Distinct Loss In Resignation Of Gouin.

With the resignation on account of ill-health of Hon. Sin Lomer Gouin, minister of justice, the cabinet of Premier Mac-the G.T.P. Development Co. as kenzie King has suffered a distinct loss. Having a long experi- to share of cost. At the instance ence in public affairs and a successful practice of the legal pro- of the Board, repairs had also fession behind him, the brilliant French-Canadian minister was been made to the Cow Bay road pre-eminently qualified for the post which he held and it will be by the provincial government. a difficult matter to find an equal to succeed him. It is to be hoped, however, that Sir Lomer's health will become so improved that he will before long be able to return to the realm terviewed the federal cabinet and of active political service in which he has so long and efficiently railway authorities on port deserved. Coupled with this hope comes another that Hon. W. S. velopment. . Premier King had Fielding, minister of finance, who has been seriously ill of late, expressed sympathy with any may not be required to give up his cabinet duties. With the move that would be made by the loss of these veteran ministers, the Federal cabinet would lose railway company towards the perhaps its two most able members and the loss to Canada's fulfillment of original G.T. executive administration would be serious indeed.

Weather Figures Were Misleading.

The record of 128.71 inches of rain having fallen in Prince Fred Stork, M.P. and F. G. Daw-Rupert during 1923 may give a very misleading opinion as to the son who made arrangements for port of Prince Rupert for actual pleasantness of the weather in this city. While official interviews and aided the delefigures are not at hand to verify it, the statement might safely gates in every way. he hazarded that Prince Rupert enjoyed as much if not more actual sunshine last summer than it did in any summer previous despite the fact that the total rainfall for the year was higher. of Sir Henry Thornton, presi- Buckley Bay. In addition there Having remembrances of the beautiful summer in their minds, dent of the Canadian National were some rail shipments East many residents expected that the total rainfall record for 1923 Railways, had been perhaps the from mills along the line of the when they learned it was really greater. The continuous precipitation during the months of November and December when nearly 50 inches fell was responsible for the high total. However, there is some comfort in the knowledge that while we might have had our heaviest year's rainfall in 1923 we also agreement of Sir Henry to reprobably had our highest total of sunshine in a year.

Parents More To Blame Than Children.

Helen Gregory McGill, Judge of the Juvenile Court in Van- to develop Alaska trade through conver recently wrote an article covering phases of her work the port. Sir Henry had also from which we quote: If mothers and fathers will not or can not promised to "take a shot" at an show children how to be upright and decent citizens, not only elevator when he went East. Arthe child is the victim, but the whole community suffers. Every rangements for benefit of the child has a right to a proper moral training, and in the juvenile lumber traffic had also been court where parents will not try to impart it, they can be pun- made including a reduction of ished for not doing so. Sometimes the child can not be taught rail rates from interior points to in its own home because the parents themselves are immoral or Prince Rupert. The promises of weak. So the work of the Juvenile Courts is first to show the Sir Henry, it seemed, were being way and then enforce the following of it under discipline and implemented as rapidly as good supervision. Child offenders are not called criminals, but delinquents, and they are tried entirely by themselves. The court is not an "open" court, the trials are private and no one outside had been given the superintendof the children, their parents and lawyers, if they have any, may he present without the permission of the judge. No names may he published without that permission, and practically it is never ing completed for an Alaska

> Agriculture in the district had tables from the south had given way almost entirely to local produce. A better system of handling Bulkley Valley beef had obtained. Further industrial activity was necessary in market expansion as far as the district was concerned.

Lumber Industry

In the lumber industry there had been a very marked increase in the district during 1923. The cut of saw logs had increased from 102,000,000 feet in 1922 to over 175,000,000 feet last year. Contracts were now being filled between Prince Rupert and Endako for 1,000,000 ties and from Endako east to the Alberta border there would be approximately another 800,000.

A total of 3.154,666 feet of lumber had gone through the Oriental markets during the year and the United States market had taken practically the

Price Changes of Dr. Chase's Medicines

> By increasing the contents of the boxes the cost to the user remains unchanged

HIS revision of prices affects only L three of Dr. Chase's Medicinesthe Kidney-Liver Pills, Nerve Food and Catarrh Powder.

In spite of the constantly increasing cost of doing business ever since Dr. Chase's Medicines were placed on the market many years ago there has been no change in the prices of these three medicines to the consumer.

It has now become absolutely necessary to make some changes, but this has been worked out in such a way that the cost to the user remains the same.

