

## TRAORDINARY MEETING HELD

bership Fee is Changed and New Classification for Contributors Decided Upon

ICAL MEN ON BOARD DISCUSSED

An extraordinary general meeting of the Prince Rupert Hospital Association was held in city hall last night for the purpose of amending certain of by-laws of the association. Mr. McTae, president of the board, was in the chair. The meeting was well attended. The various amendments came in for a good deal of discussion. Present at the meeting were T. Ross Mackay, A. S. H. Birch, secretary of hospital; Rev. G. G. Backer, Dr. Collison, T. C. McMeekin, E. E. Alder, Smith, D. G. Hart, past president of the board; H. Breen, W. J. H. Thompson, H. A. Rorie, C. H. Elkins, Waddell, Mrs. Morrissey, Duke, Percy Tinker and Webb. The amendment to section A of the by-laws of association that the membership fee be reduced from \$5 to \$3 was moved by A. Haines and carried by T. Ross Mackay and unanimously. The amendment that an additional clause seemed to be known as sub-section C of clause No. 1, that was contributing the sum of \$2 more, but not exceeding the support of the hospital, was known as "sustaining members" was moved by D. G. Hart, seconded by W. E. Collison and carried.

A proposed amendment of section A in the association admitting one doctor to the board of directors with powers came in for a good deal of argument for and against. President, D. C. McMeekin said that the by-laws at present provided that no medical man should be members of the board of directors. It had been suggested, however, in interests of the hospital that some of the medical profession be on the board.

**Not in Favor**

G. Stewart was opposed to the idea and said he did not believe there was a hospital in the place that permitted a doctor to be on the board of directors. To give them any powers would be a mistake, Dr. Collison favored the suggestion. J. H. Thompson could see why a medical man should not be on the board. He did not know what the custom about the hospital was a public

TIMBER SALE X 6188.

ed Tenders will be received by the Forester, not later than noon on the day of May, 1924, for the purchase of Licence X 6188, between Porcher and Curie Island, C.H. 4, to cut linear feet of cedar poles, 12 years will be allowed for re-measurement of cedar poles.

For particulars of the Chief Forester, or the District Forester, B.C., or District Forester, B.C.

TIMBER SALE X 6060.

ed Tenders will be received by the Forester, not later than noon on the 22nd day of May, 1924, for the purchase of Licence X 6060, to cut linear feet of cedar poles and timber, in an area situated near Skeena River, the time of the Canadian National Highway, Cassiar Land District. 12 years will be allowed for re-measurement of timber.

## Teachers to Tour Dominion

Included in the itinerary are Lake Louise, left; Vermilion River, centre; Nipigon, where children are seen hoisting the flag, and Banff, right.

To teach the youth of Canada about Canada and do the country justice it is first necessary that one should see Canada. That is the view of the Canadian Teachers' Federation and no one will question it. With the idea of correcting any deficiencies in this respect under which its members may be labouring the Federation, accordingly, has decided to make its trip to Victoria, B.C., for this year's annual convention as a personally conducted tour, lasting from August 4th to 12th and promising a very interesting and instructive programme for the pedagogues and their friends.

Arranged by Dr. A. E. Hardy, Vice-President of the Federation, and R. E. Howe, President, Provincial Association of Protestant Teachers, Quebec, in conjunction with the Canadian Pacific Railway, the tour covers as wide a field as is humanly possible in the time allotted. It will be made on a special train starting from Toronto and following the main line of the Canadian Pacific throughout. Stop-overs varying from a few hours to a day will be made at many points of interest along the route to give the teachers a full opportunity of seeing the sights at these places. Fort William and Port Arthur, the great inland grain ports of this country and the funnel through which Canada's huge crops pour out to feed the world. Winnipeg, the world's greatest grain market, and boasting the world's greatest railway yards in those of the Canadian Pacific, the bustling prairie cities of Regina and Moose Jaw, Calgary, the metropolis of the prairie provinces and a cow-town only a few years ago. Vancouver, the beautiful seaport on the mild Pacific coast which is forging ahead at almost terrifying speed—these are all entered on the schedule for prolonged inspection. A long stop will also be made at Banff Springs Hotel, the palatial hostelry in the heart of the Rockies where all the recreations provided, such as hiking, riding, swimming and mountain climbing, will be open to the

teachers. Lake Louise, called "probably the most perfect bit of scenery in the known world," will also be visited, lunch being taken at the Chateau there. The magnificent run through the Rockies to the coast will be made in daylight.

The entertainments arranged for the teachers include many automobile drives, a reception at the Twin Cities, luncheon at Winnipeg and Calgary and a reception at Vancouver, under the auspices of the local Teachers' Association in each of the cities mentioned, luncheon at Regina as the guests of the Premier and Government of Saskatchewan, followed by a drive around the city in automobiles provided by the Rotary Club. While in Moose Jaw, the visitors will also be taken for a drive by the local Board of Trade.

A special return trip under similar arrangements for those who care to take it has also been planned. Starting from Victoria, it includes the wonderful run through the mountains over the Kettle Valley Railway, the steamer trips over beautiful Okanagan and Koocanusa Lakes, through the heart of the fruit-growing country, thence to Lake Windermere, and by motor over the splendid new Banff-Lake Windermere Highway to Vermilion River Camp and Banff. Then come Edmonton, the prosperous gateway to Canada's rich Northland, Saskatoon, an important prairie city, Winnipeg, Kenora, Fort William and across the Great Lakes via the Soo to Port McNicoll and Toronto. This trip lasts from August 17th to 29th and includes a stop-over for dinner at Pentiction, dinner, a night's stay and breakfast at lovely Lake Windermere Camp, lunch at Vermilion River Camp, and a day at Banff, Edmonton, Winnipeg and Devil's Gap Camp, the delightful resort on the Lake of the Woods, near Kenora. The visits to the camps, the motor run through the mountains and the refreshing sail across the Great Lakes alone make this return trip infinitely desirable.

institution and the doctors represented a part of the public, Geo. Rorie asked if the medical profession desired to be represented. D. G. Stewart replied that during his tenure of office as president of the hospital board they had been given representation but without voting powers. The board functioned as a neutral party between the public and the medical profession and he felt it would be better to have the doctors outside the board.

D. G. McRae said the doctors did not care to be members of the board without having the power to vote and he thought it only fair they should have voting power on the board. Being one out of eleven members he did not see that they could get away with much. Outside of the board having the benefit of their advice the doctors would be assuming some responsibility for the conduct of the institution. D. G. Stewart remarked that the board got along very well without them in the past.

**In Favor of Idea**

T. Ross Mackay thought there was no grave danger in sight by having one of the medical profession on the board but he could see advantages. It was only a short time ago the board called upon the doctors for advice regarding the new X-ray machine. There was also the question of payment of moneys to injured workmen in connection with the Workmen's Compensation Board. He believed if they had a medical man on the board that he would be able to make a stronger representation to the Workmen's Compensation Board than other members could.

He was in favor of amending the by-law so that doctors could enjoy full privileges of membership on the hospital board.

T. McMeekin felt with D. G. Stewart. He considered the doctors did not give any more to the hospital than he did. Frank Dibble could not understand why the doctors did not take any more interest in the board than the power of voting. He deplored the fact that the doctors did not give the interest the occasion demanded. It seemed that they were not interested in the hospital from the fact that they did not have a vote and did not consider it was a fair viewpoint on the part of the doctors.

**Power to Change**

Geo. Rorie was in favor of the amendment to change the by-laws.
