150. Mrs. Strachan's child fell through a gap in the street when skipping and was injured.

The Letts house in Section 8 has been transferred to W. J. Laidley who will pay \$50 down and \$20 a month, carrying out the contract of the former owner with the city. That was decided at last night's meeting of the city council.

At the meeting of the city council last night it was decided to let the contract for supplying reading matter to the reading room to McRae Brothers, their tender being for \$149.85. W. W. Wrathall's tender for the same was \$169.35.

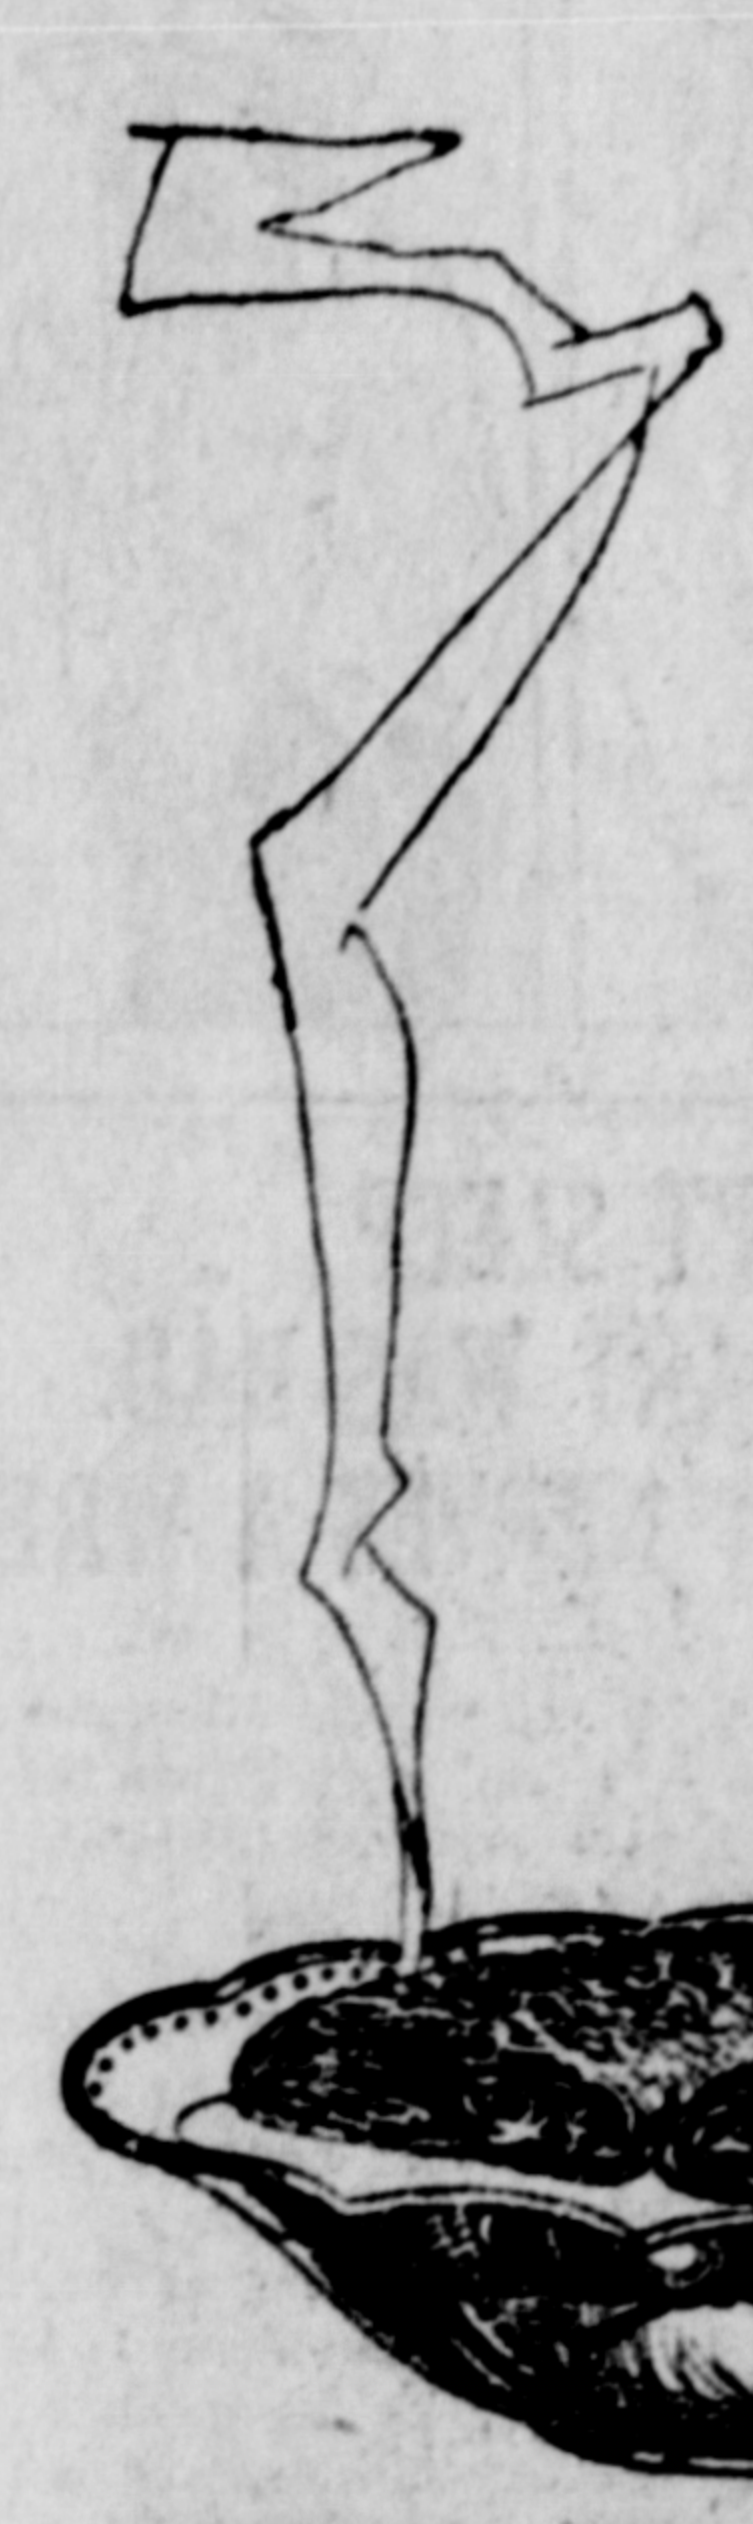

The City Council last night decided to accept the recommendation of the Finance committee leaving it to the city treasurer to deal with the question of the termination of the employment of W. H. Wilson-Murray at the city hall.

The indemnity bylaw was passed by the city council last night all but its final reading. It provides that a member of the council missing two meetings receives only fifty per cent of the indemnity and if he does not attend any meetings he does not get any pay.

The city market bylaw was outlined last night by Alderman Casey and it was decided after some discussion that it should be drawn up formally by the solicitor and bids for the use of the market building should then be asked, subject to the provisions of the bylaw. It was explained that the matter came up following the request of Mr. McKay to use it for handling the produce of the farm at Woodcock.

The Fair Board's sub-committee appointed to take charge of the revision of the mineral class in the Exhibition prize book met last night and decided on several revisions which are to be recommended. Further arrangements are also being made for the establishment of a permanent mineral display in the city. The committee consists of George W. Kerr, chairman, Phil McDonald, Jack Halley and J. Hickey.

