town with some friend. The first part is easy. Dinner at a swell restaurant. But afterwards . . What will you do to carry on this business of having a good time?

Easy! Five cents. An evening paper. A glance at the advertisements Suggestion-agreement, and you're off!

You didn't go round to the different theatres, to be driven to an unsatisfactory choice by fatigue and time. If it's worth while to consult the advertisements about amusements, how much more worth while must it be when it comes to the spending of household money.

Read the advertisements. They place before you the full choice of the trustworthy goods in the market. They describe advantages, and give you full information before you have to stir out of your chair.. Pursue for every article you buy the method you use when it comes to amusements.

The way to be sure of what you buy is to buy advertised goods.

Reading advertisements is an education in better buying.
