DAILY EDITION

Wednesday, Oct. 22, 1924.

Cow Bay Exchange To Be Voted On.

There is a proposal to come before the people for two waterfront lots to be given to the city by the Provincial Government in exchange for part of Cow Bay. The city council decided Monday that the people would be given an opportunity to vote on the deal. The mayor stated that the city needed the lots for wharfage.

It is understood that part of Cow Bay property will be handed over to the Canadian National Railway for yardage purposes, and that when they are ready, the bay will be filled in. That, in a nutshell, is the proposal and it will be for the people of the city to decide what they will do. This is not a political question or a matter for sectional strife but just a plain business proposition on which the people are to be the arbiters. It will lie with them to decide as they are the ones affected. Doubtless there will be some difference of opinion but the majority will have to decide the question.

Road To Connect With Provincial Highway.

Work is to commence soon on the first section of the provincial highway leading out of this city. A good deal of money has been spent this year on slashing the right of way and the next step is to grade it. The member for the district has given assurance that the work will be proceeded with and it is asked by the Provincial Government that the city do its part so that the larger section may be done without the handicap of having to take in machinery and supplies by water. The city is holding back until the work of grading begins on the provincial road. Whether this will meet the requirements seems uncertain. At any rate it is to be hoped that the work will not be held up through lack of civic co-operation.

Usual Reluctance To Register Votes.

There is the usual reluctance to register on the civic voters' list. People who do not take the trouble to register are usually the ones who do all the kicking when anything does not meet with their approval. To get a healthy civic government it is necessary for the citizens to take an interest in civic affairs. To have the right to vote is the first step and those who are not property owners must take the necessary step by going to the city hall and making the statutory declaration else their names do not appear on the roll.

Says John Wesley Was Evolutionist.

John Wesley was one of the first evolutionists, according to a book published by Dr. Frank W. Collier of the American University at Washington. While he did not adopt quite the attitude of the modern interpreter of the history of the ages, he spoke of the development of man from the rough ape and the process he describes as "the admirable progression of the works of God."

Are Opposed To Nationalization.

It looks as if the Liberals and Conservatives of Great Britain, being both opposed to nationalization of industries, are uniting their forces to defeat the project put forward by the Labor Government.

In Canada we do not look upon nationalization with much favor. We should prefer to have the railways owned and operated by a private company for we believe that better results would be obtained in that way. The race has not yet developed sufficiently to allow of the carrying out of socialist schemes with any measure of success. Possibly the time will come when this will be possible but at present all experiments along that line seem to have failed to measure up.

The Man in the Moon SAYS:-

IF a person disagrees with me, he has no sense; if he backs my opinion he is a Daniel come to judgment.

NOW! that there is no "putt, putt" on the harbor it is difficult to recognize Sunday.

THE people who complain of overwork are those who take all day to do a two hour job.

WITH halibut up to twenty-two cents wholesale and with deer scarce what we need here is a caribou trek.

VANCOUVER is looking longingly at Peace River and what she gets her eye on she usually gets.

JAKE says its quite in order for people to write to the papers about the iniquity of the mayor and council in suggesting the closing of Cow Bay.

THE New Zealand Premier is defying the League of Nations over the admission of Japanese to that country. He says they just can't come and that's all there is to it.

A GIRL is reported to have swallowed coins and jewellery and about everything she could get her hands on. Yes, and I've heard of others who swallowed statements that ought to have choked them.

ALICE ARM

The Abbotsford Logging Co. is still continuing logging operations at the mouth of the Hlilance River. In the past two months Eric Carlson has put 5,000,000 feet in the water. These logs will be towed to Ocean Falls.

J. T. Watson, who was seized with a stroke of paralysis some time ago while working at the Eric Carlson's logging camp, is progressing favorably at the Anyox Hospital but it will probably be a year before he is able to resume his work.

E. Sullivan, who has been engineer on the Awake for the past few months, left last week for his home at Quatsino Sound, Vancouver Island.

Mrs. Vail and her daughter, Miss Clothilde La France, left last week for Seattle where they will spend the winter. Accompanying them was J. Beaudin, Mrs. Vail's brother.

Walter Scrimgeour has arrived here from Prince Rupert.

Sid Davis, who has been engaged as first aid man at the logging camps during the summer, has left for Anyox where he has taken a position at the hospital.

William McFarlane has left for Stewart where he will spend the winter.

A shipment of 357 sacks of high grade ore was made by the Esperanza mine last week to the Anyox smelter.

Armistice Day on November 11 will be celebrated here with a banquet for returned men followed by a dance. S. F. D. Roe and George A. Young have been appointed a committee to take charge of arrangements.

CONCERT IS GIVEN BY GIRLS IN TRAINING

SMITHERS, Oct. 22. — A very entertaining concert was given by the Smithers group of the C.G.I.T. in the town hall on Friday night. The hall was crowded to the doors and if the applause given can be taken as an indication those present thoroughly enjoyed the various numbers on the program, which consisted of an opening address by Rev. M. A. Lees; chorus by the girls; recitation, Avis Wall; vocal solo, Dollie Carpenter; piano duet, Vivian Graham and Alice Smith; suffragette meeting playlet by the girls; solo dance, Dorothy De Voin; novelty chorus by the girls; flag drill; playlet, "Borrowed Babies" in two scenes, C.G.I.T. girls; and camp fire scene which included a number of solos, instrumental and vocal.

