THE ORDER TO "CARRY ON"

The British Columbia lumber industry today asks merely for the order to "carry on"— to complete its job of placing this Province in front in the march of progress.

What our lumbermen have accomplished is written very plainly across the history of British Columbia.

There is assuredly no community in the world that owes so much to a single business group as British Columbia does to its premier industry.

Pioneering in the truest sense of the word, the lumber industry of this Province has built up its cities, attracted trade to its ports provided millions upon millions of capital for its development employed a fourth of its population and furnished a third of its administrative revenue.

And now comes a badly conceived act of the legislature, dating back to the pre-war days of 1914, which, if unrepealed, threatens to nullify these magnificent efforts and set up an effective bar to a further advancement.

There is very much more for British Columbia's chief industry to attain, more communities to be built up and more foreign trade to be attracted. Further millions are awaiting investment in our forest industries and more revenue for the carrying out of public works can be later on legitimately levied on an expanded lumber output.

The most serious problem before this Province today is the settlement of the royalty of timber on a basis fair and equitable both to the public and to the industry that serves them.

This series of articles communicated by the Timber Industries Council of British Columbia.

CENTRAL CITY MISSION HOLDS GENERAL MEETING

Secretary and Treasurer Chosen Replacing Mrs. Isaac Lear Who Resigned the Position

A general meeting of those attending the Central City Mission was held on Thursday's evening, the following business being transacted—the Secretary Treasurer Sister Isaac Lear, read her report which showed that progress had been made spiritually, the financial statement showing a balance on hand.

The Sunday School report was read by its Secretary Treasurer Sister H. Scherk which showed its situation to be very satisfactory both spiritually and financially. Discussion took place as to a future gathering of teachers and scholars.

The secretary treasurer Sister Isaac Lear tendered her resignation on account of home duties finding it impossible at present to do her duty to both places successfully, this was accepted with regret by those present, a hearty vote of thanks being tendered to her for her past faithful services, this to be later given her in writing.

It was then proposed that the offices in future be held by two instead of one, Brother D. Scherk then proposed that Sister J. E. Stevens become treasurer and Sister Bunn secretary, this being seconded by Sister H. Scherk, unanimous endorsement following.

CARD OF THANKS

William Horn and family desire to express their sincere appreciation to their many friends for the kind expressions of sympathy extended in the recent sad bereavement.

ARISTOTLE WAS THE FATHER OF SCIENCE

And he said "Nature makes nothing without a purpose." Man has been given and has taken a command over nature which on the whole has been for the benefit of the human race. He has not yet been able to find a beneficial use for every natural thing but he has made wonderful progress in subduing the earth and making modern life one of comparative ease and comfort. Probably the most important factor in making our lives comfortable today is an inheritance from nature, namely, coal. And man in his restless desire to discover the best has brought to the market Nanaimo-Wellington coal which is now recognized to be the best obtainable. This coal has some wonderful qualities—freedom from clinkers and rock—small ash deposit and powerful, lasting heat—equally economical in furnace, range or fireplace.

This coal is obtainable only at Albert & McCaffery's and the public will be well advised in order to make sure they secure Nanaimo - Wellington coal and not a substitute to phone their orders direct to this firm. Their phone numbers are 116 and 564.

THE CORPORATION OF THE CITY OF PRINCE RUPERT.

TAKE NOTICE THAT:

1.—The Council of the Corporation of the City of Prince Rupert intends to construct a pavement fifteen feet wide, consisting of a mattress of timber over which will be placed a paving giving a depth at the crown of ten inches composed of broken stone and sand, on that portion of Atlin Avenue commencing at a point on the north boundary of 2nd Avenue where it intersects with centre line of Atlin Avenue, thence along Atlin Avenue as shown on the plans and profiles deposited in the Office of the City Engineer to a point eight feet east of the central line of intersection of 17th Street and Atlin Avenue, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work except such portion of the cost as is incurred at street intersections and at school property.

2.—The estimated cost of the work is $3,980.00, of which $1,321.59 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is $.2708312. The special assessment is to be paid in 10 annual instalments.

3.—Persons desiring to petition against undertaking the work must do so on or before the 29th day of November, 1924.

E. F. JONES,
City Clerk.

Dated this 25th day of October, 1924.

TIMBER SALE X 6556.

There will be offered for sale at Public Auction, at noon on the 24th day of October, 1924, in the office of the Forest Supervisor at Smithers, B.C., the licence X 6556, to cut 55,000 Jackpine Ties on an area situated about 5 miles southeast of Houston, Range 5, Coast District.
