Motorship Bellingham Rescued Distressed American Fish Boat Yesterday

The American fishing schooner Harvester, which was reported by the steamer Prince Rupert to be in difficulties off the mouth of the Naas River yesterday morning, her machinery having broken down, has been towed into Port West Bromwich 2, Manchester Simpson by the motorship Bellingham, Capt. Len Williams, of Ketchikan.

DISTANCE IS LOGGED OFF

Master of Highlander Finds Rupert Much Nearer Yo kohama Than Vancouver

Reginald Beaumont, local C.G.M.M. superintendent, reported to the Board of Trade last night that the exact distance between Prince Rupert and Yokohama had been logged off by Capt. R. J. Fisher of the Canadian Highlander, and it was found to be 3,852 miles as compared with 4,-284 34 miles from Vancouver. According to Capt. Fisher the distance from Vancouver to Yokohama via Prince Rupert is only 50 4 miles further than from Vancouver direct. The last passage of the Canadian Highlander from Prince Rupert to Yokohama took 17 days and two hours including delays by fog and a stop at Tokio.

Biological Station is to be Established Here, Member of Board Definitely Announces

That a biological station is to be established at Prince Ruperi or in the near vicinity of the city was the announcement made to the Prince Rupert Board of Trade last night by John Dybhavn, member of the biological board under the department of marine and fisheries, on his return from Ottawa where he attended a meeting of the board. An engineer of the department will soon be here to select the site Mr. Dybhavn also stated. Telling of the meeting at Ottawa, Mr. Dynhavn stated that

it was an entirely new venture for him but it had been most interesting. The scope of the board was very wide in that it VESSELS ARE cerning the fisheries. Eight University professors and himself had attended the meeting so he felt like "a sheep among wolves."