# Bran for health

Most persons (especially children) need a little bran each day to insure regular bowel movement—but be sure the bran is combined with a well-cooked, easily digested, nutritious food. In Shredded Wheat Biscuit you have all the mineral salts and nutritive elements of the whole wheat combined with bran—all the bran you need to keep the alimentary canal clean and healthy. It is ready-cooked and ready-to-eat. Delicious for any meal with hot milk or fruits.

Niagara Falls, Ontario

# Shredded Wheat

John Gavigan, father of J. C. Gavigan, and Hugh Gavigan, brother, who have been visiting in the city for the past few weeks, returned to Toronto on last night's train.

The photographic department of the prize list for the fall fair was revised yesterday afternoon by a committee consisting of H. F. Pullen, M. M. Stephens, Harry McLeod and R. E. Benson.

Coastwise Steamship & Barge Co.'s steamer Marmion, Capt. Hunter, was taken off the dry dock today after undergoing annual inspection and is now loading the coal for Anyox which was taken off the stranded steamer Amur a few days ago. The Marmion will clear for the north tonight.

Union steamer Cardena, Capt. A. E. Dickson, returned from Anyox, Alice Arm and Stewart at 1:15 this afternoon and will sail at 4:15 for Vancouver and way ports. The following passengers are booked to leave on the vessel: Mr. and Mrs. J. F. Collins, Mr. and Mrs. W. J. McCutcheon, Miss Mary Elstrom, F. C. Reihl, S. M. Cook, Mr. McPhee for Vancouver; Ex-Ald. John Currie, Miss Lizzie Currie, H. L. Landrey and Duncan Munro for Ocean Falls.

EX-Ald. John Currie, who has the contract from the federal government for the building of a residence, office and boat landing for the fisheries department at Schooner Passage in Rivers Inlet, is leaving on the Cardena this afternoon to get the work started. He will be accompanied by his daughter, Miss Lizzie Currie, and Duncan Munro, H. L. Landrey, who will inspect the work, is also going south. Charlie Currie and Will Stephens have left by the gasboat Ruby Mae for Schooner Passage. The party expects to be away about two months.
