Crimean Veteran Praises "Fruit-a-tives"

MAJOR GEO. WALKER

Major George Walker, now a familiar figure in Chatham, Ontario, is one of the men who went through the terrible Indian Mutiny. As he says: "I am a veteran of the Crimean War and the Indian Mutiny, serving under Lord Roberts. Fierce hand-to-hand fighting and continual exposure left me a great ufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I was in terrible shape until I began to use 'Fruit-atives.' They relieved me both of the Rheumatism and the Constipation. Today, I enjoy perfect health-no more Rheumatism or Constipation."

And in another letter, written December 1st, 1923 (eleven years after), Major Walker says: "'Fruit-a-tives' are keeping me in the best of health and I shall never be without them."

"Fruit-a-tives" are the famous Fruit Treatment - intensified fruit juices combined with tonics-that make you well and keep you well. 25c and 50cat all dealers or from Fruit-a-tives, Limited, Ottawa, Ont.

The money

isn't half so important as the money you save. Millions of dollars are wasted on expensive, indigestible foods—foods that supply no nutriment because they are not digested. Shredded Wheat supplies the greatest amount of nutriment at the lowest cost and with the least tax on the digestion. Being ready-cooked it saves fuel, saves time, saves money. Two of these little loaves of flavory baked whole wheat with hot milk and a little cream make a perfect

meal. It is the most food for the least money.

"I I /HEN I happened an injury to my left foot," VV says Mr. Edward Whiteman, of 463, Notre Dame St., Lachine, Que., "it was painful enough, but didn't seem to call for special attention. A few days later, however, trouble began which I tried to check with poultices. But the sore got worse, the tendons became affected, and I could scarcely move about.

"PAIN & INFLAMMATION WAS DREADFUL until I was persuaded to put Zam-Buk on to the foot. I renewed the dressings at regular intervals, and gave the treatment every chance by resting the foot as much as I could. Zam-Buk drew soreness and impurity out of the wound in a surprising way and caused inflammation to quickly disappear. As a result, the foot went on steadily mending until perfectly healed.

"IN MY WIFE'S CASE poison and lancing comwound that wouldn't heal. So without telling the doctor she set her mind upon Zam-Buk. Sure enough, healing commenced soon after the balm was applied. Within a few days my wife could wear a shoe and the foot was soon made sound and strong again. In future we shall always keep Zam-Buk in the house. It really is wonderful."
