What Has Oliver Done For Province?

Someone asks what has the Oliver Government done for the province. What is his record? We thought everyone knew his record. For the benefit of those who have not had an opportunity of learning here are some of the things the present Government has to its credit:

Deserted Wives' Maintenance Act:

The maintenance of parents by their children; Adequate provision for widows and children;

Maternity protection for prospective mothers who are obliged to earn a living;

Protection of women and girls working in restaurants, laundries or other places where police consider it necessary;

Prohibition of employment of women during the night in any industrial undertaking;

Provision for validating conveyance of land or assignment of personal property from wife to husband, as well as husband to wife, without intervention of trustees;

That subsequent marriage legitimizes from birth children born out of wedlock;

A minimum wage for women;

Incorporation of graduate nurses, registration of qualified nurses, and for examination of nurses;

Protection of unmarried mothers, and children born out of wedlock;

The equal guardianship of infants;

Has limited the employment of children, and prohibited night employment of all under 18 years of age;

The proper care of neglected children;

The establishment of Juvenile Courts so that children may not be associated with criminals;

The detention and special training of sub-normal children;

The employment of dental surgeons and nurses every school day at the schools, and for free treatment of venereal diseases.

Attribute Everything To Politics,

It is difficult to get anyone to believe that anything is true just now. No matter what is said, people imagine that it is given out for its political effect. Certain people would have you believe that Doisy reached Tokio in order that the Oliver Government might get the credit for it.

What we venture to comment on is the interesting news that came through yesterday in regard to developments on Queen Charlotte Islands. There has been a steady growth of interest in those islands of late and in spite of the political calamity howlers, there is every indication that it will not only continue but increase immensely in the near future.

Queen Charlotte Islands are a part of this constituency and Hon. T. D. Patullo has always taken a keen interest in them. He knows as well as we all know that prosperity on the Islands means prosperity here. We congratulate the people there on the possibilities of the near future. This is not written for political consumption as the people there will not get this paper until it is too late to influence the elections.

"Back was Very Painful I am now Well Again"

Mrs. Wm. Walker, Webbwood, Ont., writes:

"I was sick for several months with my stomach, I had pains in the back, and how I used to dread wash day, for my back would pain so that I couldn't lie down when night came. I also had gas on my stomach, and my appetite was so poor that sometimes I did not care whether I ate or not. The doctor gave me medicine, of which I took a number of bottles without benefit. At last I started to use Dr. Chase's Kidney-Liver Pills, and although I have only used three boxes, I am quite well again."

PRESBYTERIAN CHURCH SPENT TWO MILLIONS

Report to General Assembly Recommends Budget of \$1,600,000 This Year

OWEN SOUND, June 10.—(Canadian Press)—Despite the prevalence of difficult financial conditions and of customs that do not contribute to the high ideals of life and service, honesty is still the outstanding characteristic of Canadian business men," says the annual report of the General Board of the Presbyterian Church in Canada, as presented to the General Assembly here today. The report, however, says that general concern is felt by Canadian Presbyterians "in regard to the Lord's Day." Reports received by the board from various parts of the country "deplore the tendency to make that day of selfish pleasure."

The General Board, which is charged with financial responsibility for the missionary, educational and benevolent work of the church, recommends to the General Assembly budget estimates for 1925 totalling \$1,600,000.

The report pays tribute to the loyalty and liberality of the people and their abiding interest in the things of the church. The financing of the work was rendered unusually difficult by prevailing industrial and domestic conditions. Nevertheless it is creditable to the church that the budget revenue exceeded the expenditures by \$30,000 and it was possible to reduce by this amount the accumulated indebtedness on the common budget fund, says the report.

Spent Two Millions

"It is noted that the givings of congregations for 1923 exceeded those of 1922 by \$17,000," the report continues. "It must not, however, be forgotten that this slight improvement in the financial situation is due in a considerable measure to the curtailment of the work. This involved the closing of mission fields and the reduction of the staff of workers. Retrenchment to the extent of \$100,000 in a single year is sure to result in spiritual loss to thousands of people."

"The total amount received from all sources for the maintenance of the missionary, educational and benevolent work of the church, including both the budget and the Women's Missionary Societies, was more than two million dollars. It is, also, noteworthy that the budget givings of congregations in 1923 exceeded those of 1915 by 56 per cent, while the cost of doing the same volume of work had increased approximately 75 per cent."

Estimates

"The board recommends to the General Assembly that the budget estimates for 1925 be fixed at \$1,600,000, apportioned to the various funds as follows:

Home Missions and social service ... 8 857,000
Foreign missions ... 557,000

IN THE PONY CLASS

A case having to do with a horse was being tried before Justice Darling and the plaintiff's attorney kept referring to the animal as a "horse." Justice Darling stood it as long as he could, then he said: "Mr. X, was the animal a large horse or a little one?"

"Oh, a little one, my lord."

"Then, Mr. X, for the remainder of the case let us call it a pony."—Boston Transcript.

REPUBLICANS WILL CHOOSE COOLIDGE

Probable Candidacy May be Settled on First Ballot

CLEVELAND, June 9.—With the disappearance of former powerful influences, and science taking a new and prominent part, the Republican national convention which convenes here June 10 will furnish some striking contrasts to the 1920 convention held in Chicago. Differing from the heated convention of 1920, which resulted in Harding's nomination, the Cleveland convention promises only a mild thrill with every indication of President Coolidge being nominated on the first ballot—an unusual occurrence in political history.

R. S. Sargent, Conservative candidate, opened his campaign in Smithers last night. Supporting him on the platform was Capt. George Black, Conservative M.P. for Yukon.

Mr. and Mrs. H. H. Oleson have left Smithers to take up their residence at Prince George. Their house has been purchased by W. H. Doodson.

Mr. and Mrs. Edgar Harris have returned to Smithers after spending some time at Chu Chu. Mr. Harris has taken a position in R. S. Sargent's store.

Ten Years Ago in Prince Rupert

JUNE 10, 1914.

Elaborate preparations are being made for the celebration of Dominion Day in the city. Last night an organization meeting was held and several committees as well as the following officers were appointed: President, Rev. Canon G. A. Rix; Vice-President, M. M. Stephens; secretary, Adair Carras; treasurer, T. D. Patullo.

The sockeye season will open on June 20 and all canneries in the district are preparing for it. Recent legislation will have the effect of cutting off a number of Indian fishermen.

Sir Wilfrid Laurier and Premier Borden had a tilt in the House of Commons the other day. The old Liberal chieftain accused the premier of making too many meaningless threats that he would go to the country.