VANDERHOOF

Hon. A. M. Manson, M.L.A. for Omineca, in a communication to the local Board of Trade, states that an assistant public works engineer will probably be put in charge of the district which is in future to be treated as a unit in making appropriations.

A committee from the Board of Trade consisting of E. B. Smith, R. H. Moore and J. W. Paterson has been appointed to investigate the possibility of establishing an automobile camp in Vanderhoof.

Miss Amy Castle of Yorkshire-England, and Ralph Denison of Finmoore were married recently by Rev. George J. Gay. The couple will live at Finmoore.

A daughter was born on October 1, at Nelson, Lancashire, England, to Mr. and Mrs. Cecil Hartley of Vanderhoof.

H. M. Beach of Ottawa, the well known mining man who has considerable interests in the Omineca gold fields, has returned to this district.

Ten Years Ago in Prince Rupert

October 22, 1914.

As a result of steps taken some time ago by the city council, a test car of Yellowhead coal is now on its way to the city and arrangements are on foot for steady shipments of Alberta coal. J. O. Hanna, president and general manager of the Yellowhead Coal & Coke Co., is at present in the city.

"Buy a Fishing Boat" should be the business slogan in Prince Rupert said G. W. Nickerson in addressing the board of trade at the luncheon on the steamer Prince George yesterday afternoon. The speaker called for united effort in the development of the fish business here stating that, as wheat was to the prairies, so should fish be to Prince Rupert. G. R. Naden presided at the luncheon.

Almost on the same spot where the machine went over a couple of years ago killing J. A. Thomas, the fire truck again went over the edge of the plank roadway on Eight Avenue near Hays Cove Circle this morning. The chief, driver and two firemen were aboard but nobody was hurt and the machine was little damaged.

WRIGLEYS after every meal

Cleanses mouth and teeth and aids digestion. Relieves that over-eaten feeling and acid mouth. Its l-a-s-t-i-n-g flavor satisfies the craving for sweets. Wrigley's is double value in the benefit and pleasure it provides. Sealed in its Purity Package.

ARISTOTLE WAS THE FATHER OF SCIENCE

And he said "Nature makes nothing without a purpose." Man has been given and has taken a command over nature which on the whole has been for the benefit of the human race. He has not yet been able to find a beneficial use for every natural thing but he has made wonderful progress in subduing the earth and making modern life one of comparative ease and comfort. Probably the most important factor in making our lives comfortable today is an inheritance from nature, namely, coal. And man in his restless desire to discover the best has brought to the market Nanaimo-Wellington coal which is now recognized to be the best obtainable. This coal has some wonderful qualities—freedom from clinkers and rock—small ash deposit and powerful, lasting heat—equally economical in furnace, range or fireplace.

This coal is obtainable only at Albert & McCaffery's and the public will be well advised in order to make sure they secure Nanaimo-Wellington coal and not a substitute to phone their orders direct to this firm. Their phone numbers are 116 and 564.

SMITHERS

Miss H. Middleton of Houston, was a guest at the Bulkeley Hotel over the week end.

Inspector Parsons of the Provincial Police arrived in town Friday evening and spent a couple of days at local headquarters.

Business visitors from Topley on Saturday were Eric Fjstad and T. Skoyly, who came in for supplies needed in connection with the winter work at tie cutting.

At the lodge meeting on Friday the Oddfellows selected the various committees who are to have the work of making the arrangements for the Annual Ball, which is to be held on December 5.

James Adams left on Saturday morning for Hazelton and later intends going to California in an effort to regain his health. Mr Adams who was assisting in the local drug store of which his brother is the proprietor, has been confined to his home for several weeks on account of ill health, but is now considered well enough to make the trip to the Hazelton Hospital where he will take further treatment before leaving for the south.

STEWART

The Porter Idaho mine on the Marnot river, on which a very satisfactory season's work has been completed, has closed down for the winter and Clay Porter, the discoverer and manager, will leave soon for Victoria where he will arrange for incorporation of the property with head office at Stewart.

A strike of high grade ore has just been made on the Glacier Creek mine. The ore, which is liberally splattered with native silver and argentite, is said to be as rich as any that has ever yet been found in the Glacier Creek section.

Miss E. W. Maxwell, chiropractor, who has been practising in the district all summer, left last week for Chicago.

A. Halkett and J. B. Shawe have arrived here to make a survey of the Bear river flats for the federal department of public works. It is the intention to divert the mouth of the stream from the dock sites.

In spite of the bad weather conditions, construction of camps and development work on the Gold Cliff property — just back of Stewart—recently acquired under bond by A. B. Trites from William Dann, is proceeding rapidly. The mine will in future be known as the United Empire Mining Property.

Miss Cora Tollefson and Nels Osen of Stewart have purchased a half interest in the Butte group of mineral claims on the Alaska side of the Salmon River valley from John Menneghelo. The owner of the other half interest is C. W. Peterson of Stewart.

BLUE RIBBON TEA

In comparing BLUE RIBBON with other packet teas, do not compare it with tea offered at the same price.

BLUE RIBBON claims to be the best in Canada regardless of price, and a teapot test will make good this claim.
