PREMIER MACDONALD ON PROTECTION AND CAPITAL LEVY POLICY

Will not be Happy Until National Debt of Britain is Paid Off or Materially Reduced

LONDON, March 20. - Much importance is being attached to the statement of Premier Macdonald on capital levy and protection made during his speech in the House of Commons. The text of his statement regarding the two subjects follows:

"Capital levy is in exactly the same position as protection. cannot be enacted in this parliament. We shall not deal with capital levy. No change of that character can be made until a majority of the country is in favor of it. CAME BACK

Since Taking The Fruit Treatment · in "Fruit-a-tives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P.Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could not speak.

In the spring of 1920, I started taking "Fruit-a-tives" and soon the choking spells became easier and have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-tives" tablet every night. 25c. and 50c. a box-at all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.
