The Short Heavy Figure

AN *extra* inch sideways shows terribly when one is only five feet nothing, up and down! Gossard Corsets for the short and not so slim figure coax it as close as may be toward slenderness without sacrificing a jot of precious comfort.

Understanding your type is one of the most important aids to beauty you will ever find. Remember that whatever your figure may be there are Gossard Corsets with just the support *you* need at *your* age and weight to give you the proper proportions of the type to which you belong. Gossards are moderately priced, launder beautifully, will outwear two or even three ordinary corsets and will give you a comfort such as you never knew before.

Gossard trade marked Corsets as low in price as $2.50

"EVERYBODY IN U.S.A. SWEARS BY VICKS"

Friend of Saskatoon Mother Pays Remarkable Tribute

Mrs. James C. Wilkinson, of 1221 Avenue "A," North Saskatoon, Sask., writes: "My little girl was sick with a bad cold. While I was putting a plaster on her chest a friend of mine came in and said, 'Rub on some Vicks VapoRub. I asked her what it was. She had just come from the States and she said 'Everybody in the States swears by Vicks. Its just becoming known in Canada.' She says she always kept it in the house and strongly advised me to give it a trial. I did so, my little girl got well, and I must truly say the results were astonishing. I would not be without Vicks for anything."

Vicks VapoRub, the discovery of a Southern druggist, is a combination in salve form of Camphor, Menthol, Eucalyptus, Thyme, Turpentine, etc. It has been a popular remedy in the States for many years.

Absorbed through the skin, and at the same time inhaled as a vapor, Vicks reaches immediately inflamed ,congested air passages.

It is good for croup and all cold troubles—also for skin hurts and itchings.

At all drug stores, 50c a jar. For a free test size package, write Vick Chemical Co., 344 St. Paul St., W., Montreal, P.Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

WHY SALADA TEA IS PACKED AIR-TIGHT

Because tea deteriorates very rapidly if exposed to air many tests and experiments have been made to find an efficient means of packing it so as to preserve the flavor. The "Salada" Tea Company first used lead packages but some years ago adopted aluminum foil, aluminum being more durable and lighter than lead, besides, of course, being absolutely sanitary and airtight. This method of packing is admitted to be the most effective known to preserve the flavor of tea. All "Salada" is sold in airtight aluminum packages.

Waterfront Whiffs

(Continued from Page 5)

hush. On tiptoe Mac went below for his fowling piece and coming on deck proceeded to the pilot house, the window of which had been conveniently lowered by Jimmy. "Yes" said Mac "It's a fine big Black Canada and wounded at that." At the psychological moment the breeze turned the "goose" down stream much to the delight of Mac, who stood like a sentry in a trench with his artillery ready for action. Bang! went the artillery while the whistles of boats round about tooted a salute. It was then that Mac saw the joke. Naturally the daughter was long and loud. Mac, who can take a joke with the next, vowed vengeance upon the jokers, and as he has a memory like an elephant the boys are living in mortal dread of the day when their turn comes and Mac gets the laugh. Perhaps Mac will be kind enough to lip the fleet secret service off when his jubilee day dawns and then the Whiff man will take a turn at the other guys.
