

Tortured for Three Years

Helpless from Rheumatism Until Relieved By "Fruit-a-tives"

No wonder people regard "Fruit-a-tives" as a faithful family friend and are so eager to tell what it has done for them.

After years of suffering, they appreciate the wonderful powers of this fruit treatment in relieving them of pain and misery and discouragement.

As Mr. P. R. Boissinot, of LaBroquerie, Man., wrote: "For three years, I had to give up work; my arms were so swollen and I was so sick. I felt I would never be able to work on the farm any more. But one day, a cousin came to see me and advised me to take 'Fruit-a-tives'. Now, I am in good health. I rest well and do all my work. I can recommend 'Fruit-a-tives' for Rheumatism that made me suffer so much and I thank you for this good remedy."

"Fruit-a-tives" is the wonderful medicine made from the juices of apples, oranges, figs and prunes and tonics—and is the only complete treatment ever discovered for Rheumatism, Pain in the Back, Lumbago, Neuralgia, Headaches and other troubles due to the improper action of the stomach, bowels and kidneys.

Swanson Bay Is Likely To Continue.

The reorganization of the Whalen Pulp & Paper Company by means of which the concern may again be placed in a solvent condition as announced in a special despatch to this paper yesterday, would mean a great deal to Northern British Columbia. It is essential to our progress that every possible industry be kept going.

Sometimes people wonder what benefit there could be to us from the pulp mill at Swanson Bay keeping running. Those who notice things will have seen that Swanson Bay people often visit Prince Rupert and spend money here. With improvement in transportation these visits will become more frequent.

The movement of freight and passengers to and from Swanson Bay makes possible better steamship services here. The shipment of Swanson Bay products through this port aids the railroad and makes work for railwaymen and others. The logging camps operating in the neighborhood improve travel and many of the loggers come here to spend their money. Also people travel to and from the camps by way of Prince Rupert. There are other benefits to be derived but those are a few of them. Prince Rupert people must try to get the big vision. They must realize that every development in the north is good for them directly or indirectly.

Mon. John Hart Is Resigning.

The resignation of Hon. John Hart from the position of minister of finance in the Oliver government will be regretted. Mr. Hart is not a spectacular person but a plain businessman. He has conducted his department without any show of fireworks and had received a great deal of commendation, especially from outside financial experts who have appreciated the improved methods of keeping accounts and making out public statements adopted by the Victoria office under the retiring minister.

It is to be hoped that Premier Oliver will secure a successor who will fill the position as well as John Hart.

Eliminating The "Mister."

Each newspaper has its own style. The Daily News, like all Canadian papers, follows very largely the American styles in general makeup and methods of treating news. This is very different from the European style which is beginning to change to conform more with the American style.

In this office, when a person's name is mentioned the first time in an article, an endeavor is made to give his full name or initials but the prefix "Mr." is not used. Rich and poor are treated alike in this respect. Often, too, in the headlines the name of the person without any initials or prefixes is often used. It seems to be the democratic method and saves a lot of time and space. In mentioning the name a second time in the same article, the initials are dropped and the prefix "Mr." is substituted.

Most American papers use this style. Some Canadian papers insist on the "Mr." at all times but in other respects conform to the American styles.

Tendency Is Toward Simplicity.

The tendency of the day is toward simplicity. Gumberson titles such as "His Grace," "His Worship," "His Lordship" are usually omitted in the newspapers. They do not mean anything and they are opposed to the general democratic method of treating people. If a person is a doctor, a bishop, a mayor or a baron it is sufficient to call him Dr. Smith, Bishop Smith, or Baron Smith. It is bad form to stress too much on either titles or decorations such as V.C., M.M., D.S.O., M.P., B.A., or M.L.A. The best people keep their titles to themselves and do not continually flaunt them in the newspapers.

LARGE AMOUNT GRAIN SHIPPED

Embargo Lifted on Eastbound Consignments Will Make For Activity on Prairies

WINNIPEG, April 12.—A striking increase in the shipments of grain to Vancouver during the present grain year, over those of last season is shown by figures issued last night by officials of the Canadian National Railways. In the period September 1, 1923, to April 9, 1924, a total of 11,840 cars of grain have been delivered at the Pacific port by the Canadian National system. This compares with a total of 4,545 cars delivered during the entire twelve months ending September 1, 1923, an increase of 7,295 cars.

Total shipments of grain over the Canadian National since September 1, 1923, are now 127,343 cars containing 169,646,000 bushels as against 107,424 cars and 141,618,000 bushels in the corresponding period of the last grain marketing year. A total of 36,117,000 bushels of grain was reported in store in elevators at various points of Canadian National territory as against 14,850,000 bushels at the same date of 1923.

With a very large amount of grain still remaining in the farmers' hands at various country points, the total movement over the Canadian National system this season is certain to break all former records, officials of the company state.

The lifting at midnight last night of the embargo on eastbound grain is expected to start a new movement toward the lakehead in time for the opening of navigation and daily loadings will consequently show a large increase, as elevator space at the lakehead continues to be released by shipments.

EXPLANATION BY MONTGOMERY

Editor Daily News,
Dear Sir,
I hope you will allow me to explain the report published in your paper of yesterday. It states that I indulged in a discussion in order to keep the clerk of the commission after office hours. The facts are that owing to the unconcealed antagonism of the clerk, on the subject we were discussing, I moved that the clerk be allowed to retire, which was not acted on. After further embarrassing attitudes assumed by him we did adjourn. The mayor and myself discussed the matter for at least fifteen minutes longer in the council chamber endeavoring to find out some way whereby young girls could reach their homes before midnight, after their days' work. Those girls are chiefly employed in candy and refreshment rooms in the city.

I personally consider this question well worth consideration in the public interest. I further state that no disparaging headlines in your paper or autocratic attitude assumed by the clerk of the commission will have any effect on my duty as I see it, on the Police commission.
MONTGOMERY.

Now and then some sunshine;
Now and then a blow.

If the sun shone daily,
And clouds never hung low
We all should die from ennui;

ONE of the latest and most popular sports is dodging the income tax. I'm anxious to learn the game so that when I get a taxable income I may be able to lodge paying it over to the Government.

MY great yearning now is to get an income with which to do the dodging. Perhaps if I yearn long enough I may get it.

VERY naive is the lament of the Vancouver harbor commission, that when it defied the board of grain commissioners it never dreamed that the board would be so ungentlemanly as to punch it in the eye.—Manitoba Free Press.

lemonade was served between dances. The hall was decorated with flags and many colored streamers. The supper was served very daintily on tables decorated with carnations. Everyone enjoyed the dance immensely.

The Service Club gave a whist drive on April 9, at the Opera House in honor of the Battle of Vimy Ridge. A three reel Charlie Chaplin comedy was shown before the whist started. Before refreshments were served vocal solos were given by Miss Mildred Kirkwood, Miss Daphne Workman and Mr. and Mrs. Frank Bowler. The ladies' prize was won by Mrs. G. Marvin, the gentleman's prize by Mr. Graham, and the consolation prize by H. C. Bennet.

The Silver Grill moved to its new place on the corner of 5th Street and Columbia in the dining room of the King Edward Hotel. They had to move on account of the big increase in business.

C. Lake and D. O'Leary arrived from the south where they spent the winter.

H. Rolston arrived from Vancouver after a short visit with his parents and a business trip here about 120. Ice cream and

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S., writes:
"Ever since I was a little child, I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist, who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."
