POLITE LITTLE GIRL FROM PRINCE RUPERT

Nine-Year Old Jean Foster,
Formerly of Seal Cove, Gets
Prize in Los Angeles

Little Jean Foster, who started school in this city at the Seal Cove School and who is a niece of Mrs. W. Cummings, Seal Cove, recently won a prize offered by the Los Angeles Illustrated Daily News in its polite child contest. A write-up about the little girl accompanied by her picture appeared in that publication a few weeks ago.

The following is a part of the write-up by Miss Muffet:

"When people bump into tiny Jean Foster, a third grade pupil at the Sixteenth Street School, she does not make some angry remark but says demurely: 'Excuse me, Please.'"

"I know because that is just what she said when I collided with her as she was leaving the school building where I was testing the pupils on their politeness. And so I chose her as today's polite child. Wouldn't you?"

"As a reward for her courtesy Jean will receive the most wonderful set of doll's kitchenware, including a tea-kettle, frying pans, skillets—everything that a little girl who is playing house needs."

"The fortunate child who is nine years old, lives at 1227 South Los Angeles Street. Anyone could tell by watching her how carefully she has been reared, so sweet and gentle are her manners."

SMITHERS

A deal is under way for the purchase of Charles Shields' bakery by Frank Newell of Edmonton.

While Neil Lapadat and Tom Montgomery of the Glentana district were out rabbit hunting last week, the former was accidentally shot in the jaw. He is recovering nicely from the injury.

The advent of a foot of snow last week was welcomed by the contractors of the district who are now rushing deliveries from bush to rail.

Mrs. F. V. Foster is recovering satisfactorily from a recent attack of blood poisoning.

Thirty men walked out of the tie camp of Keefe and Bostrom at Francois Lake yesterday.

W. M. Tufts, who is to enter partnership with L. S. McGill, the local lawyer, was here last week en route to Burns Lake where he will open his office.

THE LANDLUBBAH

Rastus, on his first ocean voyage, was feeling the pangs of sea-sickness.

"Ho, ho!" taunted his companion, "You are a landlubbah, fo' sho."

"Right, bay," said Rastus weakly. "An' I's jes' findin' out how much I really lubb it."—Everybody's Magazine.

WOMEN HEAR RAILWAYMAN

Sir Henry Thornton Tells Win-
nipeg Canadian Club of His
Problems

OVERCOME DEFICITS

Members Pledge Themselves to
Stand Behind President of
National System

WINNIPEG, Feb. 22.—Pledging the Women's Canadian Club of Winnipeg to stand solidly behind Sir Henry Thornton, chairman and president of the Canadian National Railways, in his work of nation building and nation uniting in administering Canada's great railway system, Mrs. H. M. Speechley moved, and Mrs. John E. Botterell, seconded the hearty vote of thanks extended Sir Henry for his address to that organization yesterday afternoon.

Speaking briefly but earnestly on the importance of a constant effort being made to uplift the intelligence of the electorate and especially mentioning the fine patriotic work being accomplished by the Canadian Clubs in interesting the women of Canada in the political, economic and financial questions of the Dominion, Sir Henry wished the members a full measure of success in what they had undertaken and urged that "in these days when so much is said about education, let us not forget the sanctity of the home, for thereon depends the future of our Dominion."

Co-ordinate System

Sir Henry went on to deal with some of the problems of administering a publicly owned railway, pointing out that it was a curious fact that in all the countries that have thus far committed themselves to state ownership of railways, that condition did not come about because the people were enamored of state ownership, but was due to some economic or financial reason. The problems of the present administration had been to co-ordinate the railway, express and telegraph operations and put them on a basis that will overcome the annual deficits that have had to be paid out of taxes.

Sir Henry admitted the right of the Canadian people to ask an accounting of his stewardship, since taking charge for the government of the Canadian National Railways, going on to say, "I regard the chairman and president as the trustee of all of the people of Canada, and not the advocate or servant of any section, party or religious denomination. We are here to operate this business as well as we may by the people, for the people and in the best interests of all of the people of Canada from the Atlantic to the Pacific."