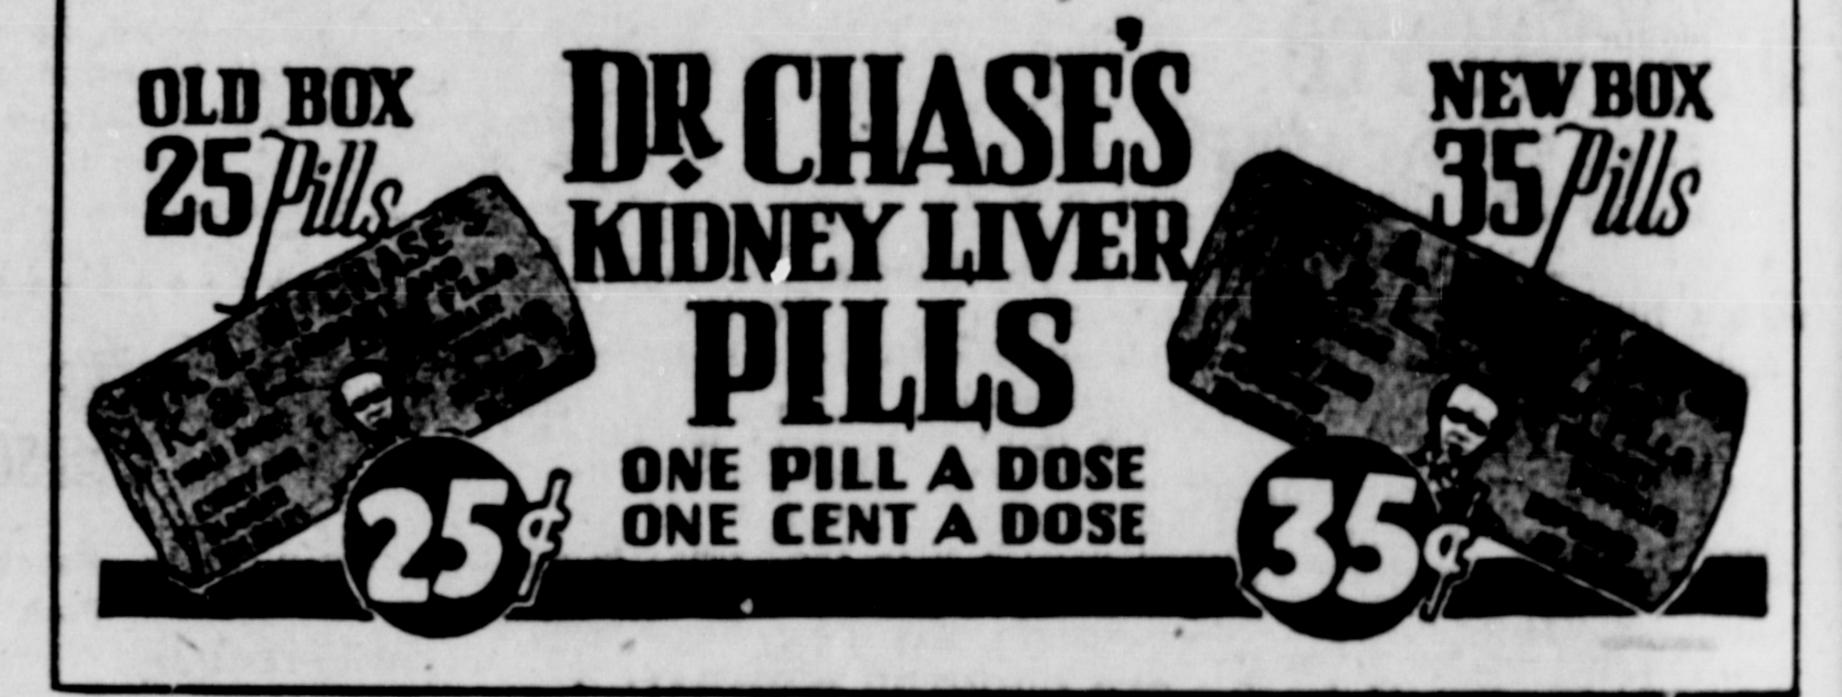

The slogan for Dr. Chase's Kidney-Liver Pills will therefore remain "One a copy free of charge. pill a dose One cent a dose," for while Bates & Co., Limited, Dr. Chase the price will be 35 cents instead of 25, Building, Toronto.

the contents of the box will be 35 instead of 25 pills as formerly.

The same applies to Dr. Chase's Nerve Food, which will sell at 60 cents a box instead of 50 cents, since the contents of the box is now 60 pills instead of 50.

With the exception of Dr. Chase's Catarrh Powder, which is now 35 cents a box, the prices of Dr. Chase's other medicines remain unchanged.

Dr. Chase's Almanac has now been mailed and distributed to practically every home in Canada, 1,550,000 copies, if you did not receive yours kindly advise us and we shall mail you Edmanson
