"THE ACQUITTAL"

A bewildering enigma in which you are unable to guess the real criminal until the very climax. Who's guilty? This is the question you can't answer until the end of the picture, because you suspect everybody. Have you ever followed a great, sensational trial from beginning to end? Have you ever sat on the edge of your seat eagerly, breathlessly awaiting each new development, any one of which might mean life, love and happiness to someone? If you have, you know the irresistible grip of such a situation and you will not miss this stupendous, lavish picturization of the great mystery story that took New York and London by storm. You'll be held spell-bound and aghast by this gripping photo-drama. Realistic effects.

RUPERT HOUSEWIVES BECOME BUSINESSLIKE

The housewives of Prince Rupert are no longer content to beieve that a certain brand of goods is the best in the world or that it will last longer. They are realizing that the only proper way to find out which brand is the best is to make a practical test in their own homes and compare values. This is just as it should be.

And the merchant who has the superior article welcomes the acid test of comparison because he knows his chances of selling

More Prince Rupert women than Lanka Tea, per lb. 70c | ever before are testing coal, trying Braid's Best Tea, per lb. 85c to discover the most economical Ridgway's Tea, per 1b. 85c | fuel for furnace, heater, fire-Cowan's Instant Cocoa, per place or range. Those who have tried agree that Nanaimo-Wellington is very much superior. They say less quantity need be used, that there is very little ash and no clinker or rock. These are some of the reasons for the many repeat orders.

> To secure this famous Nanaimo - Wellington coal, orders should be phoned direct to Albert & McCaffery who are sole agents Prince Rupert. Their phone numbers are 116 and 564.

They have their own delivery trucks and wagons and give prompt service. Watch them and be convinced that most of the people in Prince Rupert burn Nanaimo - Wellington coal. There's a reason. Ask the woman who burns it.
