WHIST LEAGUE PRESENTATIONS

Various Trophies Won During Winter Season Were Awarded to Winners Last Night

Presentation of season's Whist League trophies took place last night at a whist drive and dance held in the Elks' Home under the auspices of the Elks' men's team, winners of the Dybhavn Cup emblematic of city team championship. Mayor Newton, president of the Fraternal Whist League, made the presentations which took place during the supper intermission between the playing of cards and dancing. On behalf of the Elks, the Dyhavn Cup was received by W. E. Williscroft, team captain, and Mrs. H. H. Hemmings, captain of the Daughters of England, received the Newton Cup awarded to the team running up to the champions. Individual cups for highest scoring in the ladies' and men's sections respectively, were presented to Mrs. H. H. Hemmings and Jack Suden.

There were 26 tables at the whist drive and the winners were: Ladies' first, Mrs. H. F. Glassey; ladies' consolation, Mrs. Stewart; men's first, Harry Breen; men's consolation, J. Young. The Elks' orchestra, under the leadership of Charles Balagno, played for the dance. Ben Self was master of ceremonies and chairman of the committee which comprised the members of the whist team. Ladies of the Royal Purple assisted with the serving of refreshments. W. E. Williscroft presided at the door. The affair, which was very enjoyable, broke up at 1.30 this morning.

Sport Chat

Members of the French Olympic committee have been cheered by recent performances of Guillemot, the Olympic champion in the 5,000 meter run, who has shown a return to his 1920 form. A few days ago Guillemot ran 14 kilometers in 49.30 4-5 minutes and won by 300 meters.

All is set for the opening of the individual billiard championship contest which starts tonight with a 500 point game at the Eks home between Fred Pyle and Jack Suden. There will be a good turnout for this match, and the interest will be sustained as the contest progresses, it is expected. There will be an umpire and marker, both to be officially appointed by the committee in charge.

Jack Johnson, former heavyweight champion of the world has been appointed sports editor of the Canadian Monitor, a newspaper published in Montreal in the interests of the negro race.

The winter sport season is actually over. The general meeting of the lacrosse association was held a fortnight ago, the football meeting is set down for next Tuesday and the baseball interests will foregather shortly thereafter. The opening baseball game of the season—between the Inlander Mess and Gyro Club—will take place on Sunday, April 6.

BOY'S BAD COLD TURNED TO BRONCHITIS

The frequency with which bronchitis develops into pneumonia is appreciated by very few mothers. The danger of pneumonia is, probably, well understood too, but how many mothers take into consideration that a neglected attack of bronchitis frequently leads to this dangerous disease.

We would advise all mothers to give their children Dr. Wood's Norway Pine Syrup the first moment they show any symptoms of a cold or cough, as by doing this they may save them from an attack of bronchitis or pneumonia.

Mrs. Lawrence Quick, Sandwich, Ont., writes:—"My little boy, six years old, had a bad cold which turned to bronchitis. I tried everything I thought would be best for it, but did not see him getting any better. I was told to try Dr. Wood's Norway Pine Syrup, and after giving him two bottles he got wonderful relief. I cannot praise it enough."

Price 35c a bottle; large family size 60c; put up by the T. Milburn Co., Limited, Toronto, Ont.

EDMONTON FINANCES FREELY DISCUSSED

Property Owners Talk of Receiver and Tell How Taxes are Raised

EDMONTON, March 28. — A proposed resolution, that a receiver should be appointed for the city, was voted down at the first meeting of the Edmonton Property Owners' Association, held in the Board of Trade rooms.

More than 200 property owners in Edmonton were present at the meeting and the seriousness of the city's financial difficulties were expressed from all sides of the packed meeting.

Different cases of unfair assessments being made against their property holdings were cited by men present. One man told how he had come into Edmonton four years ago and that the first year his taxes had been reasonable. The next year he had his assessment raised twenty-one per rent. This year the city had sent around a valuator again and he expected that his assessment would be raised again. He told of how he had gone to the council and of that body sending out another valuator to assess his property. All they did was tell him that probably next year he would not be assessed so high.

Raised Assessment

Another man told the gathering of how he had planted some trees out in front of his house and painted his fence. When the valuator came around after he had made his home more beautiful, his assessment raised. He took his stable and garage off his lot and then asked the assessor to come around again. He came around again but instead of reducing his taxation, the assessor raised his taxes.

CRITICISM GIVEN OF PRINCE GEORGE CASE

Vancouver Paper Objects to Allowing Expense to Interfere With Justice

The Vancouver Sun, commenting on a Prince George case says:

If the British Columbia town is small enough and poor enough, the criminal is quite safe if, after committing his crime, he can make his escape to a distant part of this province.

It has been proved at Prince George. There, it is alleged, a man held up two officers of the law at the point of a revolver and got away.

Thanks to the vigilence of the Vancouver police an arrest was made here—only for the suspect to be turned loose because Prince George cannot find money to pay the expenses of bringing him back for trial.

There is something very wrong with a system of law administration that permits dangerous men to go free because a small municipality finds itself unable to undertake the financial burden of bringing them to justice.

The first duty of the state, the fundamental reason for submission to its will, is give the law-abiding citizen security for his person and quiet possession of his property.

The failure of the Prince George authorities to discharge this obligation in the instance given cannot be allowed to rest there. The defect disclosed in the machinery for the maintenance of law and order must be rectified forthwith.

COLUMBIA ARRIVES WITH FIRST CATCH

New Fishing Vessel Here After Hard Trip to Cape St. Elias With 53,000 Pounds Halibut

Another new boat sold her catch on exchange this morning, the Columbia, a Seattle owned craft, the property of Capt. Dave Hassel a former part owner of the Alton. She brought in 53,000 pounds of halibut from the waters around Cape St. Elias after a hard trip.

The Columbia is a 68 foot craft propelled by a 90 horsepower Enterprise deisel engine and is a fine looking craft. On this trip she had a pretty hard tryout and was away about three weeks. Her catch did not fetch a very high price owing to the time she had been away.
