DAILY EDITION

Gradually Coming Into Our Own.

We are gradually coming into our own. The Terrace bridge up to the hatchery yesterday. about which we worried for a long time, is practically completed How many was that? and will be ready for opening on November 20. That is a great step in the development of the district. While it was delayed THE man who tarred the house several years owing to the big expense involved, it was eventu-of his neighbor in Britain beally built and will be worth a lot to the community.

Another thing we are getting is the road across Kaien Island, tically, must have harbored black The work has begun and a good sum of money has already been thoughts in his heart. spent in clearing the right of way. The next step is to have the work proceed and that will have to be in co-operation with the IT is all right to be a bridge city of Prince Rupert. Those who want the road built will have expert but it is not good form to support at the civic election only those candidates who are to admit it. ready to put it through early in the year in time for it to be used in connection with the new provincial road. If the present IF anyone hears a racket in council will not do this work it is up to the people to elect a coun- the De Luxe hall he will know it lil that will see that development in this direction is not held is only a badminton racquet. back.

The city is doing good work in connection with the grading LIKE tennis "love" seems to of roads generally, but this Kaien Island road is one that has play a prominent part in their been held back for various reasons for a long time and it would badminter game. be a pity to check it now. We suggest that an Island Road Association be formed to pledge members to support only those candidates in the city who will build the city end of the road and similarly to support at the next provincial election only the candidate that will build roads. The time to get the Island road is right now. If it is delayed, we cannot tell when it will proceed, are expected back shortly from

Paying Hebrideans To Come To British Columbia.

The British Columbia government has offered the sum of came in last night from Legate \$300 per family to Hebrideans who would like to come and Creek where they have been ensettle in British Columbia. That is a considerable sum for the gaged this summer in mining detaxpayers to provide. Now, however, Father Macdonnell, who velopment work. has charge of the migration, wants the amount doubled. It is to be assumed that the government of this province will prefer Preparations are now being to do without the settlers, rather than pay so high a price to in- made for the calling for tenders duce them to come.

British Columbia welcomes settlers and will continue to do nurses' home in connection with proceeds will go to the Belgian so, but to what extent they should pay out cash to get them here the Hazelton Hospital. The Methremains a doubtful question. Most of us came here on our own odist Mission Board has voted without any special inducement. We paid our own way in spite \$5,000 towards it. of the fact that we were poor. If others wish to come we should welcome them, but to pay \$600 to each family as an inducement Dr. G. A. Petrie will be in landed here. Its value is placed is doubtful economy. Give them land by all means and help charge of medical and surgical at \$41,260. them all we possibly can but it must be remembered that every work at the Hazelton Hospital dollar paid out increases the taxes .

Immigration Is Dominion Problem.

Immigration is a Dominion government problem. Also the who arrived this week from Bella the Methodist Church at Ottawa. issuing of licenses to fishermen is a federal matter and nothing Bella, will be his assistant. whatever to do with the provincial government. The only reason the matter of immigration and land settlement devolves upon. The search party which left the province to some extent is because in this province the crown some weeks ago to locate McClair lands belong to the province and not to the Dominion and set- and his partner, prospectors who tling them therefore become a provincial matter as well as one have been missing for over a for the Dominion government.

We should all like to see a good settlement of Hebrideans Sunday. They went as far as the outbreak of the war, will be established in the fisheries here, but it must be remembered Findlay Forks but were unable to practically unrestricted herethat salmon fishing here is a calling that is learned by purely find those whom they sought. local experience. Many white people who undertake it fail to make good. Good money can be made by the right persons but J. D. Galloway, district mining made, and it is hoped within a not all who go into it are successful.
