SEVEN YEARS OF GOOD HEALTH DUE TO "FRUIT-A-TIVES"

OWES THE SPLENDID FRUIT

MEDICINE DEBT OF GRATITUDE

Permanent Relief from Chronic

Constipation and Dyspepsia Of all the medicines today, there are none which have done more good and relieved such countless sufferers as the splendid fruit medicine, "Fruita-tives". Hundreds of people, after trying everything else, found relief in "Fruit-a-tives".

Mrs. Laura Alford of 28 Florence St., Ottawa, Ontario, is one who was brought back to health by this fruit medicine and wants others to have an opportunity of regaining health.

Mrs. Alford writes: "I feel it my duty to tell you the marvellous benefit "Fruit'a-tives" have been to me. For years, I was a martyr to Chronic Constipation and Dyspepsia. I have tried cathartics, salts and so-called vegetable laxatives but all were unpleasant and give no permanent relief. 91 Finally, I decided to try "Fruit-atives". I have been using "Fruit-atives" now for seven years, never have constipation or dyspepsia, and have been in the best of health ever since. My husband and children use "Fruita-tives" regularly."

A Ready Help For The Girl Who Needs Blood

URING the critical period between twelve and seventeen there is a special strain on the young girl's system which often leaves her in a weak run-down condition.

She becomes anaemic or bloodless.

The gums and eyelids as well as the complexion generally become very pale and there is weakness and lassitude.

Indigestion and constipation are usual.

There is shortness of breath, palpitation of the heart, headaches and irregularities of the vital organs.

These symptoms are also common to chlorosis in which case the complexion assumes a greenish tinge.

More blood is needed-rich, red, invigorating blood.

Since Dr. Chase's Nerve Food is the greatest of blood builders this is the treatment indicated.

The restorative qualities of Dr. Chase's Nerve Food have never been more certainly proven than in the treatment of young girls for anaemia, chlorosis and such ail-

ments which arise from a debilitated condition of the blood.

Since young girls seldom understand themselves at this age the responsibility rests with the mother.

The whole future health and happiness of your daughter may depend on getting through this critical period in good physical condition.

There is no question of Dr. Chase's Nerve Food being the most effective means of overcoming the anaemic condition.

It is only necessary to have a little patience and keep up the use of the Nerve Food regularly until the growing body supplied with an abundance of rich, red, life-sustaining blood.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. a box of 35 pills, instead of 25c. for 25 pills. Edmanson, Bates & Co., Ltd.,
