REGIMENTAL SMOKER HE'D LAST EVENING

Music and Recitations, Refreshments and Smokes, Enjoyed at Barracks by Men of Local Battalion

As a prelude to the winter activities of the regiment, a smoking concert was held last evening in the barracks of the First Battalion North B.C. Regiment.

Contributing to the program were the regimental band; Lieut. Barnsley with a saxaphone solo; Bandsmaster Eastman, saxophone solo, Lieut. Barnsley, Bandsman Eastman, saxoman Charles Auckland, saxophone trio; Sgt. Murray, Private Harris and Sgt. Major Wright Davies, solos; Sgt. Horrobin and Sgt. Major Wright Davies, recitations. There was also community singing and refreshments and smokes were passed around. Sid Thompson was accompanist of the evening.

Col. J. W. Nichols, who presided, in the course of an appropriate address, urged that renewed interest be displayed by all ranks this winter in the activities of the regiment.

FOX FARMING ON INCREASE IN NEAR ALASKA IT IS SAID

SEATTLE, Oct. 28.—Fox raising is becoming one of the most important industries of southeastern Alaska, according to Dr. V. R. Cline, fur animal specialist of Petersburg, Alaska, who brought 40 pairs of blue foxes here from Ketchikan, Wrangell, and Petersburg, for shipment to Shishmaref, on the Arctic Ocean north of Nome, Alaska. The animals were valued at $20,000. Fox farming has been started at Shishmaref.

Many foxes are shipped to the eastern part of the United States from Alaska. One of the largest fox farms in Alaska is near Ketchikan.

The Prince George Tennis Club rounded out a very successful season last week when the semi-finals and finals in the championship competition for the Wilson Cup were played off. The coveted trophy passed into the hands of W. L. Hornsby, manager of the Royal Bank, who wrested it in the final from C. Foot, the holder for last year. The presentation of the cup to the winner took place on Sunday afternoon of this week at a tea given in honor of the members of the club by Mrs. C. P. Deykin.

Prince George has a gymnasium which is suitable for the playing of handball, basketball and badminton and in the winter months it is used to good advantage by adults as well as children. The building belongs to G. C. Hartley who has offered its free use and also the services of Harry Anderson, a capable instructor. The Prince George Parent-Teachers is making arrangement for the opening of the hall this winter.

The second meeting of the season of the Ladies' Section of the Fraternal Whist League will take place this evening in the St. Regis Cafe with games scheduled as follows: Pythian Sisters vs. Orange Ladies; Moose Ladies vs. St. Andrews. It will be the first appearance of the season for the last mentioned team. Moose Ladies and Daughters of England won their opening games and the Orange Ladies and Pythian Systers lost.

There were several bird hunting parties out over the week-end but apparently none of them came home uncomfortably laden down with game. So far this season, it seems that there has been little success at points close to the city and the only good bags that have come in have been from points rather far afield. Bird hunting will not be be at its best, it is said, until there has been a period of cool, clear weather.

VANCOUVER PAPER QUOTES ERRONEOUS FIGURES ON FISH

Says Catch of Halibut Falling Off Whereas it is Increasing

Explaining quite truly that the close season about to be placed on halibut fishing is a measure of conservation, the Vancouver Sun in a recent issue makes some statements and gives some figures which, however, are quite contrary to fact.

First it says: "There has been of late a steady decrease in the catches of halibut on this coast where, since the depletion of the Atlantic halibut fisheries, the continent is depending for its principal source of supply." The fact is that, while catches for the past few weeks may have been smaller and boat arrivals fewer on account mainly of weather conditions, there has not been a decrease in poundage of fish. Quite contrary is the case for in almost every month this year, the total of fares at this port at least have been higher than last year.

Again the Sun says: "Illustrating the decline in the industry which has prompted adoption of the treaty, Prince Rupert in 1920 shipped 13,500,000 pounds of halibut east. In 1923 her shipments dropped to 8,500,000 pounds." In contradiction of this statement, it is only necessary to point out that during 1923, 29,583,700 pounds was landed at this port and the large majority of it was shipped east. Therefore, the halibut landings of this port increased in 1923 by 16,583,700 pounds from the total that the Sun gives for 1920. Furthermore, despite the impending close season, it is expected that the total landings for this port in 1924 will exceed those of last year.
