WESTHOLME THEATRE

Tonight Only, Thursday, 7 and 9

"Unseeing Eyes"

A rugged, elemental melodrama of the Northwest. A stirring tale of adventure amidst the scenic grandeur and splendors of the Canadian Rockies. Unrivalled views of nature's wonderland. An aeroplane flight from Quebec to the snow covered wilds. Desperate villians, cut-throat half-breeds, a brave man and an equally brave girl. Thrilling fights and exciting climaxes.

Lionel Barrymore. Louis Wolheim, Seena Owen, Helen Lindroth and strong cast.

ESTABLISHMENT OF ELEVATOR HERE IS SOUND ECONOMIC PROPOSITION EXPERT ADVISES RAILWAY COMPANY

(Continued from Page 5)

for practically all points in Alberta and the movement via Vancouver has at all times been limited by lack of facilities. For the crop movement of 1923-24 there has however been no lack of Ocean tonnage available. At practically all times a number of boats have been lying in the harbour light for grain. On one occasion the writer counted eighteen large freighters waiting in Burrard Inlet to take their place under the elevator spouts. During the season charter rates to U.K. ports have advanced from 29s. per ton to 39½s. per ton for liner cargoes and to 40½s. per ton for tramp cargo, without checking the movement of grain.

The original Government elevator at Vancouver is still handling the entire movement, although an addition of 800,000 bushels storage capacity has been placed in operation and additions to the cleaning and shipping capacity have been made. It is expected that the second Government elevator at the Ballantyne pier will be placed in operation before September 1. Movement of 1923-24 crop through Vancouver is expected to exceed 50,000,000 bushels and will have been limited entirely by the handling capacity of the elevator. Rail shipment westward from Alebrta points have again been limited by a permit system similar to that in force for the 1922-23 crop.

Permanent Route

The grain trade now appear to be satisfied that the western route is of permanent importance and grain firms having large interests in Alberta, now realize the importance of owning their own terminal elevators at the Pacific Coast. Had it not been for the difficulty in obtaining suitable rail connection for locations were construction can be carried out at a reasonable cost, two or three large privately owned terminal elevators would now be under construction in the Vancouver district.

Considerable grain elevator capacity in addition to that now under construction is required before there can be a free movement of grain through western points. Until facilities will permit a free movement, it is difficult to determine where the dividing line for economical shipment will be located, but present indications are that it will be located somewhere in Saskatchewan.

C.N.R. Interest

Canadian National Railways are owners of practically all the harbor frontage of Prince Rupert as well as the more important harbor facilities, including the drydock. The establishment of grain traffic through this port would be of benefit to the railway not only through increased traffic earnings, but also by increased earnings that would naturally accrue to its port facilities.

The Canadian Government Merchant Marine operate a line of 12-knot steamers from Vancouver to the Orient. These boats chiefly carry westward a mixed cargo of lumber and grain. If both these commodities were available in sufficient quantity at Prince Rupert, it would appear to be in the interest of economy for the C.G.M.M. to make Prince Rupert the Canadian terminus for this line.

HEIR TO PART OF IMMENSE FORTUNE

EDMONTON, June 5. — Mrs. Thomas de Vesey Detlor, of this city, is one of the prospective heirs to the fortune of $500,000,000 left by the late Charles Christopher Springer of Wilmington, Delaware, who died in 1776, and whose will has dominated his heirs since that date, has brought forth other local claimants to a share of the fortune which is to be distributed this summer, according to information issued by the trustees.

Mrs. Cecil Race, wife of the registrar of Alberta University, and a cousin to Mrs. Detlor, also Mrs. C. S. Baker of 11316 96th Street ,her sister, have declared that they are entitled to an equal share of the estate.

Besides her sister in Edmonton, Mrs. Race has four sisters and two brothers, each of whom is entitled to a similar allotment of the fortune.

Altogether there are nearly five hundred claimants, it is understood.

James Munnis of the municipal utilities staff, who has been on a holiday trip to Vancouver, returned to the city on the Prince Rupert yesterday afternoon.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 10 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
