MAPLE LEAF HELPS TRAVELLING ABROAD

HAMILTON, Ont., Jan. 4. — (Canadian Press)—A lady of this city recently returned from abroad, finds that wearing a maple leaf badge helps very much when travelling, especially in France, where it is known and respected. At one restaurant where she had lunch, the proprietor absolutely refused to accept any payment, he was so pleased to see a Canadian lady, and on many another occasion she had difficulty getting people to accept payment for their services.

HUMAN FIGURES IN MAH JONG PARTY

Mrs. Wm. Vanderbilt Gives Novel Entertainment in Hotel Plaza at New York

NEW YORK, Jan. 4. — (Canadian Press)—Mrs. Wm. Vanderbilt was in charge of a novel entertainment given at the Hotel Plaza recently. This was Mah Jong, played with prominent members of society taking the place of the usual ivory figures in the Chinese game. It would be difficult to imagine a more picturesque scene than the "Mah Jong Ballet," in which thirty-two young women, elaborately gowned to represent the different figures, took part. the stage, where they apparently made their home in a lovely Chinese pagoda. The doors of their abode were thrown open by two dice, in green costumes cut short as bathing suits. The orchestra played Chinese music and the colored lights were thrown on the figures in the game as they went through the motions of building and tearing down the Chinese wall in the centre of the ballroom floor. PUBLISHING PRICE OF EGGS RESULTS IN FINE FOR NEWSPAPER EDITOR

BERLIN, Jan. 4.—Market reporting is a dangerous calling in these days of high living costs in Berlin. Erich Dombrowski, the editor on the Berlin Tageblatt, who is held responsible by the courts for everything published in that paper, was charged recently with "attempting to raise prices artificially." The case presented against him was that the Tageblatt quoted eggs at 150 billion marks each, when the official price fixed by the government was 20 billion marks less. Dombrowski testified that he and his representatives had tried to buy eggs at 130 billion marks, but that dealers would not sell them for less than 150 billion each. Consequently, in their opinion, that was the market price. The court was inexorable. It held that since the government fixed the price of an egg at 130 billion marks that was the price, and the publication of a higher price was a crime against the government for which the editor was fined 30 billion marks.
