## FORMER OFFICERS IN GERMAN NAVY FARMING

### What Sea Dogs Are Doing Now That They Have no Ships— Follow Various Lines

KIEL, Germany, May 22.—Former German naval officers to the number of 145 have become farmers. The land apparently has had a stronger call than might have been expected in the case of seafaring men. Eight of these officers became farmers in foreign lands, and the remainder are in the German republic. They are said to be happy.

There were 2,800 commissioned officers in the German navy when the war began. Of these 647 were killed and 462 were retained in the navy, which now consists of only a slight coast defense. Consequently 1,691 officers had to seek new vocations. One officer only got a foreign naval job; he became a commander in the Paraguayan navy. Banks and financial institutions gave employment to 98 ex-officers and a similar number went into municipal and state administrative offices. One former admiral is now a courier in the German Foreign Office. Fifty-seven ex-officers have become merchants. One hundred in all have gone abroad, half of them having become clerks. The professions of most of the others have not been reported.

These figures are supplied by an organization of ex-officers which has sought to find employment for its members.

It was discovered recently at the ancient Fountain House in Doylestown, Bucks County, Pennsylvania, by

## TRAVEL IN AUTOS

COLOGNE, May 22.—Cologne and the Rhine Valley recently sent a pilgrimage to Rome which made a much faster trip than the wayfarers who made the same journey in the Middle Ages under Emperor Henry IV. Neither did the pilgrims go bare footed and bareheaded. In all there were 300 automobiles and 500 motor-cycles in the Rhine Valley party which made its way through Brenner Pass to the plains of Lombardy.

## PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timbered and, carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be completed for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

## SHOOT INTO WINDOWS OF PASSING TRAINS

### Country Kids in Western Ontario Have Crimp Put into Their Pastime

FORT WILLIAM, May 22.—Country kids at Savanah, a small settlement 40 miles west of Fort William, indulge in a peculiar pastime after the farm chores are completed each day. They settle themselves on the brow of a hill and play hop-scotch with passenger trains passing daily, smashing the windows and throwing the passengers into confusion. The boys have organized themselves into a "Jesse James gang," and, armed with .22 rifles, have become adept at knocking windows out. They never miss the moving target.

The Canadian Pacific railway train arrived at the head of the lakes bearing a Chinaman who had been clipped on the forehead with a lead pellet from the gun of one of the gang. Magistrate Palling has left the city to deal with the boys and put a crimp in their pastime.

## QUIT RIDING ASTRIDE

LONDON, May 22.—Women equestrians are gradually reverting to the side-saddle when on horse-back, as they find riding astride develops muscles not good for dancing.
