MUNRO TELLS OF COPPER MARKET

Outlines His Views of Prospects for Granby News: Prices May Go Higher

Returning from New York, where he had gone to attend the annual meeting of the directors of the company, H. S. Munro, vice-president and general manager of the company, arrived in Anyox last week, and for the information of men on the job outlined something of the situation regarding copper and what might or might not be expected of it during the remaining nine months of 1924. At the present moment, the copper market is promising, and in some quarters it is considered likely that 1924 will be a repetition of 1923, with as great a demand for the metal through the buying months of the current year, but at a slightly lower average than the price attained in 1923. The situation, however, is such that nobody can even remotely guess what might happen to the market at any time; and while it is a possibility that copper prices will go to sixteen cents, in which the rise will undoubtedly be a rapid one, it is as certain sure that a peak price of sixteen cents could not be maintained for any considerable period, a decline happening in all probability as swiftly as the advance had been made. The reason for this late firmness and better outlook for a rising market, and which is apparently established, is attributed largely to the curtailment of output on the part of certain big producers by which it is expected that the rate of production existing several months ago will be reduced about fifteen million pounds a month.

Are Curtailing

Among the big producers curtailing are Calumet and Hecla, 1,250,000 pounds; Green-Canaan, 500,000 to 1,000,000 pounds; Anaconda and its Chili subsidiary from 6,000,000 to 10,000,000 pounds; Cerro de Pasco, about 2,000,000 pounds; and Phelps-Dodge about forty per cent of normal output, which amounted to 12,000,000 pounds per month. This would appear to be a sensible method to apply to copper conditions as it will enable big producers to conserve their ore reserves until such time as more reasonable prices prevail. Low-cost producers, like Kennecott Copper Co. will keep up production. Thirteen cent copper will put a good many producing com-

pays on the right side of the ledger.

European Situation

With regard to the European situation, it does not look any too hopeful, the collapse of the French franc being an imminent possibility; but should industrial there and throughout Europe get back to even a pre-war status, with a corresponding demand for copper, one does not see a very great advantage resulting; for the obvious reason that the manufactured German, French or other European article would be placed in the world's markets in competition with the higher cost American manufactured article of the same class, and so would undoubtedly curtail the demand of domestic manufacturers for the metal. Concerning the proposed tariff on domestic copper by the Government at Washington, and what effect this might have on the Canadian produced blister, Mr. Munro felt that such action on the part of the American Government would be of advantage to Canadian produced copper, inasmuch as it would not be subjected to a tariff, going through to the refinery in bond, and later sold in Great Britain as a possible preferred product. No one is bold enough to forecast with any degree of assurance what the future holds for the copper industry.

TERRACE ATHLETES ELECT OFFICERS FOR THE COMING SEASON

M. Hatt is President of Organization With J. H. Young Its Secretary

TERRACE, March 28. — The Athletic Association held its annual meeting on Friday and elected officers for the ensuing year. President, M. Hatt. Vice-president, W. E. Smith. Secretary, J. H. Young. Corresponding secretary, Mr. Griffin.

The meetings will be held on the second Friday of each month. The membership fee has been reduced to one dollar and it is hoped a large number will join.

MANSON CONSULTING HIS CONSTITUENTS

Owing to Division of Territory Must Make Change in District He Will Represent

Says the Interior News of Smithers: That there will be no election for some little time yet is the information Hon. A. M. Manson, K.C., attorney general in the Oliver government and member for the old riding of Omineca, brings on his visit to the constituency after a strenuous session of the Legislature followed by the royal commission following investigation of P.G.E. charges.

Mr. Manson arrived at Smithers on Sunday and next day doubled back to Hazelton. Yesterday was spent in Telkwa and the balance of the week will be spent in a brief run through the new Omineca riding, which extends beyond Vanderhoof.

While Mr. Manson shows no concern over an immediate election, he is consulting his supporters on the question of which riding he will run in. To the Interior News he stated that no matter what decision was arrived at in this respect, it would be made with many regrets for the necessary division of the district bringing about his withdrawal from a section of the friends who had been so good to him since 1916, but, he stated, the whole district would ever have a claim on him.

Hon. Mr. Manson expects to reach a decision early next week, before he departs for Victoria. With Mrs. Manson and the family he expects to leave shortly for a holiday trip to California.

PRETTY WEDDING ENDAKO TUESDAY

Miss Evelyn McRayner of Francois Lake Becomes Bride of W. Jardie

ENDAKO, March 28.—A pretty wedding took place at St. Johns Memorial Church, Endako, on Tuesday, March 25, when Miss Evelyn McRayner, daughter of T. J. Rayner of Francois Lake, formerly of London, England, was united in marriage to W. Jardie, Rev. W. Sweetman officiating.

The bride who was given away by her father, was gowned in white crepe-de-chine and shadow lace with tulle veil and orange blossoms, carried a bouquet of daffodils and white carnations and was attended by Miss Patience Sweetman, while K. McRayner, brother of the bride, acted as best man.

Following the ceremony a reception was held in St. Johns parsonage. Amongst those invited were Mr. and Mrs. T. J. Rayner, Mr. and Mrs. P. M. Rayner, Mr. and Mrs. McKay, Mr. and Mrs. W. J. Foster, Mr. and Mrs. H. LeDuke, Mr. and Mrs. P. Cousins, Mrs. Andrews, Mr. and Mrs. P. McGettigan, Mr. and Mrs. Keltyle, Mr. and Mrs. A. G. Annon, Mr. and Mrs. W. Wilson, and Rev. W. and Mrs. Sweetman.

Mr. and Mrs. Jardie left later for their future home in Bassino, Alta.

You need a PILOT

EVERY good ship, nearing port, takes on a pilot. Usually, the law requires it. The pilot knows the channel. With his capable hands at the helm, the vessel is safe. Without him, there is danger of the shoals.

When you set sail on a shopping tour you, too, should have a pilot. Everybody needs one. And well-informed shoppers always have one—ADVERTISING.

Advertising keeps you off the rocks of extravagance and waste. It takes you straight into the port of economy. It tells you plainly where to go for what you want. It shows you how to save steps—and money—and time. By watching it carefully, each day, you are able to buy to best advantage.

Often, the advertisements will keep you from making an unwise purchase by pointing out just why one article suits better than another. It points out for you the pick of the country's market and the selection of the particular kind, shape, size and color that best suits your taste and fits your pocket-book.

Whether you want food, clothing, furniture or a toy for the children, the advertisements can help you.