More and More Efficient

"Our net earnings in 1922 were slightly under \$3,000,000. In 1923 our net receipts were slightly over \$20,000,000, this is not sufficient to meet our capital charges but I maintain that it marks a fair degree of progress and holds forth a considerable hope for the future. This result was accomplished with an organization that had functioned for eight or nine months. Month by month we find that our machine is becoming more and more efficient and I venture to express the hope that before many months the Canadian National Railway will cease to be a burden on the Canadian people. Even now I venture to say that

MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

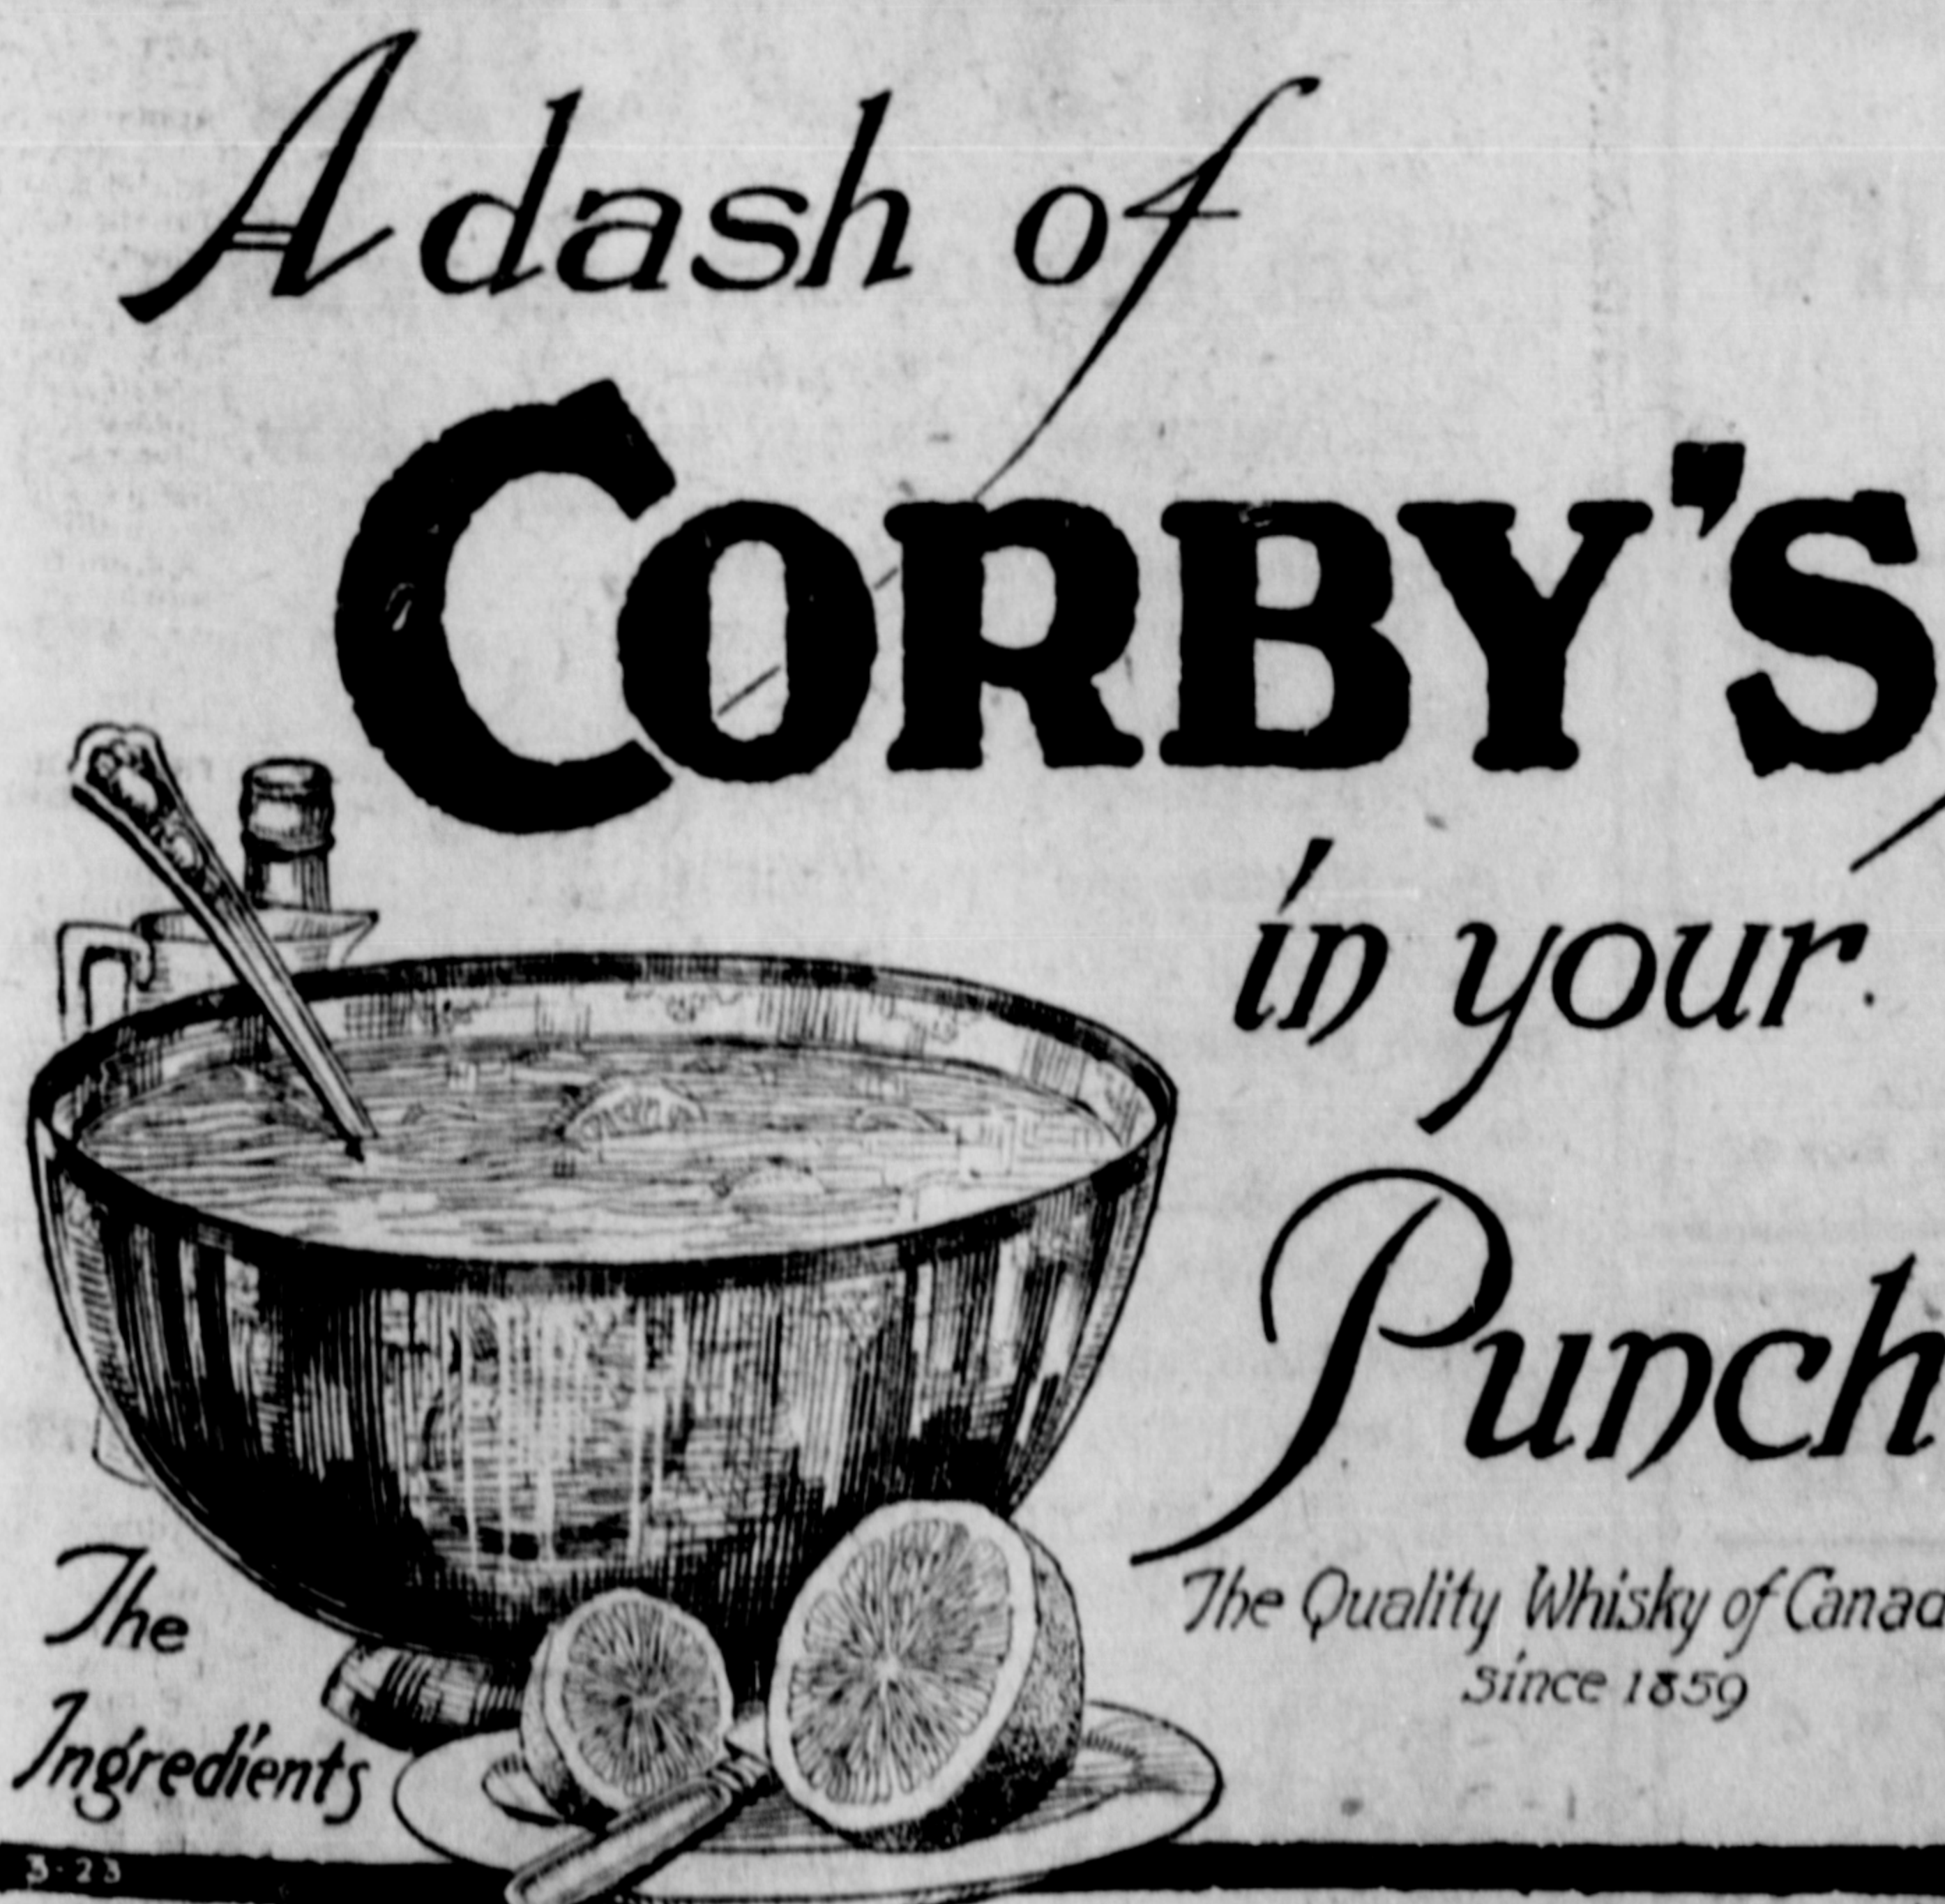

Mrs. E. Langdon, Kingston, Ont., writes:—"My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do for him. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results."

"I got a bottle, and after I had used it could see a decided improvement in him; after several bottles he was completely relieved."

"My boy is now two years old, and he has never had an attack of bronchitis since."

"As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders."

"Dr. Wood's Norway Pine Syrup is 35¢ bottle, the large family size 60¢; put up only by The T. Milburn Co., Limited, Toronto, Ont."

while the finances are under the supervision of the firm of chartered accountants representing the government. He said he could only hope that in the years to come the net earnings would be such that they will frequently excite suspicion of this kind.

A TERSE ANSWER ON PROHIBITION

WASHINGTON, Feb. 22.—Foreign governments asking their Washington representative for their opinion as to the effect of prohibition in the United States are being sent a terse report of twenty-five words. They are:

"The United States is divided into two classes with reference to prohibition—some who have a little still and those who still have a little."
