Development of Plaza Park as a children's playground is to be resumed next week, it was decided at a Parks Board meeting last night. Work at the site was discontinued earlier this week, pending a review of finances.

Japs Charge US Officers With Theft

TOKYO (CP)—Japanese officials reported today that two United States officers stole more than £2,800,000 worth of diamonds, platinum and other valuables during the occupation. They were taken from the prefectural office at Sendai, northern Japan, according to the report made to investigating committee from House of Representatives.

The report said an American captain, a member of the military police, took away a large amount of platinum leaving only his scribbled signature on a piece of paper.

Occupation authorities recently turned back to the Japanese government tons of gold and silver and diamonds "frozen" when the U.S. troops landed in Japan in 1945.

No date has been set for the plebiscite on the telephone by-law.

In a review of moneys spent so far this year, Secretary Peter Lien said the Parks Board has spent \$5173 out of its \$9500 budget for 1952.

Of the total, more than \$1800 was for labor. From the budget of \$1000 for the development of McClymont Park, \$592 already has been spent.

In drawing up their budget earlier in the year, \$4000 of the budget was allocated for labor, with the remainder for work and equipment in parks and playgrounds.

BROTHER AIRME
STELLARTON, N.S. (CP)—Four brothers, the entire family of Mr. and Mrs. George MacPherson here, are serving with the RCAF as ground crew. The parents are proud of the boys, ranging from 18-year-old Douglas to 26-year-old Wallace, but "it's rather quiet around the house."

U. K. Extends Deadline For Lumber Shipment

Big Mill Destroyed By Blaze

NEW WESTMINSTER (CP)—The giant operations of Capilano Timber Company were levelled by fire this morning, leaving only a few small buildings some distance from the main plant.

Loss is estimated at between \$500,000 and \$1,000,000. Fire broke out in the chipper mill and spread rapidly throughout the plant.

Heat from flames was so intense that paint on automobiles more than 1,000 feet away was scorched.

Firemen were still on the scene at press time.

Canadians Get Visas By Fraud

WASHINGTON (CP)—The Justice Department said Friday investigation has established that about 100 Canadians who entered the United States and settled in the Detroit area obtained immigration visas through fraud.

Attorney-General James McGranery said deportation proceedings have been started in one case and other cases will receive "appropriate action."

The announcement said most of the Canadians involved had obtained their visas through misrepresentations made to the American Consulate at Windsor.

CCF Re-elects M. J. Coldwell

TORONTO (CP)—M. J. Coldwell Friday was re-elected president and national leader of the CCF by the party's national convention here.

There were no other nominations. Mr. Coldwell has been president and national leader since 1942.

Sabre Jets Down 19th Red Plane

SEOUL (CP)—United States Fifth Air Force said American Sabre jet pilots shot down another Communist MIG today, the 19th in six straight days of smashing victories against the Russian-built jets.

The Air Force also triumphantly announced, prior to today's battle, that not a single Allied plane was left in aerial combat in the last week. However, four were lost to enemy ground fire and four to unreported causes.

Swift Allied fighter-bombers today maintained a stepped up pace against Communist supply and troop targets in North Korea.

BC Men Held In Seattle Stabbing

MOUNT VERNON, Wash. (CP)—Five British Columbia Indians have been arrested here for the slaying of Pete Johnson, 51-year-old night watchman at the Pean Vining station near Conway.

Sheriff Harold Hinshaw said today the five admitted their guilt in signed statements.

The sheriff said the killing occurred last Wednesday night in a fracas after the men failed to obtain gasoline for their car from the watchman.

Father Held For Murder Of Daughter

KAMLOOPS (CP)—Kosakuro Masuda, 56-year-old handyman, Friday was charged with murder in connection with the bedroom shotgun slaying of his 17-year-old daughter, Mrs. Lily Bing.

Mrs. Lily Bing was slain in her bed Thursday by a killer who smashed out her bedroom window with an ax and blasted her three times with a shotgun.

No motive for the slaying has been advanced.

Even Judge Stumbles on New Word

LONDON (AP)—Judge Frank Powell was reading aloud from a report on a girl in court yesterday when he stumbled on the word "ambivalent."

He asked for the court dictionary but couldn't find the word in it. And no wonder, commented the judge. The dictionary was published in 1856.

Ambivalence, according to a modern psychiatric word book, is "contrasting emotions, such as love and hatred—one of which may be unconscious—experienced at the same time for the same person."

Japanese Naval Officer Supports British In Demand to Release Convicted Sailors

TOKYO (AP)—British demand for surrender of two British sailors convicted by a Japanese court drew strong support today from unexpected quarters.

Dr. Juji Enomoto, former top Japanese Naval lawyer, told a press conference it is against "international custom" for a Japanese civil court to try British sailors.

Other former naval officers agreed. Peter T. Stinner and Derek Smith, both 2-year-old crew members of the cruiser Belfast, were convicted by a Kobe district court of stealing a Japanese taxi and 1,700 yen.

Operator Savings Huge Even at \$10 Reduction

VANCOUVER—Deadline for shipment of about \$15,000,000 worth of British Columbia lumber to the United Kingdom has been extended from September 15 to October 31.

This was announced today by Ralph Shaw, vice-president of MacMillan & Bloedel, multi-million-dollar lumber firm.

He said the deadline was extended by the British Timber Control Board on condition that operators accept a loss of \$10 a thousand feet on lumber not yet shipped.

Another condition is that contracts be cancelled for railway lumber materials, such as ties, apparently required by the British prior to the original deadline.

Operators, however, received the news with glee. A spokesman said the operators will certainly accept the British conditions and consider they are getting off lightly with only a \$10 reduction from the \$35 price paid by the United Kingdom.

HUGE SAVING
The spokesman said the extension means operators will save between \$4,500,000 and \$7,000,000. This represents from 45,000,000 to 75,000,000 feet of lumber which was not shipped before the deadline because of B.C.'s prolonged woodworkers' strike.

The 45-day-old strike was settled on July 29. Notice of the extension comes only eight days after two B.C. lumber executives left Vancouver by air for London in an effort to forestall cancellation of the lumber orders.

At that time, exporters said the loggers' strike had caused a shortage of shipping and that it was impossible to complete shipment of orders to Britain by September 15.
