The Man in the Moon SAYS—

THE power of mind over matter is clearly shown in the fact that to a girl with neat ankles silk stockings are just as warm as wool.

A MAN is known by the woman he loves; a woman by the woman she hates.

KNOWLEDGE is power. Know yourself, is the first axiom of life.

If some people I know followed their natural bent, they would wear feathers in their hair, a tomahawk at their belt and spend most of their time braining people who know more than they.

"HELL," he remarked. "Hell! I know my place."

A MAN always takes a lot of credit to himself when he goes out with a swell dressed and beautiful woman. And I wonder why.

SOME men are so light in the upper story that they really think themselves clever.

If you wish to be a target, climb.

A WOMAN should be brave but careful withal else when she is laying down the law to him he may hang up.

PREVENT SMUGGLING INTO UNITED STATES

Treaty to be Asked to Prevent Discharge of Cargoes Off Coast

WASHINGTON, Dec. 2.—It is expected that formal representations will be made early next year to have ships clearing from Canadian ports required to discharge their cargoes at the points designated in their papers and not off the United States coast.

At present the custom is for vessels to leave Vancouver or Victoria ostensibly for Mexican or Central American ports and then to tie off the U.S. coast and discharge the cargo into speed boats which take it ashore.

It is proposed to ask for a treaty which will make the present method of smuggling liquor into the United States by sea ineffective.

Ten Years Ago in Prince Rupert

December 2, 1914.

It is proposed to submit a referendum at the next civic election to determine the public attitude on the question of a restricted district in Prince Rupert. The matter was referred to the city council by the police commission Saturday afternoon.

The Supreme Court Assizes opened before Mr. Justice Clements at 10:30 this morning. The following is the Grand Jury panel: A. E. Wright, M. Lofquist, W. S. Fisher, A. J. Smith, G. J. Prizzell, R. S. Sargent, D. W. Morrissey, James McNulty, H. Hebert, T. D. Pattullo, Hubert Ward, H. S. Wallace and G. A. McNicholl.

"It is not too soon to build a G.T.P. hotel in Prince Rupert," states G. W. Howorth, assistant manager of the G.T.P. hotel system, who arrived from Ottawa and is paying his first visit to the city today. Mr. Howorth is very pleased with the site that has already been excavated.

by British engineers for several years and, it is expected, will lead to the erection of hydro-electric plants on most of the rivers of England affected by the tides.

THE CORPORATION OF THE CITY OF PRINCE RUPERT.

TAKE NOTICE THAT:

1. The Council of the Corporation of the City of Prince Rupert intends to construct a pavement fifteen feet wide, consisting of a mattress of timber over which will be placed a paving giving a depth at the crown of ten inches composed of broken stone and sand, on that portion of Hays Cove Circle commencing from a point eight feet south of the centre line intersection of 5th Avenue and Hays Cove Circle, thence along the west portion of Hays Cove Circle as shown on the plans and profiles deposited in the Office of the City Engineer to a point eight feet north of the centre line intersection of Hays Cove Circle and 7th Avenue, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work except such portion of the cost as is incurred at street intersections and at school property.

2. The estimated cost of the work is \$2700.00, of which \$1836.74 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is \$3.2728163. The special assessment is to be paid in 10 annual instalments.

3. Persons desiring to petition against undertaking the work must do so on or before the 5th day of January, 1925.

E. F. JONES,
City Clerk.

BIG SEVERN RIVER ELECTRICAL PROJECT PROCEED IN SPRING

LONDON, Dec. 2.—A \$150,000,000 project to use the tidal rise in the River Severn for the production of electrical power will be undertaken by the British government in the spring. A committee of electrical experts appointed to investigate the possibilities of harnessing the Severn to furnish power for the surrounding district has completed a report in which they recommend that the work be undertaken.

The project has been favored

"Tired and Worried Nervous and Despondent"

Mrs. M. Chevalier Belle River, Ont., writes:

"For eight years I suffered from despondency and nervousness. Sometimes I could not sleep at night for worrying and the next day I would be so tired that my work was a burden to me. I began using Dr. Chase's Nerve Food and can say I am now entirely relieved of the nervousness from which I used to suffer, and things do not worry me as they used to.

"Dr. Chase's Ointment also relieved me of eczema on my arms, which had bothered me for three years. My house is never without Dr. Chase's Medicines."
