Those New Odd Shaped WRIST WATCHES

Some people are afraid to buy them because they think they might not run as well as the common shape.

The difference, however, is mostly in the case and trimmings as the wheels and working parts are the usual kind.

We have a girl's rectangular gold filled 15 jewelled watch, which is a good timekeeper, as low as $15.00 in white, green or yellow gold.

Other fancy shapes at the same price but we have others all the way to $85.00.

SANDY MACDONALD
SCOTCH WHISKY

Try a Bottle & Make a New Friend

"SANDY MACDONALD" is one of Scotland's rare old Whiskies. Once you taste it you'll know how "Soft," mellow and stimulating Scotland's best really is.

For many generations "Sandy Mac," as it is usually called, has been known all over Scotland—pretty well all over the world too—as a whisky that never varies in its high quality and reaches a degree of purity and "delicacy" of flavour that is as unusual as it is satisfying.

Drink "Sandy Mac" yourself and put it before your friends who know what is good.
