

The Great Breatheable Remedy

Peps

FOR
COUGHS, SORE THROAT,
COLDS & BRONCHITIS

As you dissolve a Peps tablet on your tongue, certain healing fumes are released which are immediately taken with the breath down into the furthest recess of the lungs where liquid medicines cannot penetrate. These Peps fumes on their way bathe the whole of the breathing passages with their healing potency, soothing the throat, allaying inflammation in the bronchi, and relieving the chest. Liquid medicines are simply swallowed into the stomach and cannot act in this direct Peps way.

While Peps are an expensive remedy to produce, the demand has become so great that it has now been found possible to have the

HE KNEW THE WAY

The women were discussing a wedding which had taken place in their church the previous day. "And do you know," said one, "just as Frank and the widow started up the aisle to the altar every light in the church went out."

This startling bit of information was greeted by a number of "Oh's!"

"What did the couple do then?" inquired one.

"Kept on going. The widow knew the way."

HAD TO TAKE LAXATIVES

Victoria lady a victim of Chronic constipation which Drecto relieves to her comfort and satisfaction.

"For a long time I had suffered from chronic constipation," says Mrs. Mary Lamb, of 860 Colville Road, Victoria, B.C. "I was continually taking harsh laxatives, until my system became so accustomed to them that I could not get along without one every night. My stomach was in bad shape and I suffered greatly from indigestion. My liver was sluggish too, and spots floated before my eyes."

"I tried many different kinds of medicines and remedies, but could get no relief. Then I saw in the papers how much good Drecto was doing for others and decided to give it a trial, too. I have only taken two bottles of this grand remedy and already am feeling better in every way. My constipation is relieved, I digest my food more readily and my entire system is feeling the benefit."

Let Drecto correct the functioning of your digestive organs. It rids the system of poisonous waste matter and aids in the assimilation of the nourishing values of the food you eat. Drecto is purely herbal and contains no mercury, potash or habit forming drugs.

Drecto is being specially introduced in Prince Rupert by W. J. McCutcheon. It is also sold in Smithers by J. Mason Adams, and by a good druggist everywhere.

While Sunlight Works

YOU have more leisure hours on wash day if you use Sunlight Soap. Away downstairs in the wash tub this wonderful soap will do the labour. You rub the things with Sunlight—you put them to soak—and then its penetrating, cleansing ingredients search through and through the fibres, loosening even the hardest dirt or the oldest grease stains completely. No wash board rubbing, no boiling, no hard work. Then, with rinsing, the dirt runs away and your clothes are ready for the line, purified and snowy clean.

Wash day should not take your labour—only Sunlight's gentle strength.
