ST. ANDREW.S TEAM BEAT WAR VETERANS

Aggregate of Last Night's Second Division Billiard League Game Was 725 to 595.

The St. Andrew's Society came along last night and took the wind out of the sails of the Great War Veterans who had made a clean sweep over the Cold Storage team in the second division billiard league. Perhaps the Vets were tired after their effort of the evening previous. In any case, they only won one game and were beaten by an aggregate score of 725 to 595.

The individual results were as follows

J. Allen (St. Andrew's), 150; Percy Tinker (Veterans), 91.

J. Andrews, 150; Dr. West, 123

M. M. MacLachlan, 150; S. L. Warrior, 130.

M. Andrews, 150; C. L. Youngman, 101.

S. D. Macdonald, 125; E. Fenelon, 150.

FOR A FEW DOLLARS MANY ARE MADE HAPPY

The most uncomfortable creature in the world is the one who on Christmas morning receives a number of greeting cards from people who he—or she—forgot to remember. This Christmas more than ever before, private greeting cards are going to be in vogue. In order to get exactly the personal cards you want, be sure and make your selection now.

Sport Chat

The sudden advent of below zero weather in the interior this week has given the skating season an earlier start than usual. Due to the unexpected arrival of King Winter, the rinks had not been put in the best of shape in time but the sport of skating has been enjoyed in such places as Hazelton, Smithers, Telkwa, Burns Lake, Vanderhoof and Prince George during the past week and thoughts are now turning toward hockey. The most of the towns mentioned will have teams and the probability is that there will be some inter-town meeting as the season advances. In the meantime, things are being started at home.

Talking about hockey, it is beginning to look as if that is a sport which Prince Rupert people will have to content themselves with reading and thinking about. Although in many past winters, the subject of hockey organization has been more than once mooted it was only in one winter during the city's history that the thing ever got beyond the talking stage. That was in January of 1916 when unusually cold weather and a big spurt of public energy permitted the freezing over of a rink on the Market Square which was widely used for several weeks. As a rule ,however, there is not enough continuous cold weather to permit of hockey being developed here and, anyway, there is not a place to play closer than the Salt Lakes.

Denver is said to be the only city that has three-round boxing. Longer distant bouts, ten, twelve and fifteen round affairs, were offered until about two years ago, when the district attorney clamped down the lid on such contests. Later he granted permission for three-round matches, allowing a fourth round if necessary to determine a victor. The district attorney warned the promoters that contestants must not be paid more than $35. Mills longer than four rounds or those where the pugilists receive more than the stipulated amount he construes as "prize fights." The others, he contends, may be termed "boxing exhibitions" and held within the state law." Fans flock to the frequent three-round bouts.

NO MORE SUMMER SCHOOL GRANTS

Board Decides to Pay Miss Marsh and Miss Donaldson but Practice is to be Discontinued

The practice of granting $50 to teachers attending summer school is to be discontinued it was decided by the school board last night. Such bonus having heretofore been set out in the schedule it was decided, however to remit $50 to Miss Agnes Donaldson and Miss Etanda Marsh providing their applications were in order. Applications from Misses Macdonald, Mercer, Mills and Scott, who had taken the courses in 1923, were rejected on the grounds that the applications were not in order, notice not having been given to the board in advance of their intentions.

Trustee Rochester submitted a letter from the department stating that the municipalities were not expected to assist teachers in taking these courses. Provision was made for them by the department. In view of this, he was emphatically against the policy of the board making grants. Trustee Casey was in accord with this view and felt that the board had been deceived when it had first decided to make such grants. It was probably not known at that time that the government assisted the teachers taking these courses. Trustee Williams was also opposed to the principle of making the grants. The most of the teachers from here generally went south on their holidays, anyway.

Trustee Parker pointed out that, in the cases of Miss Donaldson and Miss Marsh, no assistance had been given by the government for they had gone to Bellingham to take special courses. In deciding that such grants should not be made in future, the majority of the members of the board felt, however that there was no obligation up to the present time in view of the fact that the grant had been offered in the schedule heretofore. Trustee Casey did not agree with this and was opposed to making grants under any circumstances. He voted against the remittance being made to Misses Donaldson and Marsh.
