**For And Against  
New Ball Grounds.**

There is naturally a difference of opinion in regard to whether action should be taken to provide a ball ground suitable for the younger boys at the corner of McBride and Sixth Street. There is a rather natural disinclination to interfere with the course of traffic by diverting the street but those who have families or who are interested in games and sports feel that the benefits to be derived would be far greater than any disability the city would suffer.

While the proposed ground might not be large enough for a full size ball park it would be sufficiently large for any of the younger set to use and would not be difficult to make. There seems to be no other site in the city, centrally located, that could be converted into a ground as easily as this one.

There may possibly be legal difficulties that would be difficult to overcome, but as the streets belong to the city it would not seem to be an insuperable difficulty.

Financing is another matter. That is a program for the city to wrestle with. It would be a good thing to find out exactly what the construction of the grounds would cost so that people may have an intelligent idea of the problem which presents itself.

**Would be Suitable  
For Football.**

Football players say that the proposed ground would be excellent for their game. It would be large enough and suitable in every way for the purpose. There would in this game be no danger of kicking the ball beyond the confines of the ground through some resident's window. If this ground could be secured it would prove a great impetus to sports in the city, providing opportunity for games which under present conditions cannot possibly be played owing to the congestion at Acropolis Hill.

**Would Be Great  
Thing For City.**

It would undoubtedly be a great thing for the city if this Sixth Avenue and McBride Street grounds could be made. As they are at present the four plots at the four corners have little value as playgrounds. Consolidated they would be just what is needed. The plan is worthy of every consideration and if there are strong objections they should be clearly stated. It is noted that most of the objection comes from those who have no children or who are more interested in the financial aspect than in the welfare of the young people of the city.

**What About The  
Gyro Club Proposal.**

In view of the present situation what is to be done about the Gyro's Club proposal? The aim of that club is excellent and the members have shown most commendable energy in raising money to provide for the youngsters. If the larger plan goes ahead, some other site must be found for the Gyro playground, but just which requires careful consideration. The government grounds at Market Square are not available for sports or games but are to be beautified. Some other place must be secured.

Should this playground plan not be found suitable, then it is hoped that the Gyros will be given every encouragement by the civic authorities but just how and where is a matter which will have to be decided after investigation.

**"Nerves in Bad State  
Could Not Sleep"**

Mrs. H. N. Tardell, Harrowsmith, Ont., writes:

"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and thought I would try it. After taking it for a few days I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well. I have also given the Nerve Food to my little girl, with good results."

Dr. Chase's Nerve Food

60 cts. a box of 60 pills. Edmaston, Bates &amp; Co., Ltd., Toronto.

**POISONS SELF;  
DIDN'T KNOW IT**

**Merchant Didn't Know What Was  
the Matter until Nausea, Sick  
Headache and Bad Digestion  
were Traced to  
Their Cause**

A local merchant was surprised to find that his tired, nervous, bilious condition was due to poison from the food he ate. Instead of being digested and eliminated properly, his food was poisoning his whole system, causing sick headaches, nausea, sour gas on a weak stomach, bad digestion, improper movement of his bowels. Having neglected his liver, that important organ became a menace to his health instead of an aid. Dr. H. S. Thacher's Liver and Blood medicine, however, made a quick difference in the way he felt, slept, ate and looked. This remarkable remedy acts directly on the liver and keeps the whole system toned up. It is sold with the understanding you will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., Corner Third Ave. and Sixth Street, Prince Rupert, B.C., and by leading druggists in each city and town.

**BACK FROM  
CALIFORNIA**

**Large Numbers Returning to  
British Columbia on Every  
Boat**

VICTORIA, March 20.—Avowing that it is impossible to live on an equable climate, on wonderful scenery, on paved highways, or on the cordiality of welcoming handshakes, scores of Victorians who left their homes in the past three or four years in capitulation to the lure of California's advertising, are now returning north to the city to swim on the crest of the rising wave of prosperity which is beginning to sweep over the whole of the Pacific Northwest.

On March 3 last year only three persons arrived on the Dorothy Alexander to make their homes again in Victoria at a time when the Admiral Line was maintaining only a fortnightly schedule of arrivals from California. On March 3 this year the Emma Alexander brought 112 passengers from Los Angeles, San Francisco and San Diego, to British Columbia, of whom 92 were bound for Victoria. The company is now maintaining a weekly schedule of arrivals.

The number of Victorians returning to the city from California on our steamships now greatly exceeds the number leaving for the South," Mr. W. M. Allan, local manager of the Admiral Line states.

Last year the traffic figures revealed that the number of travelers bound for California was much greater than the number of those making the northern journey to the city on the Admiral liners, but this year the situation is reversed.

Erstwhile Victorians returning to California after a holiday spent in their former homes have frequently been heard to declare their intention of returning to British Columbia as soon as possible to share in the increasing good fortune of the North.

**WHIST DRIVE AND  
DANCE STAGED BY  
ORDER OF MOOSE**

The Moose Lodge staged another successful whist drive and dance in the Metropole Hall last night.

First prizes were won by Mrs. C. Murphy, on a cent with Mrs. Wigham, and J. H. Hickie. Second awards went to Mrs. H. J. Foss and Alfred Swanson.

Dancing followed cards, the music being furnished by the Westholme Orchestra.

Gillis Royer was master of ceremonies and the committee comprised Ralph Kiehbar, chairman, Sam Antous, Percy Cameron, N. Mussalem and A. Ohnesarg.

Mrs. Nations had charge of refreshments.
