Industrial Population Is What We Want.

What this district wants is people here to consume agricultural products. If those people come, there will be no difficulty in getting the farmers to grow what will be needed. Pola Negri to be Seen Here at End of Week in "Shadows of Paris"

The Pola Negri of "Passion" is to be returned in the Herbert Brenon Paramount production of 'Shadows of Paris," which will be shown at the Westholme Theatre at the end of the week. The star once more comes into her own. She is quite her old self as Claire, leader of the Apache bands of the Parisian underworld. Then there is Charles de Roche as her Apache lover, who is called away to war and falsely reported killed; Huntly Gordon as Raoul whom Claire, posing as a Polish war widow, i marries; and Adolphe Menjou as Raoul's secretary and friend-all JAPANESE 'QUAKE are featured and all give excellent accounts of themselves.
