EFFORT TO FREE KINDERSLEY FROM ICE

HALIBUT SALES FOR AUGUST ARE LARGEST IN HISTORY OF PRINCE RUPERT

Biggest Halibut Month in History of Port was Completed Here Today

Sales Amounted to 3,842,500 Pounds Which was About Half a Million Over Those of July

More fish was marketed here during the month of August than in any previous month in the history of the port. The total sales amounted to 3,842,500 pounds, and this would have been increased but for the diversion of several large boats to Ketchikan during the week for cold storage purposes. July held the previous record with 3,388,000 pounds.

While a portion of the fish has been going into cold storage to be used during the close season, large shipments east have been made regularly.

Today there were a large number of small boats in with small catches, no fewer than seventeen craft selling 143,500 pounds. Three of the boats were American with 53,500 pounds. Sales were as follows:

American
Crescent, 11,500, to Pacific Fisheries, at 16.60c and 8c.
Vesta, 12,000, to Cold Storage at 16.50c and 8c.
Yukon, 30,000, to Royal Fish Co. at 15c and 6.50.

Canadian
Caygeon, 1,700; Bingo, 1,500; Mab, 1,500; Daisy, 2,000; and Dundas, 3,000, to Booth Fisheries at 13.80c and 7c.

Cape Spear, 7,000, to Booth Fisheries, at 13.50c and 7c.
Nuba, 7,500, to Royal Fish Co., at 13.90c and 7c.
Johanna, 10,000, to Cold Storage, at 13.50c and 7c.

W. T., 9,000, to Cold Storage at 13.80c and 7.50c.
Kitsen, 13,000, to Cold Storage at 13.60c and 7c.

Pair of Jacks, 8,000 and Tramp, 13,500, to Atlin Fisheries at 13.60c and 7c.

N. & S., 3,300, to Atlin Fisheries, at 13.50c and 7c.
Cape Spencer, 9,000, to Pacific Fisheries, at 13.50c and 7c.

INDIANS LEAVE TO WORK IN ORCHARDS AT YAKIMA, WASH.

A party of nineteen native men and women from Port Simpson sailed this afternoon on the Princess Beatrice en route to Yakima, Washington, where they will be engaged for the next three or four months picking apples and hops. They were headed by J. Bradley and have just finished fishing on the Skeena River. Mr. Bradley has orders for seventy workers but, though more natives will join the party when the Princess Beatrice calls at the Skeena, there will not be enough. This is the third year that Indians have gone south to work in the orchards of Washington. The Princess Beatrice arrived from the south at 10 o'clock this morning, called at the Prince Rupert cannery to load 1,500 cases of salmon, and sailed on her return south at 2.30 this afternoon.

WITHDRAW FROM GERMANY

PARIS, Aug. 30.—The economic withdrawal from the Ruhr is beginning immediately. In fact preliminary steps are being taken today throughout the Ruhr but without an order for military evacuation which will be issued tomorrow. Troops will not be withdrawn until economic evacuation is nearly completed.

WIRELESS FOR PRINCE DURING HIS STAY AT RANCH AND ON JOURNEY

Canadian National Railways Putting in Apparatus and Will Send Bulletins

MONTREAL, Aug. 30.—The Prince of Wales takes a keen interest in the affairs of the world and particularly the affairs of the Empire is well known. He is always found well informed on momentous subjects and does not as many probably think, judging from press reports, devote all his time to polo, steeplechasing, golf, swimming and dancing. Even when he is on a holiday it is essential that he should be kept posted on what is going on in the world. Having this in mind, the Canadian National Railways has, among other details of arrangement placed a radio receiving set on the private car Renfrew, which will be occupied by the Prince during his journey from New London, Conn., north to Montreal and then west to Calgary, Alta. This radio set will not only receive the usual program broadcast by the stations with which the radio fans are so familiar, it will be used for the reception of news bulletins specially selected as being of interest to His Royal Highness. These items will be culled from the news of the world and at specified hours they will be broadcast from the broadcasting stations of the Canadian National Railways radio department. The points from which they are broadcast will depend upon the zone in which the Prince of Wales is travelling at the time. Arrangements have been made by the Canadian National Railways for the installation of a receiving set at EP ranch while the Prince is at his ranch which is some distance from any telegraph office. He will be kept posted on the affairs of the day by means of this radio set. At specified hours of the day the Canadian National Railways Calgary radio station will broadcast these items which will include news cabled direct from London. Radio fans will be interested to know that the receiving set to be used will be of the super-heterodyne type with a loud speaker of the same type as that used in San Francisco during the visit of the late President Harding to that city.

Indian Treasure Hidden at Bon Echo

Rock at Lake Mazinawe, Eastern Ontario where millions of dollars worth of silver bars were said to have been discovered in a cave. It is a sacred place to the natives and on it are curious undeciphered hieroglyphics in imperishable paint inscribed by an unknown people.

Lady Kindersley is Making a Desperate Effort Get Free of Ice; Sails set Engine Running

Aboard U.S.S. Boxer in Arctic, Thursday.—The Boxer was today standing by the Lady Kindersley with two launches and an Eskimo skin boat. The Kindersley is locked drifting in the ice field and was to have been abandoned. It is believed the Boxer will soon be able to take aboard the nineteen men of the Kindersley and 900 tons of supplies she carries for the Hudson's Bay Co. and the Canadian Mounted Police at Hershel Island. The Arctic of San Francisco, whose crew abandoned her has slipped from the close grasp of the ice into a little space of open water and her cargo, too, is given up for lost. Furs aboard the Arctic and Kindersley are valued at \$300,000 for each boat.

The gasoline schooner "Maid of Orleans" passed Barter Island on August 7. Fears are being felt for her safety. VANCOUVER, Aug. 30.—Word received late last night from the Lady Kindersley indicates that she is making a desperate effort to free herself from the ice, which has held her since August 2. The vessel has all sails set and the engines running in an endeavor to break through the ice. A northwest wind is blowing.

WOMEN DELEGATES ILL AS RESULT OF PTOMAIN POISON WORCESTER, Mass., Aug. 30.—Over one hundred women delegates of the American Legion auxiliary convention are suffering from ptomaine poisoning following a banquet Thursday. Of this number 25 are not dangerously ill but practically the whole 200 required medical attention.

GREAT BRITAIN VERY PLEASED

Adoption of Dawes Plan by German Reichstag is Heralded With Acclaim

LONDON, Aug. 30.—Adoption by the German Reichstag of the bills required to make the Dawes reparations plan operative registered a great though hardly expected triumph which is hailed in Britain as the complete opening of a new era of history of Europe's post-war policies. The event is heralded as a great victory inasmuch as it has been obtained without lessening the friendship between Britain and France.

MISS NORA KENNY

Elks' Candidate in the Carnival Queen Contest.

Armed Vessel and Men Bound to Wrangell Island to Hold it for Russia says Col. Broome

SEATTLE, Aug. 30.—Colonel Broome, advance officer for the MacLaren fight, told a naval officer here that a vessel named the "Red October" flying the Russian flag, carrying a company of infantry and armed with six pound canon was bound through the ice from Petrapavlovsk for Wrangell Island with orders to take all the inhabitants prisoners, seize all shipping and establish the Russian ownership of the island.

MOUNTAIN HIKE NEAR PACIFIC

Windstorm Tears Tent and Ladies Caught in Rain During Night

SLIP ON SNOWFIELD

PACIFIC, Aug. 30.—Mrs. M. Anderson and son Edward Anderson and Miss Mrytle Nelson C. J. Fletcher, executive secretary St. Peters, Minn., have just returned from a twelve days' trip into the mountains at the head of Legate Creek opposite Pacific, and report an enjoyable time. They were camped at timber line at about 5,000 feet elevation and had as their nearest neighbor Nels Thompson, Mrs. Anderson's brother, about three-quarters of a mile away.

During the night of August 24 there came up a big wind and rain storm. The wind caught the ladies' tent and ripped it in two pieces leaving the ladies out in the cold. They crawled under the shady side of a boulder until daylight and then hiked for brother Thompson's camp. Mr. Thompson hearing the noise thought "bear." When the ladies pulled open the tent flap, Thompson was standing in his shirt tail with an axe over his head and decks cleared for action. Fortunately there was no casualties.

Everybody Slips a Little

Miss Nelson had a narrow escape while crossing a steep snow field. Her feet slipped out and away she went. She started to shout "save me." Mr. Thompson with great presence of mind shouted dig in your heels and Miss Mrytle with equal presence of mind dug in her heels, otherwise she would probably be going yet.

Close to camp was a beautiful glacier lake and the ladies being pioneers on the mountain were given the honor of naming the lake and called it Peacock Lake. Lots of goat, bear, whistlers, grouse and ptarmigan were seen on the trip and everyone came back to civilization with regrets.

ALLEGED BAD MAN FROM OCEAN FALLS ARRIVES IN CITY

Joe MacDonald, facing trial on a charge of wounding with intent to evade lawful apprehension, was brought to the city from Ocean Falls yesterday afternoon and immediately came before Judge Robertson for election having been committed for trial by Stipendiary Magistrate Hill of Ocean Falls. The case was remanded until next week and will then be taken by Judge Young. Accused, in the meantime, is obtaining counsel.

MacDonald's trial is the sequel to the affray at Ocean Falls last week when Provincial Constable Arthur Collins was beaten up.

MEDICAL MEN HAD MEETING

Officers of Provincial Association Visiting City and Local Society Has Gathering

The occasion being the visit to the city of Dr. G. H. Vrooman, president of the B.C. Medical Association, Dr. J. M. Pearson, and C. J. Fletcher, executive secretary of the association, a special meeting was held by the Prince Rupert and District Medical Society in the St. Regis Cafe last night. Dr. H. E. Tremayne, president of the local branch, was in the chair and all the doctors of the city were present as well as the following from the district: Dr. A. E. H. Bennett, Ocean Falls; Dr. William Sagar, Port Simpson, and Dr. E. W. Ewart, Terrace.

The proceedings opened with a dinner after which papers on clinical matters were read by Dr. Vrooman and Dr. Pearson, general discussion following. The visiting medical men are being shown about the city today and will return south tonight. Dr. C. A. Egert is the secretary of the local society.

MANY TEACHERS FOR NORTHERN SCHOOLS

Prince George Brought Large Number of Pedagogues Among Large Passenger List

Many school teachers returning to their various posts in the district after spending vacations in the south were aboard the steamer Prince George which arrived in port at 3 o'clock yesterday afternoon from Vancouver. There were also a good number of tourists aboard and the usual number of local passengers so the vessel was pretty well filled up.
